

Lakes, Sun, Sex, and Tulipas

It's been a while since the Kingdom of Tulipa girls allied with Azur Lane. Their strengths are among the elites, making them superb allies. Shortly after I made pledges with each member, I invited the three of them to the lake side for a joint celebration and appreciation for their hard work. Being a proud futanari commander, I try to look after my girls. Being the height of summer, a vacation to the lakes is the best way to keep up moral.

"Okay ladies. Let's set up here... So you can all relax your feet." I picked a perfect location for our towels, next to the water's edge. This gave us the best view and the quickest entry into the lake. But also a quick way to cool off under the intense heat. I wasn't the only one feeling the effects of the heat. Gouden, Evertsen, and De Zeven were feeling it too, obvious from their conditions. The sweat dripping down their bodies and the choice of footwear that the girls wore, confused me. The walk through the forest to get her was a long and strenuous one after all.

"Whew... That was a tiring walk. Wasn't it Commander? But it was worth it to walk alongside so much nature. No?" Gouden walked up behind me and wrapped her arms around my chest. Pushing her nose in to my neck, she took a deep breath before letting go with a long sigh. She wore her usual very revealing bikini and shear combo, bold given her huge, engorged, sagging breasts and matt of pubic hair peeking out over her panties. Her long blonde hair wrapped around her elf ears, framing her pink eyes. While her chubby body sat seductively over her clothes, with divine and thick curves. An elegant woman in looks and personality. However, she chose to wear brown ankle boots. Usually, these boots would work nicely with her outfit. But in this heat, I can only imagine the sweat she built up on our walk here.

"There are so many fascinating plants to explore up here. Maybe I should document them all... Well only if you'll join me Commander..." Sliding up alongside me, Evertsen's hand brushed against mine as she blushed, staring out over the lake. She didn't know how to express her love very well, but she showed it in her own ways. With a short, thin curvy body, she didn't have to do much to get noticed. Her soft tender breasts sat neatly under a very revealing dress which didn't leave much up to imagination. Matching her personality,

her long grey hair was neatly braided, framing her purple eyes and long elf ears perfectly. Much like Gouden, she also wore boots. Stylish grey boots which sat below her knees and matched her dress. This was the first time I had seen them wearing boots, it left me with many questions.

“My my. Evertsen is already trying to steal the Commander for herself. Even after we planned a wonderful surprise for our love.” With a motherly presence, I felt De Zeven’s warm sweaty hands wrap around my face from behind. Even with the sweat, they smelt fresh like flowers. She stepped out in front of me with a soft sway in her step and smiled with a doting expression. Wearing a revealing summer dress, her large perky and firm breasts stood on display. With a thin body and killer curves, her breasts were the icing on the cake. Long green hair and green eyes complimented her elf ears with the sex appeal of a doting goddess. An all-round loving woman who wasn’t afraid to show it. But even De Zeven was a mystery to me today, was this to do with the surprise she mentioned? Just like the other two girls, the sweat was running like a fountain down her body. Similarly, she was also wearing thigh high boots.

I sat down in the middle of the three girls who sat around me. Slowly removing my camisole, I let my breasts feel the cool lake air against them. Expecting the other girls to do the same, they refused, which was the last straw. Unable to hold my tongue anymore, I exploded. “Why are you three wearing boots? I don’t understand. I’ve never seen any of you wear boots before. Not to mention this heat is crazy for shoes like that. What’s going on?”

All three girls looked at each other with playful expressions before bursting out in laughter. Their giggles were soft and warm, like wind chimes in a spring breeze. The gentle giggling was interrupted as Gouden sighed deeply.

“We planned a special surprise for you Commander. Something sweet and sour. If you’d like. It’s about these boots.” Gouden stood between my legs looking down at me over her huge breasts and chubby stomach. She smiled with a playful expression before leaning forward and ran her hand down her leg. Her breasts hung in front of me, swaying gently from side to side, like two coconuts about to fall from the tree.

I watched closely following a bead of sweat run down her cleavage and drip off her breast onto my leg. That single drop was enough to make the space in my panties uncomfortable, bulging slightly. Gulping in anticipation, I awkwardly shuffled my hand over my crotch hoping nobody would notice.

Unfortunately, as Gouden was leaning over me looking at her boots, she caught sight of my panties. She looked up at me with a surprised look before licking her lips playfully. “I’ve not even got to the surprise yet. But you’re already hiding a tent. You have

quite the imagination don't you." Giggling, she returned her focus to her ankle boots and slowly began to unzip one. The steam rose from the fabric as her foot rose from the tight grip of the boot. Dropping it to the floor with a thud, she sighed in relief wiggling her toes.

My eyes widened watching her toes dance around in front of me. I couldn't help but lick my lips in anticipation. There was no way for me to hide my bulge, now sailing at full mast. My heart raced with every fantasy I could imagine.

Gouden ran a finger across the sole of her foot then slipped that finger into her mouth. Making sure my eyes were glued to her, she rolled her tongue around her finger seductively. "Are you ready for an unforgettable lake trip?" Taking my eager nodding as a yes, she pushed her foot into my left breast and guided me backwards.

Falling backwards, I landed on something soft. The fluffy pillow I landed on was De Zeven's breasts, who positioned herself behind me and wrapped her arms around my neck. Petting my hair gently she giggled softly kissing my ear before whispering. "Be a good girl Commander. Give in to us and feel our love~"

Spread out like a starfish melting into De Zeven, my cock was hard below my panties, my nipples erect below my bra. My hair messily spread across her body, I was ready to accept whatever the girls had planned for me.

Her sweaty foot glided up my chest from my erect nipple with little resistance. Tracing my neck with her toes, Gouden gently placed her soft sole on my face. Her tender skin pressing against my cheek was heavenly. The sour smell caught my nose as she slowly and teasingly moved her foot over my lips. A trail of sweat followed her movements as she buried my nose between her silky soft toes.

My mind went blank in an instant, the overwhelming smell set my body alight. A burning passion and desire fuelled me, licking my trembling lips. Looking up at Gouden's goddess-like body with her thick curves and huge breasts, a pool of precum formed on my panties, staining them.

She looked back at me with a wide grin on her face and pinched and toyed my nose and lips with her toes. With a soft giggle and a forceful shove of her foot into my face, she motioned for me to do as I please. "Be gentle. I'm a bit ticklish. You see. Heehee."

Taking her foot with one hand, I took in a deep breath gasping with the intoxicating smell. With saliva drooling out the corners of my lips, I hesitantly poked my tongue out. The sour and salty taste immediately overwhelmed my senses. Salivating wildly, I began to run my tongue up and down her foot, savouring the taste and remembering every wrinkle on her sole. Licking up her foot to her toes, I took her big toe into my mouth wrapping my tongue

around it. The whole situation was divine, my mind reduced to putty with the overdose of oxytocin.

Lost in the moment, Gouden giggled licking her lips before pulling her foot away. “Slow down darling. I want to savour this moment too.” Placing her foot on my chest, she slid it down and pushed between my soft marshmallow breasts, the sweat mixing with mine. Continuing down my body, her foot landed on top of my bulge, pressing against the wet patch on my panties. “Look how wet you are Commander. So naughty. So sexy. Mmm~” Sitting down between my legs, she slipped her other boot off with a struggle. Slamming her feet down on my cock, she slid my panties off in one swift movement. Her soft soles wrapped around my thick member coating it in sweat as I leaked precum like a fountain.

Suddenly, I felt De Zeven shuffling around behind me as she moved my head. My neck and shoulder were now resting on her supple breasts and my head hovered beyond. My confused expression was soon wiped away as she wrapped her arm over my head, placing her armpit on my face. “I hope you don’t mind the sweat dear. Now lick me clean my love.” With a soft doting smile, she pressed her soft armpit into my nose holding me still as Gouden gently stroked my cock with her feet.

With my mouth wide open and my tongue out I inhaled De Zeven’s scent, melting in her arms. Reaching up with my tongue, I licked her armpit with one long motion, taking in as much of her taste as I could. My tongue danced with the sour taste as my mind blurred with the pleasure. The sweat running down the bodies of these three beautiful women was hypnotising.

While I took a break from De Zeven’s armpit to breath, panting with the constant teasing from Gouden’s feet. I suddenly felt something small and soft pressing against my outstretched tongue. Opening one eye, I looked through the gap between my face and De Zeven’s armpit to see Evertsen’s foot on my face.

Pouting and blushing, Evertsen had her arms crossed looking away from me. With a soft quiet tone, she mumbled over her words. “D-Did you forget about me? Well... Don’t! My feet may be small. But they’re really tasty. You’ll see.” Evertsen had slipped her boots off and slammed her foot into my face. She stood over me covering my face with her foot alongside De Zeven’s armpit.

Now trapped within a triple dose of sweat and soft skin, I was in paradise. Gouden’s toes were wrapped around my shaft, slowly stroking me. De Zeven’s soft body and armpit held me like a warm blanket. Her armpit paired with Evertsen’s foot smothering my face, was intoxicating with nowhere to go. Left struggling to breath, I was forced to melt in this over stimulating situation gulping down sweat, moaning softly. Evertsen’s foot was indeed

delicious, an extra salty taste which caused my cock to pulse and twitch within Gouden's tight grip.

The smell of sweat mixed with the lake breeze was the definition of heaven. The sounds of muffled moaning and stifled excitement echoed through the trees. The sight of three curvy women working my body to their enjoyment had my heart racing. Tasting the mix of three different girls sweat dancing on my tongue had me salivating like a waterfall. So much soft body contact had my body lifted into the clouds as the sweat pooled on my face and body. Every sense was in an ecstasy fuelled, overstimulation making me twitch and pulse as I could feel my orgasm closing in.

Gouden's feet glided up and down my shaft with an audible squelch. She worked every inch of my cock, teasing and toying in time with my reactions. My moans became louder as the tip of my member swelled with the intense pleasure. Suddenly, she stopped, pinching the tip tightly. A broken gasp escaped my mouth looking down at Gouden through the cracks between the other two girls' sweat prison. "My my. Slow down Commander. We can't have you climaxing just yet. Plus. A denial is always hot." A wicked smile crawled up her face as she stood up. Pushing her right foot into the mix on my face, I could smell her sweat and my precum blending with De Zeven and Evertsen's scent.

The overwhelming smell was the last push which melted my body completely. Feeling numb, I slipped off De Zeven's wet body, collapsing on the floor. The three girls giggled looking at one another before looking down at me. Gouden and De Zeven knelt beside my head leaving Evertsen blushing as she knelt between my legs. Removing her bra, Gouden let her huge sagging breasts slap down on my face, smothering me. De Zeven did the same, pressing her large supple tender breasts into Gouden's pair. Two sets of divine breasts obscured my view, their scent and sweat flowing over on my face. Their skin so soft my face felt like it was being kissed by clouds.

Evertsen however, with her smaller yet still large and perky breasts, fidgeted on the spot with a bright shade of red on her face. She slipped her top off and let her breasts bounce softly as she stretched wide, fixing her hair. "Even with my great breasts. I'm no match for Gouden and De Zeven. However. I don't just research plants and nature. My research takes me down many rabbit holes." Her soft pouting expression soon lifted as a warm playful smile replaced it. She pinched her nipple pulling on it as her hand trailed down her thin body. Letting go, her breast pinged back into place with a satisfying wobble. Rolling her legs seductively, I watch her thighs closely as she sat between my legs and spread her own. Staring at her panties in anticipation of what she was trying to tell me was hypnotic. Giggling softly at my gaze, she covered her mouth with one hand as she removed her panties with her other. "You're such a naughty girl Commander. I haven't even told you

what I was doing. But you're already twitching down there." Her panties clung to her pussy as she tried to remove them, stuck to her labia by a thin layer of pussy juice. Finally letting go, her panties slipped past her feet with a trail of precum connecting them back to her pussy. Rubbing her fingers through her bush of pubic hair, she smiled with an embarrassed expression.

Even with my sight obscured by the two sets of heavy pillows on my face, I watched Evertsen with undivided attention. The way she moved her hands paired with her shy innocents had me yearning for her touch. Watching closely, I followed her fingers as she traced her stomach before pressing two fingers between her labia. Spreading her lips, a trail of juices bridged the two as a thin layer of smegma sat between them. Even with the heat, a small plume of steam rose from her hot pussy. An enticing sight which had me turned on and ready to go.

Shuffling forward, Evertsen grabbed my cock with one hand and leaned back. She bent it to its limit before sliding the tip between her lips. A small gasp escaped my mouth as the pressure tested my cock's durability. However, the tight situation only amplified the orgasmic stimulation I felt. Moaning softly, Evertsen alternated between grinding my cock against her pussy and slipping the tip inside her vaginal canal. Even with just the head inside her body, the feeling was incredible, and I could feel from Evertsen's pulsing pussy, she was feeling good too. Her moans and movements became sporadic the more of my cock she forced inside herself. She felt tight and tense, playing with my cock to ease the pain of forcing my thick futa cock deeper inside. Eventually working up to my full length, she moaned loudly as my tip hit her cervix, kissing it.

Reaching out, I grabbed Evertsen's arm and pulled her towards me. Stumbling forward she collapsed against my body, her breasts pressed against my chin with the other girls' breasts. My vision was now completely covered with a marshmallow wall of breasts. Supple, engorged and veiny, their breasts suffocated me along with their mixed sweat which pooled on my lips. Melting under their bodies, I could feel my mind a buzz with so much ecstasy. With Evertsen now bouncing on my cock with her hands buried in my breasts, I was close to an orgasm again.

However, Evertsen had other plans as she tightened her pelvis muscles and forced my cock out with a squelch. She looked down at it with a playful smile then up at me licking her lips. "Remember I said I was researching stuff? Well it was. Um. About sex. Something I wanted to try. But only with you." She looked back down at my member seemingly trying to work something out. Grabbing it firmly, she began rubbing my tip against her urethra. The soft tight hole kissed my cock as she began to push the head into her pee hole. The resisting force was agony for both of us as she screamed and I mumbled my gasps into the

layer of breasts holding me down. Slowly easing the shaft into her body, I felt her tight tube loosen as I pushed into her bladder. With a loud mix of pleasure and pain, Evertsen fell backwards collapsing in a heap with my cock buried in her urethra.

Launching myself forward with a newfound burst of energy, like a feral beast. Climbing over her, I lifted her legs above my shoulders and held her thighs firmly. Taking the lead, I started to thrust slowly exploring her tight hole.

De Zeven shuffled herself behind me and slapped my ass playfully. She began to kiss my bubble butt, tracing my cheeks before arriving at my anus and pussy. With a soft teasing giggle, she pushed two fingers between my labia. Listening to me moan and shake, she buried her head between my cheeks, pushing her tongue into my asshole. She took a deep breath soaking in my scent before thrusting her tongue deeper into my tight anus.

Gouden followed De Zeven's lead and walked over to Evertsen's head and mounted her. Swinging her legs over her, she sat down on Evertsen's face. Grabbing my face, Gouden buried it between her huge breasts. Reunited with that sour salty smell I had grown to love.

With my face coated in sweat, my two holes filled with De Zeven's fingers and tongue, and my cock pulsing and twitching inside Evertsen's urethra. I was sporadically breathing and thrusting loosely out of control with so much pleasure. My legs trembling with the overstimulation from an oxytocin overdose. Muffling my screaming moans into Gouden's chest I arched my back thrusting deeper and faster, closing in on a climax. Not wanting to end this pleasure I tried to ride the edge for as long as I could. However, De Zeven's fingers and tongue were carving out my anus and pussy. With one strong thrust from her fingers, De Zeven caused me to dig deeper into Evertsen's urethra. She screamed in pain tensing her pelvic muscles which was the final step to push me over the edge. With a violent burst, I climaxed from my pussy and cock at the same time. Squirted like a waterfall, I covered De Zeven's face with my juices. Pumping hot thick cum into Evertsen, I coated her bladder with my sticky seed.

De Zeven stumbled backwards landing on her back, which pulled me with her, landing between her breasts. My cock slipped out of Evertsen's urethra with a satisfying squelch, throwing cum over her stomach and chest as well as Gouden's lower stomach and legs.

Panting heavily, I looked up at Gouden who wiped the cum off her legs before licking her fingers. Through my tired hazy eyes, I could see the mischievous glow in her expression. With a strong sense of excitement and anticipation, my cock soon returned to full length as Gouden removed the rest of her clothes in front of me. She pulled off her panties and pushed her dripping wet pussy back down on to Evertsen's face. Rolling her hips over her

nose and lips, she moaned softly playing with her nipples. She seemed turned on more the closer I watched. Each time my cock twitched she moaned louder, leaking pussy juice in time with me leaking precum. Her breathing became heavy as her teasing hand movements became more forceful. I watched closely as her fingers pushed against her nipples until they began to penetrate them. Soon enough she was fingering her nipples, moaning loudly and biting her lip while looking down at me, yearning for my cock. Placing both hands on one nipple, she worked the leaking hole until it gapped, showing me the cavernous space which beckoned my cock. “Oh baby~ My engorged breasts need your cock. Let me show you an unforgettable pleasure~”

Leaning forward, Gouden smothered my cock between her sagging breast, disappearing into her soft skin. She teasingly grinded my member in her cleavage with a soft smile. Getting comfortable, she let my cock slip out with a trail of precum connecting to her skin. Taking my shaft in one hand with a firm grip, she worked her finger into her nipple once more. Toying with my wet tip, she rubbed her nipple against it watching my reactions.

Watching closely, I moaned and twitched as her nipple glided across my shaft. The anticipation and agony of waiting for her to push my cock inside was destroying me. My heart rate was fast and my mind was hazy losing focus with the pleasure. “F~uck Gouden. S-Stop teasing me. I need to feel you.”

With my words acting like a command, Gouden dropped her gaping nipple over the top of my cock. Her nipple wrapped around my shaft tightly like elastic. Pinching my member, I gasped with a mixture of pain and pleasure. However, Gouden soon removed my pain as she began to thrust her nipple up and down. Holding her breast firmly with both hands, she kneaded her soft skin while working my cock. The pleasure was overwhelming, her hand movements were heavenly, the inner walls of her nipple were divine. Gouden’s eyes narrowed with a doughy expression as she melted in my pleasure.

I threw my head back cupping my breasts, saliva running down my cheek. I teased my own sensitive nipples wondering what the pleasure must be like that Gouden was feeling. Slamming down on my cock, Gouden caused me to lose that thought. My mind went blank, only able to focus on the overwhelming pleasure. Gripping Evertsen’s legs tightly, my body wriggled and twitched under Gouden’s immense pleasure. I could feel the blood in the veins on my shaft being moved around with the deep suction of her nipple. The swollen tip of my cock aching with the cock ring like hold her breast had on me. This stimulation was more like torture the longer my member struggled with the pleasure. Letting out an echoing moan, I could feel myself getting closer to a second orgasm.

The pleasure coming from Gouden's nipple was plenty divine. However, paired with the sight of the moaning Evertsen wiggling under Gouden's pussy and De Zeven's breasts pressed against my neck and head where I lay. I was transcended to a level of orgasmic pleasure which reduced me to a moaning puddle of sweat. Gouden looked down at my sweat glazed body, turned on by my moans. Biting her lip she sped up her movements, looking directly into my doughy eyes intent on me cumming in her nipple.

My attempts to hold on to this high were short lived as I felt an orgasm coming. Launching my hips into the air, Gouden slammed her heavy breast down on my cock one last time. The force pressed my ass back against the floor with a violent thud. This was the final push I needed, beginning to shoot my thick seed straight into her nipple. Which quickly filled and overflowed cum down my shaft.

Slowly leaning back, Gouden lifted herself off my body. Her breasts held my cock tightly with a vacuum like suction. Finally letting go, her breast bounced firmly towards her body, spewing cum down her chest. My cock pinged back towards my stomach spewing cum on my chest and De Zeven's legs. Moaning loudly, Gouden let out a furious spray of cum as she climaxed on Evertsen's face. Her jet like squirt soaked mine and De Zeven's bodies, glazed in her juices. The sight and smell of cum soaked the air and painted us like a canvas.

The lake fell into a calm with the sound of breathing, both Gouden and I panting like dogs in heat. Evertsen was trying to catch her breath from her intense face riding session and urethra sex. De Zeven however, was just a passenger throughout this journey and laid behind me stroking my hair. She giggled playfully before slowly removing herself from underneath me. Gently placing my head on the floor, she looked down at me with a doting smile. Still clothed, still wearing her boots, she licked her lips while stroking her lower stomach. "I have something special planned for you too. Commander. But first, let's get cleaned off." She dropped clothes in front of me and began to seductively walk towards the lake. The way her ass swayed was hypnotic and beckoned me to follow her. However, I wasn't the first to follow her, as Gouden and Evertsen stood up and swayed their way into the lake too.

The sight of three naked sexy ladies stepping into the lake was fuel for my dying flame. Passion reignited as I stood up and chased after them, joining the three girls in the water at knee height. The cold water was a shock to our overworked, hot bodies. But with the cold came newfound energy. De Zeven waded over to me and wrapped one arm around my neck. Kissing me passionately, she pushed me down into the water with a forceful hand but a guiding arm. The lake sent a tremble through my body as my balls felt the cold. A gasp escaped my mouth, now sitting chest high in the fresh lake water with De Zeven kneeling

over me. The other two women stood over me with wicked smiles on their faces waiting on De Zeven's word.

De Zeven playfully licked the tip of my cock, despite the cold water, it was standing hard and erect. My tip above the water, twitching softly. "Wow Commander. You're still this hard after two rounds. It's impressive. Don't worry dear. I'm going to take care of you. Just one more round. You'll do it for me right? Make me happy darling." Gently rubbing her fingers through her bush of public hair. She slowly lowered herself onto my cock with a mix of gasps and moans. Tickled by the water but set alight by my cock pressing against her cervix. Her pussy hugged my shaft tightly as she got comfortable squatting over my legs. Once settled, she began to bounce up and down, the sound of splashing water echoed around the lake. Her huge ass caused tidal waves, rings of water crashing against the other two girls' legs.

The strange watery sex was a new feeling, an extra edge of enjoyment as the water flowed into the gaps we created before being pushed away with the trapped air in her pussy. Our body's pumping the water away from ourselves. Already so high with pleasure, I had completely forgot that De Zeven had something planned for me.

Planting one hand on the bottom of the lake, De Zeven leaned back rubbing her lower stomach once more. She licked her lips looking down at me with a wicked smile. "Are you ready for your surprise? How about you two ladies? Are you ready too?" I followed De Zeven's gaze as she looked at the other girls who both smiled back. They also licked their lips while rubbing their lower stomachs. Without allowing me a moment to think, De Zeven spread her labia which revealed my cock buried in her pussy. The divine sight was soon obscured as she began to pee. Pissing a hot stream of golden liquid over my face and chest. The heat countering the cold lake water like day and night. My whole body tremble with excitement and shock as her yellow stream soaked my skin. Suddenly, she slammed down on my cock, her pussy disappearing underneath the water. With a long moan, she rose up from the water, her pussy gripping my tip. She continued to piss, a surprising sight indeed as her hot liquid soaked my body again. She began to speed up her movements, bouncing up and down on my cock with her piss spraying over me periodically.

Both Evertsen and Gouden edged closer to me and spread their labia enough to see their urethra. Like clockwork, they both began to pee with two hot streams raining down on top of me. Mixing with De Zeven's stream, I was now under the combine pressure of three girls' golden shower. The feeling, sight, and smell only spurred me on, making me hornier. With De Zeven bouncing violently on my cock, it was only a matter of time before I was close to the edge again.

The sound of splashing water from De Zeven slamming down on my cock paired with the sound of three streams of piss. The smell of cum washing off my body with the golden shower which replaced the smell with something sour. With my brain a mush, I watched closely through doughy eyes. The sight of two girls spreading their legs over me and a third bouncing off my cock was pure ecstasy. But what had me ready to cum again was the divine feeling of De Zeven's pussy pulsing and working my cock. Like the heaviest addiction, this high was unlike any before. I knew I'd only end up chasing this high again, so I tried to hold on for as long as I could.

De Zeven however, had other plans for my cock. She slammed down on my cock with one hard and deep thrust, not allowing even an inch of my shaft to leave her pussy. Rolling her hips, she used her cervix to grind my tip into dust. Such a heavenly technique had me moaning loudly with my mouth open, catching the girls spray of piss in my open hole. A mistake which had me gagging and coughing on the sour taste. The sight only amplified De Zeven's enjoyment causing her to scream in excitement. Unable to hold on with her own intense technique, she climaxed with a violet squirt. Her hot piss stream soon turned into a sticky mess, covering my body with her cum. Her vaginal canal tightened around my cock, pulsing and twitching. Her orgasm overflowed into my shaft which caught on like wildfire.

Already close to my own climax, her full body trembling orgasm was the final push I needed. Firing my load up into her body with immense force, I coated her cervix with my hot seed. Cum flowed down her vaginal canal and spilled into the lake water around us. My cock pulsed and twitched under De Zeven's body for several minutes until every drop of cum had left my shaft.

De Zeven shifted her weight and collapsed forward on top of me. She wrapped her arms around me panting with a content smile on her face. Both Evertsen and Gouden knelt beside me and wrapped their arms around us. The four of us panted softly as a ring of sweat, cum, and piss diluted the lake water around us.

Taking our time, the warm summer's sun kept us warm as the lake water kept us cool. A perfect end to a perfect summer vacation trip filled with sweat, cum, and love. An eternal love which solidifies our pledges.
