

Mike wasn't exactly thrilled when Stacy broke up with him. Her "excuse" that she find her inner lesbian self just made it worse!

It made him feel like a loser.

His "top-rated" girlfriend, with a body that every men would kill for... left him...

For Amy! Amy... that small-titted waitress! How could she be better than him!?

So Mike decided to teach them a lesson.
Especially for Stacy. Make her feel like he felt.

So that she could feel as small
and insignificant as he did.

Mike doesn't wanna tear them apart... Quite the opposite. He just wants to change their relationship in every way.

Make Stacy lose all her gifts and be just an average little loser, not just compared to Amy, but for anyone!
