Amaz2k12 - The Beauty Doctor

... so much space that I can pursue my secret passion in the basement the ultimate beauty ideal: a perfect bimbo woman!

But this time, I need to be more cautious. My experiments almost became public at the hospital ...

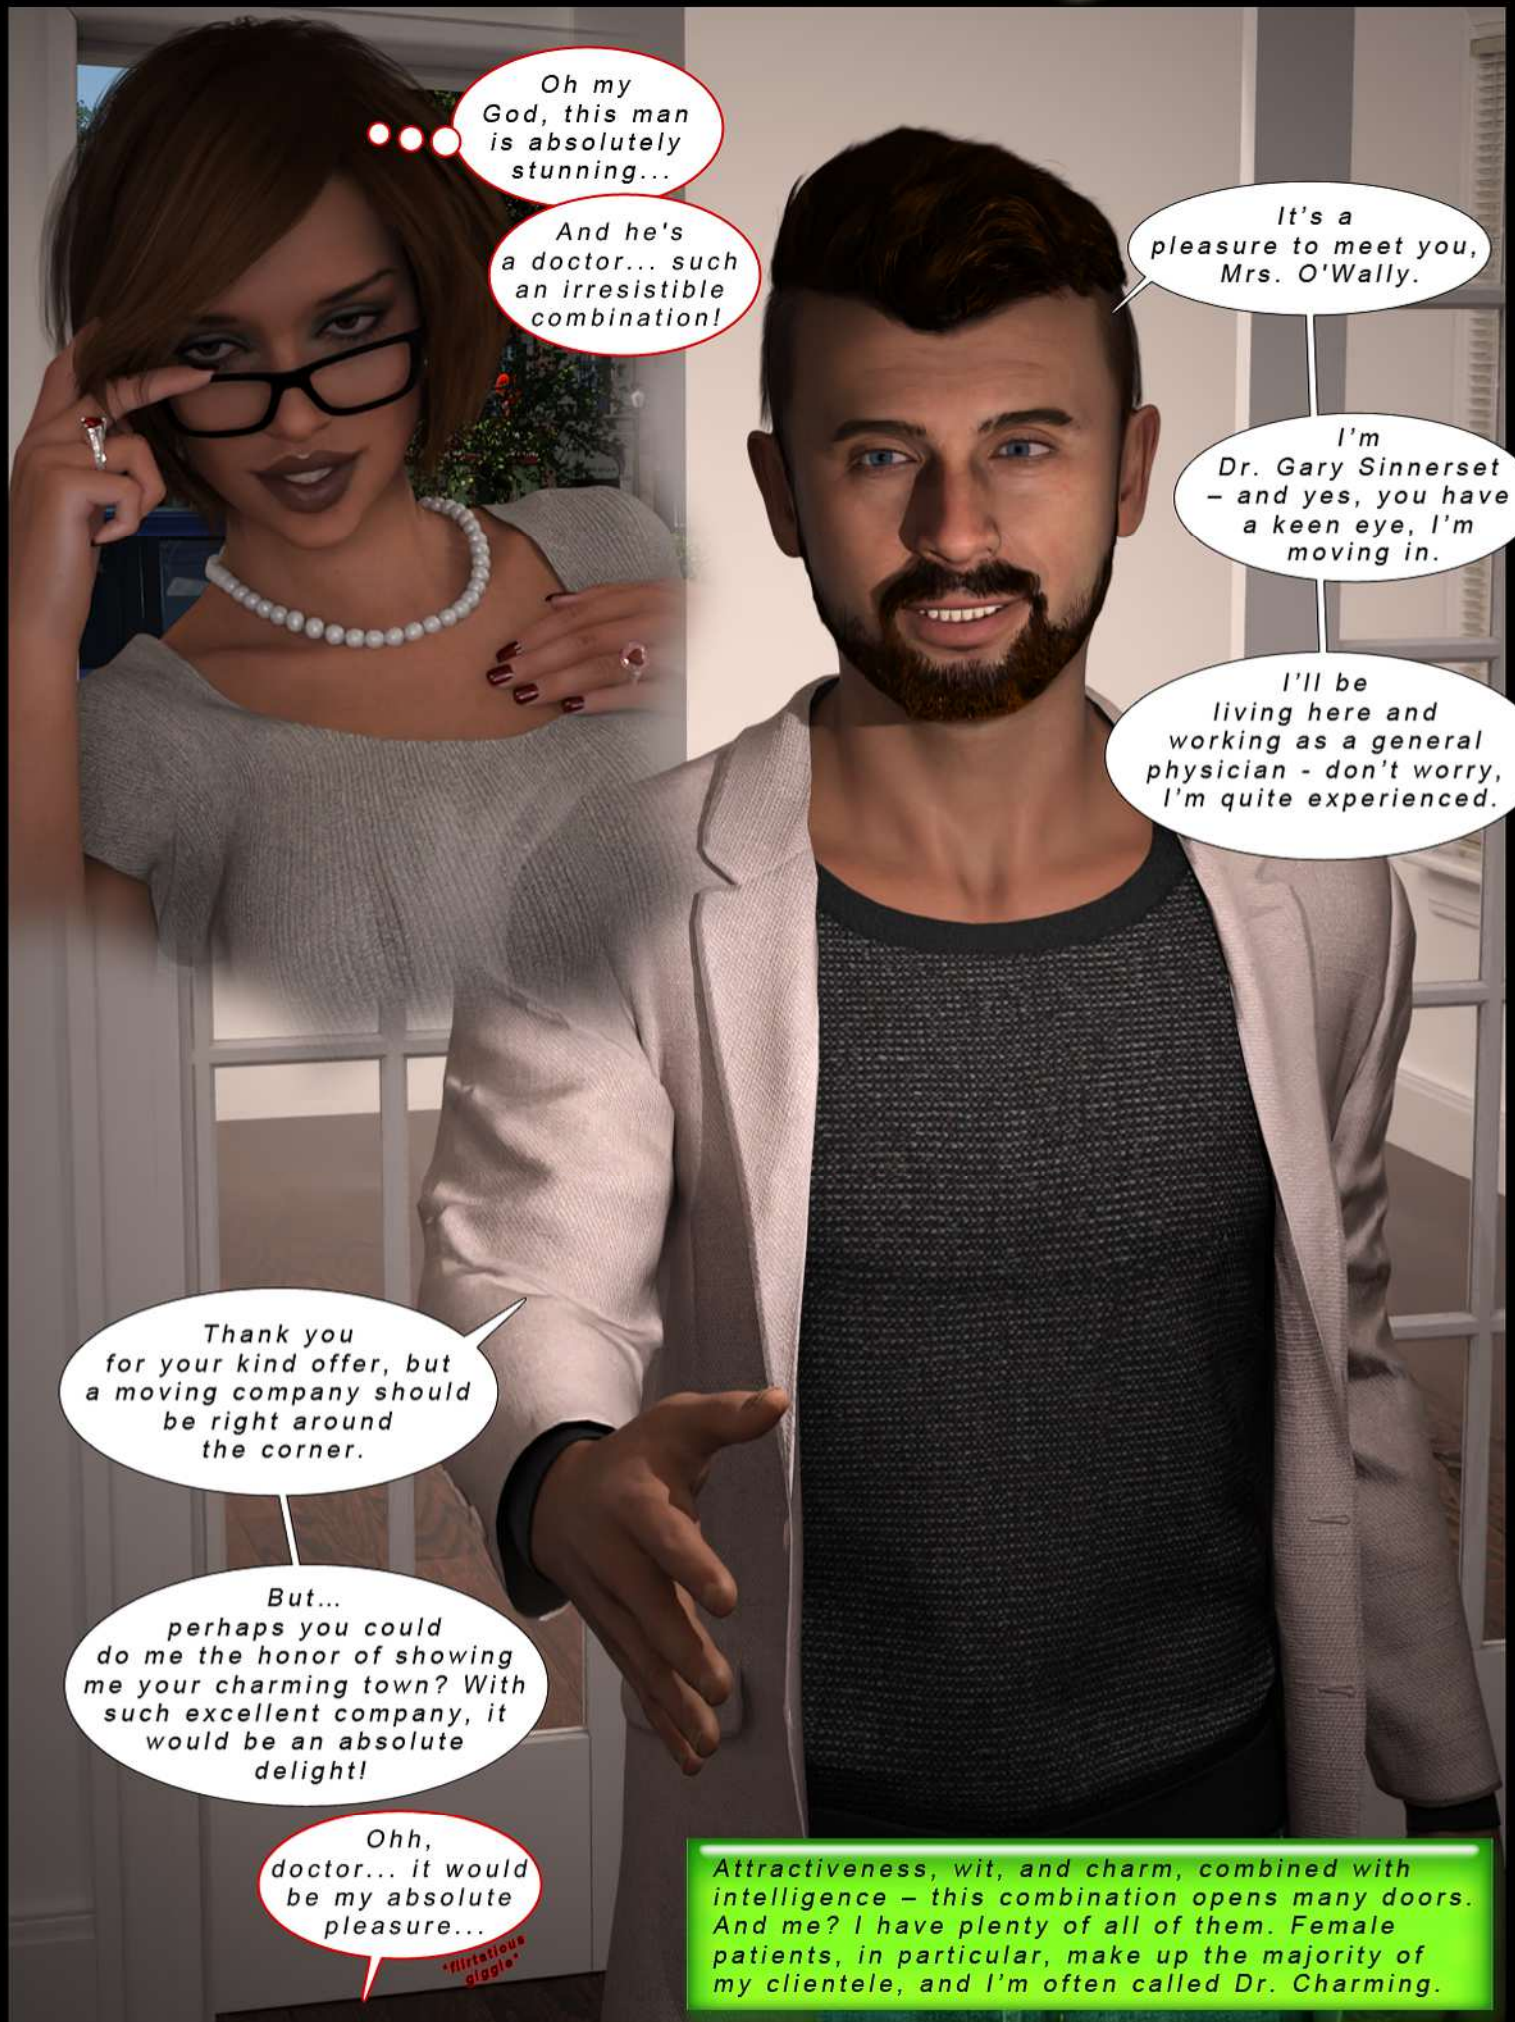

... which forced me to leave my prestigious position and move here.

Ah, but for now, let's focus on the present. There's someone ... a visitor.

Good afternoon! I saw you moving in.

I'm Eleonore O'Wally, your neighbor. Do you need any help?

Two weeks later: The house is set up, the practice is ready, and the first candidates for two open positions are being interviewed. Here are the two most intriguing applicants.

Amaz2k12 - The Beauty Doctor

It's a pleasure to meet you, Ms. ... Erna, correct?

It's a pleasure to meet you too, Dr. Sinnerset.

The second candidate: Erna, 46 years old, mother of a daughter. An experienced medical technician - impressive credentials but visually rather plain.

My reason is practical: Your practice is in town, which would save me the hassle of commuting every day.

I'd be ready to start in two weeks - if you've made your decision by then.

So, tell me: Why are you interested in working at my practice specifically?

Qualifications? Outstanding - she could easily hold a senior position in a hospital.

Looks? Her radiance has faded, but there's a certain grace that hints at past beauty. Intriguing.

For my tests? She might be ideal...

Caution - she's intelligent. I'll need to make her believe her experience is the only reason she stands out here.

The interviews are over, but Dr. Sinnerset has already made his choice. For him, though, this is only the beginning ...

I should keep a few applicants on standby. If I plan to influence the entire town, I'll need additional staff in the future ...

But these two women ... they're special.

... Laura: young, beautiful, a little naive. She'll be easy to mold.

... Erna: experienced, marked by life, but incredibly well - connected. A key figure.

Together, they perfectly fill the gaps my experiments require.

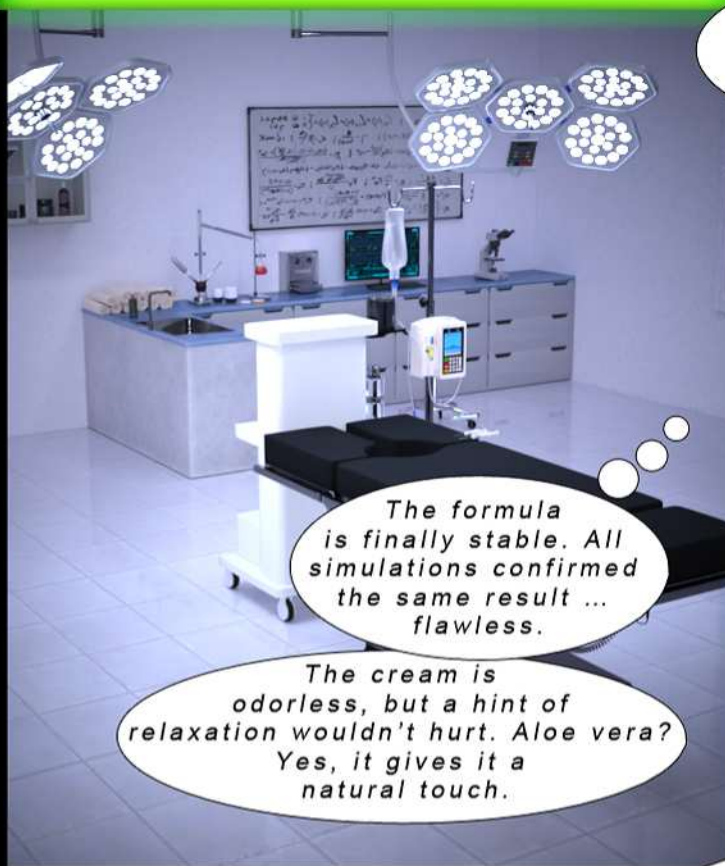

The Bimbofication transformations ... they will usher in a new era. But first, my lab needs to be completed.

That nosy neighbor ... Eleonore O'Wally ... also makes an excellent target. She still gets her milk delivered to her doorstep every morning.

Soon, the work will begin - and with it, my vision of ultimate beauty.

Amaz2k12 - The Beauty Doctor

Four weeks later ... deep in the doctor's secret basement lab, where his experiments are beginning to bear fruit ...

And the serum? I can't wait to see the results ...

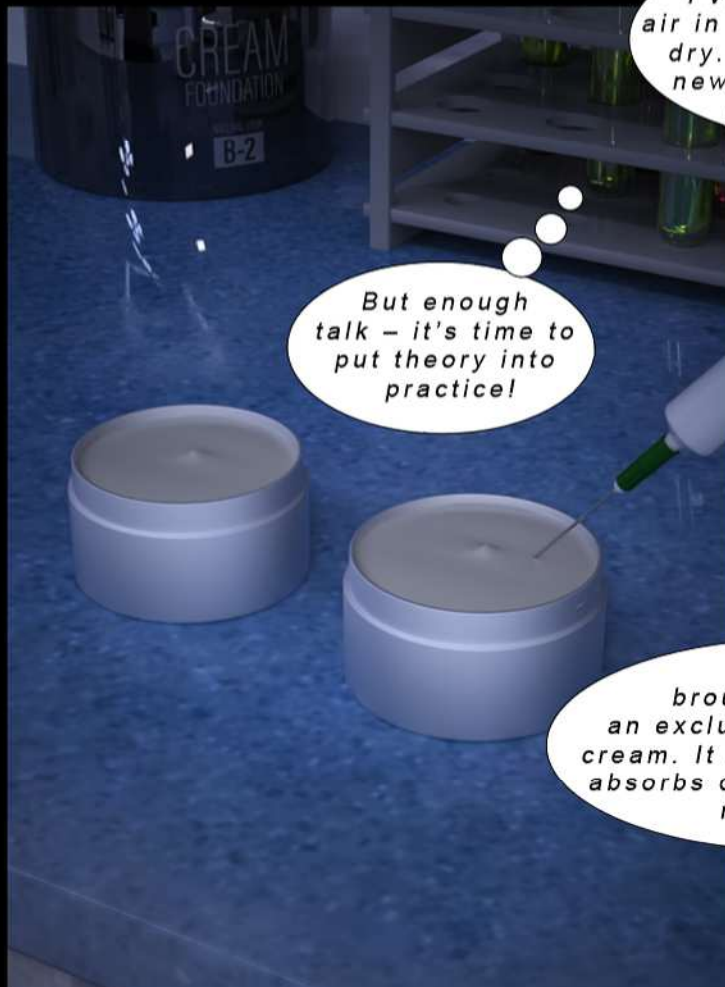

The formula is finally stable. All simulations confirmed the same result ... flawless.

The cream is odorless, but a hint of relaxation wouldn't hurt. Aloe vera? Yes, it gives it a natural touch.

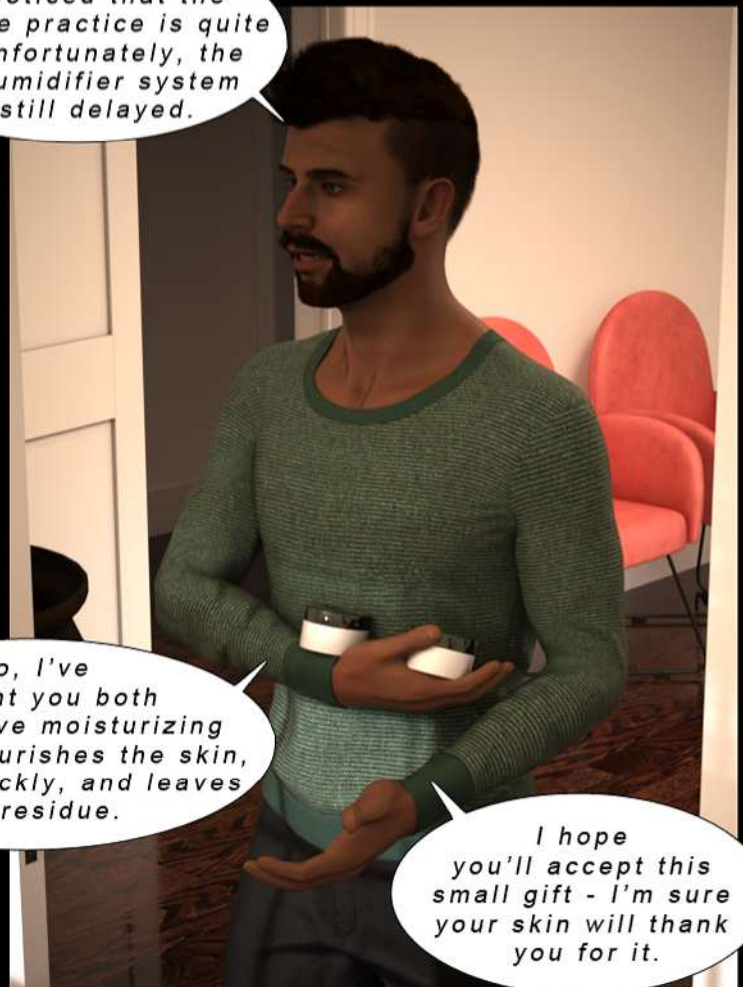

Erna, Laura - I've noticed that the air in the practice is quite dry. Unfortunately, the new humidifier system is still delayed.

But enough talk - it's time to put theory into practice!

So, I've brought you both an exclusive moisturizing cream. It nourishes the skin, absorbs quickly, and leaves no residue.

I hope you'll accept this small gift - I'm sure your skin will thank you for it.

Amaz2k12 - The Beauty Doctor

This new doctor is such a refreshing change. Good thing I managed to get out of my old contract just in time ...

Erna moves through her usual evening routine. Her husband sleeps peacefully on the couch in front of the TV, while she tries to shake off the weight of the day - days that feel increasingly burdensome with age.

... but enough about work. Marcy is quiet, and Harold is probably snoring away on the couch again.

But tonight, something feels ... different. The moisturizing lotion, seemingly ordinary, reveals an unexpected effect.

... and it feels amazing, too ...

Oh, this cream ... it smells absolutely wonderful. Definitely not the cheap kind.

It takes me back to when Harold and I were young ...

Feelings she thought she had long buried - desire, passion, a fiery spark - suddenly surge through her body.

... and passionate sex didn't need to be penciled into the schedule.

Her nipples harden as the cool lotion glides across her skin.

Amaz2k12 - The Beauty Doctor

Oh my God ...
what's happening to
me? This desire ... I
haven't felt anything
like it in years!

Not even
before menopause
was it ever this ...
intense.

When she steps out of the bathroom,
she wears something that had collected
more than just dust in her wardrobe. A
satin camisole, once bought with quiet
hope but never worn, now clings to her
body like a second skin. Her eyes
sparkle - a flicker of renewed energy
seems to course through her.

I feel ...
unbelievably wet,
like my pussy is
about to overflow.
How is this even
possible?

And this
nighty ... it looks
incredible on me. Why
did I let it sit in
the closet for
so long?

Phew ...
I'm so horny I
can't take it another
second!

Harold!
Darling, wake up
and get over here right now!
I ... I have something for
you, and trust me, you
don't want to
miss this!

Amaz2k12 - The Beauty Doctor

Oh my
God, Harold! It's
been so damn long since
we ... I mean ... I can't
even remember!

I never
really wanted ... well,
this piece of meat. It was
always more your
thing ...

Erna's husband lies naked as usual at this time of night, asleep in front of the TV ... his beer belly rising and falling in a steady rhythm. But Erna, overwhelmed with arousal, doesn't even notice. With a practiced grip, she reaches for his limp member ...

... but today?
Today is different. I'm so
turned on I can barely think
straight. This desire ... it feels
completely new!

... which quickly stiffens to full hardness. Before Harold fully comes to his senses, Erna mounts him, riding him like she never has before. This is one wake-up call Harold will never forget.

E-Erna?
Darling? Oh my
goodness ...

Harder,
Harold! Fuck me
like there's no
tomorrow!

Fuck me
like a slut!

... how many
times have I dreamed
of being woken up
like this!

With daily application, an astonishing side effect begins to emerge ...

Tuesday: Erna, 40 – fine lines fade, her skin begins to glow, and she feels more vibrant.

Wednesday: Erna, 32 – youthful energy returns, her movements are lively, and she exudes an alluring confidence.

Thursday: Erna, 25 – smooth, flawless skin, her body firm and toned, with perfectly sculpted curves. Her libido becomes almost insatiable.

Harold,
you're just pathetic.
Seriously, that was
embarrassing.

Friday: Erna, 21 – an irresistible blend of youthful innocence and seduction. But beneath the surface, a fiery passion ignites, breaking all boundaries.

You know
what? I'm going out
tonight. There are plenty
of guys out there who
actually know how to
handle a woman
like me.

So don't
bother waiting up – you'd
just be disappointed
anyway.

Erna isn't just getting younger – her desires are growing with an intensity that Harold couldn't keep up with as early as Tuesday. While she fully embraces her newfound lust, poor Harold is completely outmatched.

Amaz2k12 - The Beauty Doctor

The moment Erna orders her first drink, a confident guy makes his move. What he doesn't realize: he's just one of the many she plans to devour tonight ...

Teehee, thanks, handsome. But no, I'm not married. No ties, no baggage. Just me - free and ready for anything

You know, tonight I'm craving ... a lot. And honestly? One guy won't cut it.

So, what do you think? Can you keep up? Or should I move on to the next guy who can satisfy my appetite?

Hey, gorgeous! You're new here, right? Your boyfriend let you out all by yourself?

Let me buy you a drink. What's your poison? Something strong to set the mood?

You're so young, so hot ... there's gotta be a jealous boyfriend somewhere, isn't there?

What do you say? Let's have some fun tonight. I bet I can make it worth your while.

It doesn't take long, and just a few minutes later, suspicious sounds echo from the ladies' room at the bar ...

NEVER GIVE UP
NEVER GIVE UP

NEITHER DOES
ANYBODY ELSE

Oh God, yes! So deep ... that's exactly how I want it!

You're so damn hot, babe ... I knew you were special the moment I saw you.

Harder, Tiger! I want the whole bar to hear us!

Hold tight, I'm about to show you what a real man can do.

Oh yes, so intense ... I've never felt this alive before!

The faint rattling of their movements mingles with the bar's background noise, leaving it unclear if anyone outside suspects what's happening ... but neither Erna nor her partner seems to care.

Amaz2k12 - The Beauty Doctor

One week later – at the practice. Erna and Laura's behavior has become almost unrecognizable.

Oh no,
this is all wrong ...
I must've made a
teeny-tiny
mistake.

Both women exude an almost tangible,
seductive energy that noticeably impacts
their focus and professionalism.

Just one
mistake? Sweetie,
take a closer look! All you
dots are little hearts, and
the rest of the
form ...

Wow, Erna,
that's like a whole
gallery of doodled dicks!
Whoever sees this is gonna
have a good laugh!

You're
so naughty ...
hahaha!

Erna's biological rejuvenation seems to
have stabilized, and now the two could
easily pass as equally young sisters –
albeit very flirtatious ones.

Meanwhile, Mr. Miller, a patient, stares at the form in his hand, eyebrows raised, wondering if
he's looking at an art project instead of medical paperwork.

Amaz2k12 - The Beauty Doctor

Meanwhile, in Dr. Gary Sinnerset's office...

The cream is showing incredible results.

Simply fascinating - Erna looks like she just graduated high school...

... no one would ever believe she used to be a woman in her fifties.

And their libido? Both hers and Laura's have skyrocketed into orbit.

Of course, there's a downside. Two young, confident women under one roof?

...and an hour ago - just ten minutes before page 13, when things were a bit more chaotic.

Ha! I'm the only one here who actually knows what she's doing! You're just a pretty face!

Oh wait, scratch that - not even. You're just the cute distraction!

It's like a ticking time bomb - one wrong word, and it's a full-blown catfight.

Pfft, cute is more than enough to have the guys wrapped around my finger. And hey, I'm YOUNG - which you, aren't!

Maybe you should stop talking and focus on your wrinkle cream instead!

Still, I'm more than pleased. But enough about that - I should focus on my patients...

You little brat!

You old hag!
