- **Where can I make the payment?**

All payments will be via PayPal

- **Which characters are available?**

If the character has a 3D model available on Smut.base, or Xnalara. I can make it. Feel free to ask so I can search for it.

- **Can you make Male content?**

No. Unless the male character takes a worshipper role.

- **What about furry content?**

I can make furry content. **ONLY** if you're okay with the character having human feet. It can be modified to match the character.

- **How much does it take you to deliver the animation?**

It really depends on if it's a Foot Tease or Worship. The foot tease takes a week to be finished, the foot worship ones two weeks maximum.

- **How much changes do I can make until the final version?**

I can remade the animation only three times. I will be sending you WIP images during the process. So, make sure to have your idea very clear at first time.
