

Ryokan by Tom Cartos

Background

The Ryokan is an ideal stop for travellers on their journey. Although simple in its furnishing and appearance, a comfortable, quiet night is all but guaranteed. So much so that even families are known to frequent them, choosing to avoid the rowdier inns and taverns favoured by adventuring parties and other less savoury folks.

Okami Chiyo runs this particular Ryokan, and her dedication to hospitality and the comfort of her guests is unparalleled. She will go to any lengths to ensure all in her establishment get a hot meal, a relaxing bath and a good night's rest. Those who get in the way of this endeavour are sure to incur her considerable wrath.
