

# **Lara & Tara Special Shower Cleanup**

*Written by: Infinite Pineapple*

A loud beeping noise bounced around the room. Lara and Tara reluctantly rolled around under their bed sheets till they finally turned off their alarm.

“Uhhhhg I hate waking up this early,” Lara groaned.

Tara stretched with their left arm, “Mmmm that’s right we have band practice today.”

The girls swiftly tossed the bed sheet off their naked body, exposing their beautiful tanned skin. Their four slender legs all stretched at once on the bed, their toes curled and they let out a soft pleasurable moan. Their lower torso moved first to plant their back legs on the ground to ensure they were better balanced. Then, the rest of their body followed. The girls, now standing up, make one last big stretch with their shared body.

“Mmmmm yes, there we go!” Lara said while looking over to her sister’s head.

Tara bit her lip, “By the way sis, I think we may have some morning wood.”

Lara bit down on her lip as well, “Oh, you are right. I can feel it down there. How about we take care of that together?”

Tara smiled, “We need to be quick today though, we can’t be late to band practice for a fifth time. Alicia will totally chew us out”

Lara laughed, “No promises, you know how we can get sometimes.”

Tara moved their left hand and touched Lara’s chin, “Why don’t we take this into the bathroom already?”

As soon as the two beautiful conjoined twins humantaurs entered their spacious bathroom they immediately plopped their cute shared butt onto the tiled floor.

“EEEEEP” they both cried out.

“I keep forgetting how cold the tiles are,” said Lara.

Tara looked over to Lara and smiled, "Well, shall we?" She immediately grabbed on to their left most breast, caressed it and rubbed the nipple. Their penis began to twitch and get even harder. Lara closed her eyes and moaned in pleasure. The two then raised their front legs, Lara used their right arm to reach down and touch their front pussy. Fingering, rubbing. Faster and faster. Their legs began to twitch. They both lustfully looked into each other's eyes, knowing what came next.

They slowly lowered their front legs as their front pussy rubbed against the tip of their cock. They rubbed against it intensely, then slowly lowered their front body more until their cock was fully submerged into their front pussy. They positioned their front legs on the floor, so they could push themselves up and down on their cock. They started slow, then kept going faster and faster. Their three large breasts bounced up and down, pushing and rubbing against each other as they filled with sweat.

“Ohhhhhh GODS yes!” Lara screamed out in intense pleasure.

“Mmmm this always feels so good.” Tara mumbled as she was overtaken by ecstasy.

They continued for several minutes, and only slowed down to catch their breaths, then kept going fast again. Lara’s tongue began to hang from her mouth as she was pumped with such intense pleasure. Tara kept crying out with intense moans. Both used the last of their strength to caress their breasts as they could feel the climax was coming very soon.

“Ooooooh! YESSSSSS!” both moaned.

The site was something to behold as Lara and Tara screamed out in pleasure as their cock filled themselves with their own warm cum. Their cock began to slip out of their front pussy, ejaculating cum all over their body. Lara and Tara tried their best to catch their breaths.

“Wow... that is... always a work out...” Lara said, as she tried to catch her breath.

“We... made a mess... again...” Tara said as she caught her breath.

The girls stood up with their now sticky and sweaty body. Their four legs shuffled to their shower. They turned on the relaxing warm water and began to wash their beautiful shared body. Then, some shower thoughts occurred.

Lara looked over to her sister’s damp head and smiled, “You know what sis, I just realized something.”

Tara, tried to wash between their breasts, stopped and looked over to Lara, “Huh? What is it?”

Lara chuckled, “I know we sleep around a lot with other girls, but, it’s been awhile since we... well...”

Tara, confused, tried to continue washing their body as she responded, “Since we, well, what?”

Lara leaned into Tara’s head and planted a very long and lewd kiss on her lips. Tara was startled at first, but she didn’t stop. She followed up as she let both of their tongues invade each other’s mouths. Tara let their back scrubber drop to the shower floor as both their arms began exploring their shared body. They touched their necks, their breasts, their hips. The touching didn’t stop as

they kept exploring each other's tongues. Finally, they let go for a moment as saliva trailed from each of their mouths.

Tara chuckled, "Wow, I was not ready for that. But I quite enjoyed it. I think the last time we tried that was when we were in our last year in high school?"

Lara smiled, "We can do it more often if you like. It's not like it's weird for us anyways, we share this body. It's basically masturbation."

Tara smirks, "I guess you are right. I am down to experiment some more-"

Lara planted her lips right back on Tara's. Steam began to fill the bathroom as the girls continued to enjoy their body together as the hot water dripped all over their wet shared body.

"Lara! Tara! You two are later again!" their new drummer Alicia exclaimed as she pointed her drumsticks at them.

Lara and Tara eyed Alicia from head to toe. She's a very sexy xeno girl with light green skin, long brunette hair, four beautiful blue eyes, four sexy arms, four very large breasts and finally her three slender legs that have hands for feet.

Lara and Tara blinked to get their attention back, "Sorry girls!" they both said as they stick their tongues out while rubbing their heads.

Alicia angrily walked up to them and got very close to their faces, "You two better stop fucking around or this band is never going to get a proper show! You two are bad asses on the guitar, so get your shit together so we can make some Dia!"

Lara and Tara were taken back by Alicia's demands, but they also respected it.

Lara and Tara both smiled as they patted Alicia's head. "Don't worry!" "We will make it up to you Alicia!"

Alicia made a pouty face and turned away, but then looked back, "You are lucky that you two are worth it. And you better make it up to me!"

Lara and Tara both smirked, "Oh, don't worry, we will!" they say in unison.
