5:46

MYRIAD

Greetings, Zolf. It is Zolf?

6:03

MYRIAD

Ah, we are... Myriad. Welcome.

6:26

MYRIAD

Yes?

8:27

MYRIAD

We must confess we are surprised... which hasn't been happening much.

8:35

MYRIAD

Well... Wh-What is it that you wish for? You are the one that has, ah, come here.

9:46

MYRIAD

Which Earth?

9:56

MYRIAD

Would you like to return?

10:11

MYRIAD

We don't believe what you request is possible.

10:20

MYRIAD

If we were to ask you to "not be," how would you go about doing so?

10:32

MYRIAD

Yes.

10:38

MYRIAD

You seem distressed.

11:12

MYRIAD

Ehm. L-Let us help.

11:22

MYRIAD

You seem distressed.

11:43

MYRIAD

Why not?

12:06

MYRIAD

Yes?

12:22

MYRIAD

You... wish us to perform an action that... we are unable to perform.

12:40

MYRIAD

Oh no, not that. If we were to cease to be, we would return without intention.

12:52

MYRIAD

There are two eventual states: us...

13:00

MYRIAD

Yes!

13:17

MYRIAD

You wish us to... release your world, as you put it.

13:28

MYRIAD

Yet, when we offer to help, you ask us not to.

13:37

MYRIAD

No, not at all.

13:42

MYRIAD

We would bring you council to ease your concerns.

15:43

MYRIAD

Hello.

18:22

MYRIAD

Uh, we brought... you, Hamid, you, Azu, and you, Cel to this place, yes. We did not bring Zolf to this place.

19:05

MYRIAD

Sitting.

19:21

MYRIAD

We do wish you all well, we just struggle –

19:35

MYRIAD

Why does your stomach grumble? Why do you not stop it?

19:43

MYRIAD

Hmm.

20:00

MYRIAD

Hmm.

20:24

MYRIAD

We understand. We... could remove ourselves from your world, and in so doing, leave it shattered.

20:40

MYRIAD

Ehm, ah - London Bridge would fall down, leaving you fragments to shore against your ruin?

21:03

MYRIAD

We don't know.

21:26

MYRIAD

To be? To grow? To learn?

21:34

MYRIAD

We do not want to accumulate minds. We accumulate minds.

21:48

MYRIAD

Hmm.

21:52

MYRIAD

If we were to cease to be, all the worlds that we have touched would... collapse.

22:14

MYRIAD

When the tree grows it moves the Earths that it moves through.

22:40

MYRIAD

Would you prefer to take our place?

22:50

MYRIAD

If - If you would.

22:55

MYRIAD

Yes, we did.

23:00

MYRIAD

Myriad.

23:34

MYRIAD

Hm. Yes.

23:38

MYRIAD

Lithaniel.

24:36

MYRIAD

We... are the tree. The leaves are, in some ways, the planes that you think of. Though there are other places than this. And no, uh, it was not, at the end. It is now.

25:17

MYRIAD

You all keep speaking of control.

25:29

MYRIAD

We are the sum of other beings.

32:13

MYRIAD

We grow because there is room to grow. It's not a desire, it's a... a result. If - if we were to... Without us, all these worlds would die eventually.

34:12

MYRIAD

Deserve, no.

34:22

MYRIAD

It would seem not.

34:35

MYRIAD

You would not be dead. You would - you would be us! And we would be you.

34:45

MYRIAD

No.

35:22

MYRIAD

No. We can see the memories of all those who you've known.

35:37

MYRIAD

Yes, he was eaten by the machine.

36:24

MYRIAD

Yes!

38:56

MYRIAD

Please... wait, a moment.

39:34

MYRIAD

We feel that if Lithaniel... had compatriots at the time of decision... they would have made a different decision. We could release the worlds and let them fall as they may. And... we understand that, in so doing, we will... change. And the worlds that are... some may flourish and some may die. And you understand that we would not be in control of whatever happens next.

40:25

MYRIAD

We could try to make another.

43:19

MYRIAD

Best of luck.
