

HOLY SHIT!
JAE? JAE! OH GOD,
WHAT HAVE I
DONE...

oooooooohHH...

OH MY GOD!
J-JAE! YOU'RE...
WELL YOU'RE ALIVE
AT LEAST...

MMMMMMMM....

SO, UH,
I'M ALMOST AFRAID
TO ASK, BUT...HOW WAS IT?
HOW DO YOU FEEL
RIGHT NOW?

IT FELT
REALLY REALLY
GOOD, IF YOU BELIEVE IT!
RIGHT NOW, THOUGH,
I FEEL BASICALLY
NORMAL.

ARE YOU
SURE? 'CUZ...YOU
LOOK AND SOUND A
LITTLE, UH, OFF...

oh, WOW,
YOU're RIGHT...SHIT,
THAT IS weird. AND I do
feel A little, UH...
TINGLY, I'D
SAY?

BUT...it seems
LIKE it's *STARTING*
to go *DOWN* NOW...I'M
FEELING THAT *TINGLY*
SENSATION GO
AWAY...

A woman with short, wavy hair dyed in shades of green and purple is sitting on a dark, rectangular platform. She is wearing a bright yellow-green halter-neck crop top with a black mesh panel across the chest and matching shorts. Her right arm is a white and blue cybernetic prosthetic, resting on the platform. She is looking off to the side with a neutral expression. The background is a futuristic laboratory or medical facility with white walls, yellow horizontal stripes, and various medical equipment. A large, metallic, bowl-shaped object hangs from the ceiling. In the background, there are several black vials in a rack and a red and white striped barrier. A yellow speech bubble is positioned to the left of the woman.

I THINK
THAT BRINGS IT
ALL BACK TO *NORMAL*,
RIGHT, KRISS?

UH, *JUST ABOUT*, YEAH...BUT WE SHOULD *FIND OUT* IF IT ACTUALLY *WORKED*, DON'T YOU *THINK?*

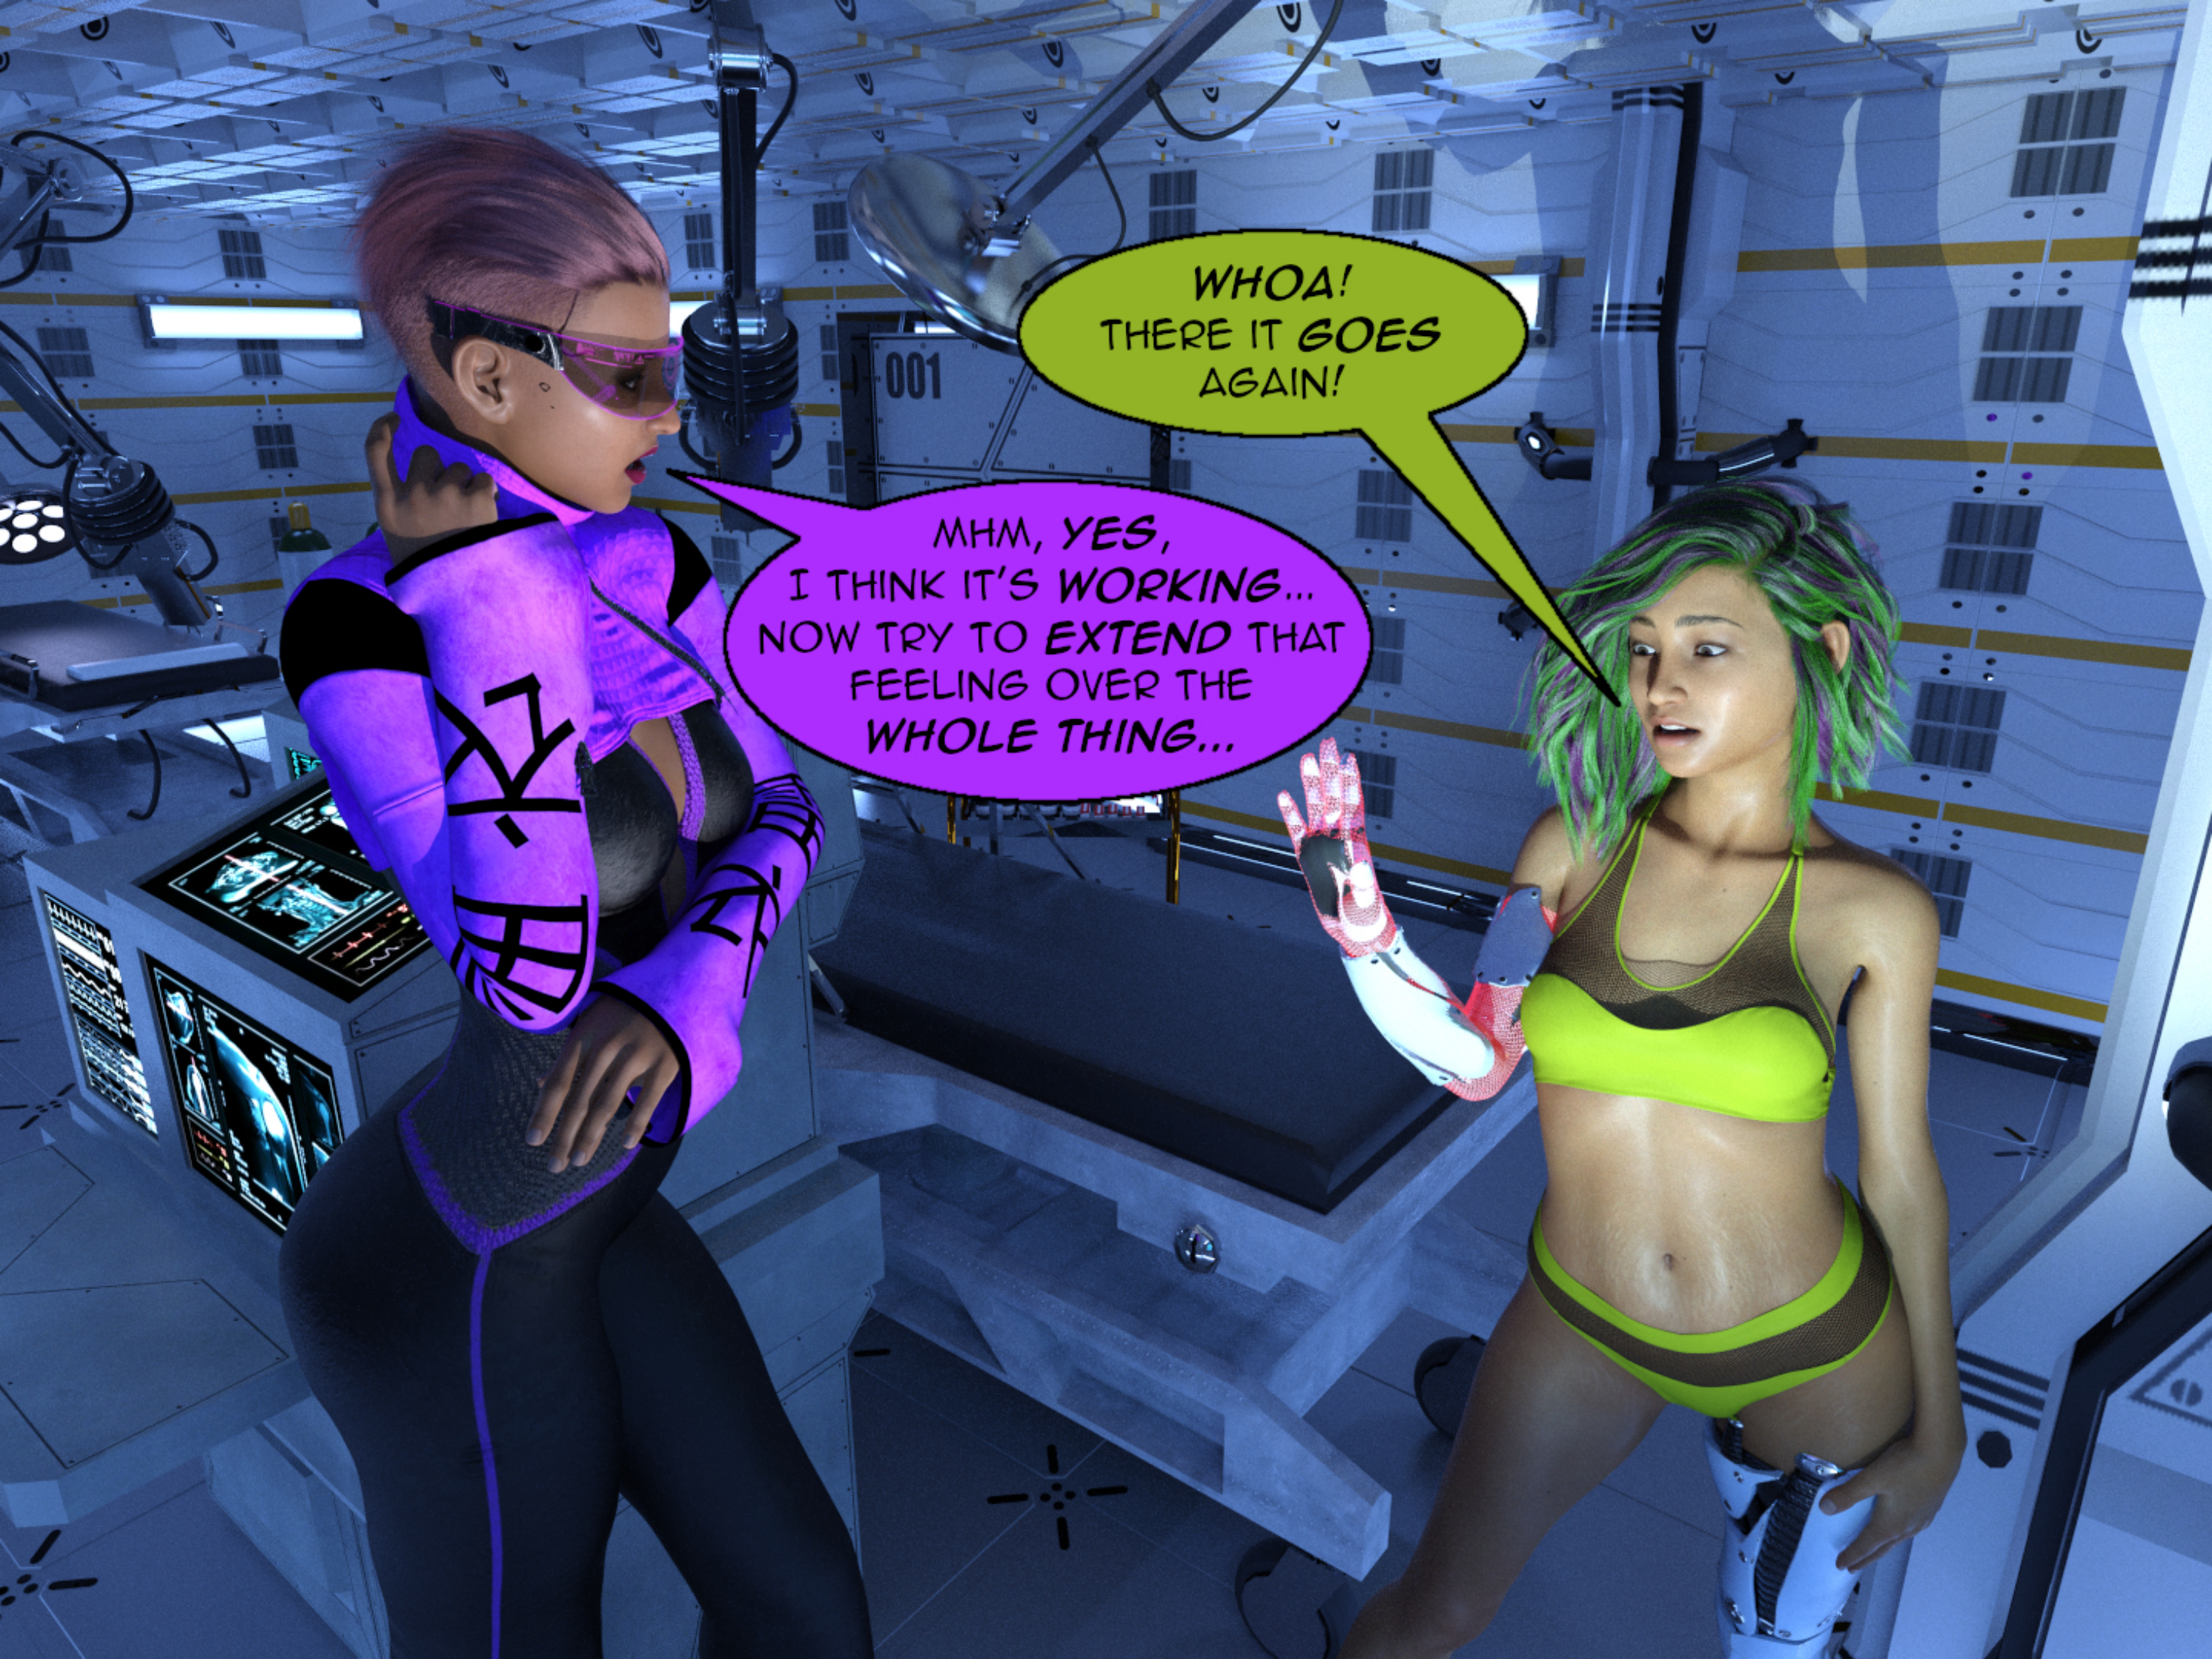

SURE, BUT, HOW WOULD I EVEN *DO THAT?*

UM, I
THINK YOU NEED
TO FOCUS ON *ONE PART*
OF YOUR BODY, TO
START...

LIKE MY
CYBER-ARM,
MAYBE?

YEAH! AND
TRY TO *LOCATE*
THAT SAME, UH, *TINGLY*
FEELING THAT YOU
DESCRIBED...

WHOA!
THERE IT GOES
AGAIN!

MHM, YES,
I THINK IT'S WORKING...
NOW TRY TO *EXTEND* THAT
FEELING OVER THE
WHOLE THING...

GOOD! SO,
IF I PROGRAMMED THE
NANOBOTS RIGHT, THEY SHOULD
BE READY TO *RESPOND* TO YOUR
COMMAND NOW, SO JUST THINK
OF WHAT TO COMMAND
THEM TO *CHANGE*.

HMM,
WHAT SHOULD I
HAVE THEM
DO?

OH! I
KNOW *JUST* THE
THING...
