Connor was a boy lost in Pornography. Highschool had been over for 3 years and he was still unsure of what he wanted to do with his life. On June 6th he turned 21 and decided to leave his Mom's house in search of a purpose.

His mom helped him pay for an apartment in a different city and instead of a purpose her continued to sink down into deeper porn.

2.  
"Feminization" was the topic that captivated him, and soon he started to develop cravings for becoming a Girl. ♡

3.  
He began to wear girls' clothing and grew out his hair. He no longer introduced himself as "Connor", he was "Connie" now. 🙄

8.  
Connie was getting bombarded by visuals, her mind was in a haze that she was waking up from. She was bent over a desk, she could feel a deep sting in her anus and she could see and sense mounds of thick blue hair cascading down her shoulders. She soon realized that she had been tied down to a desk and was undergoing some sort of "Brainwashing".

4.  
Her platform of choice went from Insta to Twitter and she went from following Beauty Bloggers to following Sex-Workers. 😊 One day she received a DM from a TGirl inviting her to a Party at The Unclean Hooves Nightclub. She lived alone, the Club was in her city and she was dying to meet a real Trans Girl, so she accepted the invite! 🙄

5.  
The Party-Night came and she met up with a stunning TGirl who told her to call her "GORGE", Connie thought it was an odd name, but whatever... They got to The Club, the Club security blacked out their phone cameras and away they went!

9.  
She wasn't scared tho, 😊 instead of fighting it she leaned into the visuals. They were erotic and stimulating. She embraced the Text, she embraced the Trance, for she had been searching for this for a very long time...

"SUBMIT"  
"SUCK COCK"  
"BE A BIMBO"  
"LIVE TO SERVE"  
"MAKE MONEY"  
"GET SURGERY"  
"WORSHIP JUGGANAUT"

10.  
SHE HAD FINALLY FOUND HER PURPOSE! 😊

"IT FEELS SO GOOD TO LOSE CONTROL & GIFT IT TO YOUR MISTRESS"

6.  
is what read on the wall of the Nightclub as a woman that clearly had had too much plastic surgery done approached Connie and offered her a pill.

"TAKE THE HAPPY PILL, IT'LL MAKE U FEEL GOOD!" 😊

7.  
Connie looked to GORGE and saw her drinking it down with some water, so she did the same.

Connor's Porn addiction resulted in him giving up his former life and severing ties with his family, prompting his loved ones to spend years employing private detectives in an effort to track him down, never giving up on the prospect of him still being alive.

Because of all the extensive plastic surgery and cosmetic procedures, "Connor" was no longer recognizable. His shift changed from simply admiring beautiful women online to actually becoming one. He gave up on his old identity & assumed a new one. He was Connie now, and the secret of his former life was safe at the Unclean Hooves Nightclub. Assuring him that no one from his old world would ever find him. "He" was a she now.

Uhhh.. God.  
I'm feeling so great!  
I can't believe how much money I'm gonna end up making tonight!

Instead of searching for pleasure, she now provided it to others. She had leveled up from just becoming a gorgeous woman to now making more money and gaining more notoriety amongst prostitutes, cam girls, pimps, and hustlas. Connie had reached her maximum level of sexuality, and she was genuinely elated for her new life and the new her. Nothing else mattered at that moment!

Have you seen this man?!

He vanished 4 years ago and we were given a tip that he was last seen in this club.
