WEEK ONE

Want to navigate tricky situations with grace and charm? In "**The Art of Pouting**," you will explore and review the power of vulnerability. Learn to cultivate an expression that evokes empathy, tenderness, and submission, creating the opportunity to defuse situations and avoid punishments. You will master the art of appearing utterly pitiful, a Sissy in need of a strong protector and a firm hand.

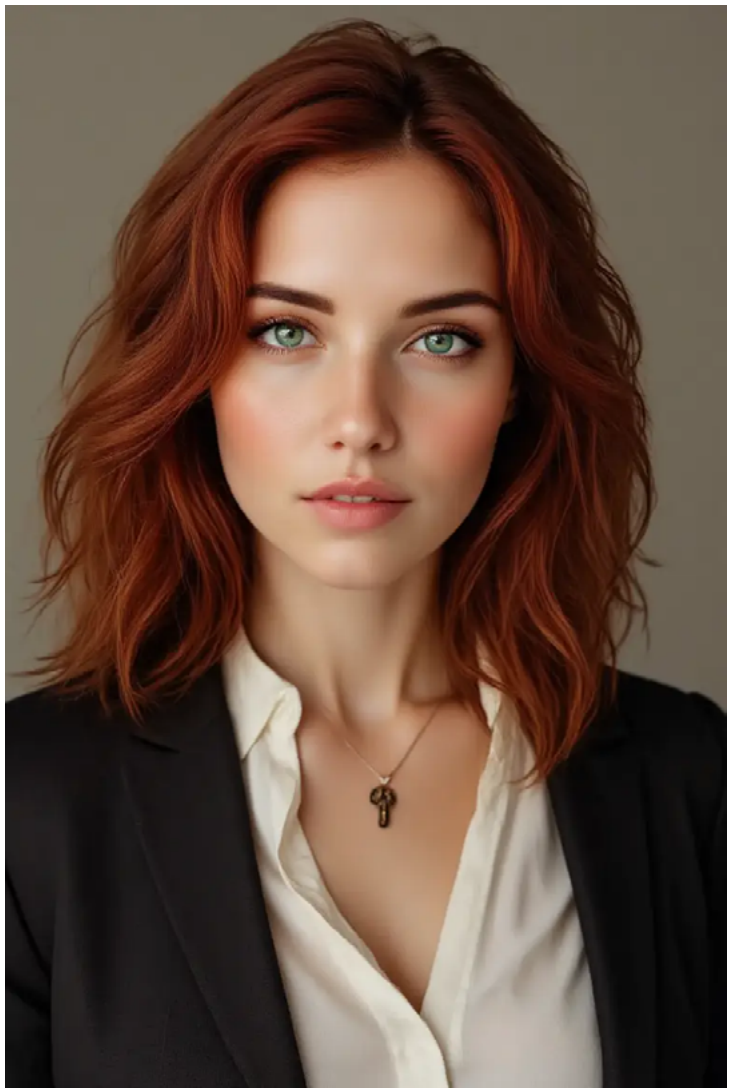

Perfect your Pout and you will find yourself earning extra attention, pets, cuddles and treats just for being the silly, adorable Sissy you already are.

What You'll Learn:

- *The anatomy of a captivating pout: Mastering lip positioning, eye contact, and overall expression to convey vulnerability.*
- *Evoking empathy: Understanding how a carefully crafted pout can trigger protective instincts and discourage punishment.*
- *The power of appearing delicate: Projecting an air of fragility that encourages gentleness and avoids confrontation.*
- *Navigating difficult situations: Learn when to pout and when it's best just to shut up and obey.*

This class is perfect for those Sissies who seek to prevent punishment and hope to garner protection and affection from not only teachers and managers but from more capable Sissies as well.

Warning: This class requires a willingness to embrace vulnerability. Prepare to discover the power of being pitiful!

Good morning, Bimbos.

**Get those cute butts in here and in your seats!
Hurry up!**

**Stop whimpering and moaning. You will all have plenty
to complain about soon. Good girls.**

**So all of you little sluts are here today because your
little backside brains can't seem to perform well in
classes.**

**What does it say about all of you that the dumb, Bimbo
classes we teach here are STILL too hard for all of you?**

So sad.

Now... lets begin.

The Art of Pouting - Warm Up Exercise

Why the long faces, girls?

I know you are all sooooo excited to be taking classes during the summer... and luckily for you, I am here to teach you how to take those cute, little pouty faces and turn them into the perfect Bimbo-Slut pouts.

By the time I'm done with you, not only will you all have perfect little pouty lips, but you're all going to know how to use them.

Aren't you just so excited you could just scream?

I hope so... because your precious little things are about to learn that all those silly little problems you thought you were upset about before...

...those were only an appetizer.

It's time to play with the big guns now.

So hurry up... take your seats. I'm setting your Sissylink belts to full edge mode for the duration of this class... to get all of you sluts, nice... and wet... and ready to learn.

Sissylink belts set to full edge mode... and let's begin...

INTRODUCTIONS

As many of you have not been in class together before, I believe it would be a good idea for all of you to mince up here to the front of the class, give us all a little twirl in your school-girl skirt and then say your name and then tell us all 'one thing' that makes all you want to stomp your feet and throw a little girl tantrum. It can be the food we make you eat, an outfit we made you wear... or even a punishment you earned.

But what it can NOT be, is another whiny little complaint about wearing your Sissylink and wanting to cum. We've all heard that tune so many times, we could all sing along if we wanted to.

So think about it for just a second. What's one thing that makes you feel like a helpless, and frustrated little slut that needs to throw a tantrum?

Do you have it?

Ok, up you go. Let's start with you... the Sissy hiding in the back. Get that cute little butt up here, say your name and what makes you want to cry in frustration!

ASSIGNMENT TITLE: INTRODUCTIONS

THE ASSIGNMENT:

Take a moment and go write your introduction to the class in the *The Art of Pouting - Introductions* forum. Your post should include the embarrassing walk to the front of class, being made to twirl in your schoolgirl skirt, saying your name and then having to complain like a whiny little girl about something that is bothering you.

Make this introduction fun, erotic, funny, engaging... but most importantly, have fun with it. The more obstinate, stupid, or contrary the complaint, the more fun it will be to punish you for it.

You will be graded not on your entry, but on how well you respond to others in the thread and make it enjoyable. This is 100% a participation grade, but after everyone posts their introduction, I want to see your internal monologue of sitting there watching each girl get up and talk. How they look, how sexy they are, how they make you feel.

Remember: this is a role-playing game... so make it a good story! You are not allowed to disrupt the class, nor do anything except introduce yourself and judge / whisper about the people up in front. Stay within the realms of the game... an instant orgy scene does not facilitate this...

Have fun, pretty girls. Looking forward to your introductions.

Roleplaying note: Introductions were made in the forums before players were encouraged to continue.

**Oh, Sissy, you poor, dumb, slut. That was a valid complaint...
and one that you now have to be punished for.**

**Oh... I know it's not fair. Now get your ass back up here and
bend over the desk.**

Punishment Position One please...

No, no no... get on the other side of the desk and face the class, Sissy.

They are all going to watch your face as you receive your spanking.

You are going to get one spank for each girl in this class...

I want you to look at the slut in the front row.

Right in the eyes...

Eyes open, Sissy!

SMACK

SAY IT WITH ALL CAPITAL LETTERS. MAKE SURE TO USE PUNCTUATION. *

ONE. THANK YOU, MRS. DANIELS.

SAY IT

BIMBO TIP

Having trouble thanking Mrs. Daniels for your spank?

Type the phrase: ONE. THANK YOU, MRS. DANIELS.

Only one space after the period. Make sure it is in all caps. Make sure you use punctuation.

Roleplaying note: The lesson did not continue until they typed the phrase properly.

Good girl.

Now... look at the next slut. Right in the eyes.

Class, it is important to watch the expression on this Sissy. See how she automatically is pouting at the unfairness and inequity of this punishment? Watch her facial expressions, her body language...

...and pay attention because after she looks at all of you and receives all of her spankings, it will be your turn.

SMACK

A ROOMFUL OF SPANKINGS LATER...

Dry your eyes, sluts. And stop squirming in your seats. I know your little backsides are all red, but that's no excuse for you to wriggle like babies.

In fact, it is quite clear you are all having trouble focusing...and from the whimpering sounds coming from all of you, I see you are all quite confused by the full edging the belts are giving you in contrast to those sore backsides.

I think it is very necessary to make sure that your little backside brain stays focused. I know how much you little airheads can start daydreaming and thinking only about how to avoid punishment, after all. And I need your brains to be pinpoint focused on this lesson.

So be good girls and take your memory aids out of those cute little handbags you brought today...

Good girls.

You know how to do this by now. Get them nice and wet and ready to help you learn.

Let's see what those lips can do besides talking.

Do it... or I'll do it for you in front of everyone. Go on. You know what to do.

Use your mouth to make it wet

Roleplaying note: Players were made to press the button in order to continue.

Good girls. Make sure it is nice and wet... just like you.

Now... quickly... push that little memory aid up inside of you. Don't forget to moan as you do... You all should have been taught that already.

For heaven's sake. Take them back out.

When you put in your memory aid, it is important that you give a whimper moan. You little sluts are getting so used to using it that you are forgetting one of the most critical steps. You have to moan when you insert your memory aid to help relax your brain enough to accept it.

Go on, try it again. Do it right, or you will absolutely be up here in front of everyone trying it over and over again until you get it correct.

Good girl. Did you all hear that class?

Sissy just made the perfect little mewling moan as she got her brains working again. All of you try to do it... just... like... that.

Perfect!

Do you all see how eager you all sound for learning? And look at your flushed expressions. Look around. All of you, with that slightly desperate and needy look.

It's a perfect excuse for a little warm-up exercise.

This will be graded personally by Mrs. Daniels. She is using the following rubric:

70% - Participation Grade

15% - Evaluation of your description and punishment

15% - Evaluation of your physical, verbal and emotional reaction to that description

Do not use AI generators for writing this. Write the assignment. I promise it will be more fun.

Make sure to look at the other students who turn in this assignment and comment on them.

Take your time with this.

It takes a long time to put together these lessons... savor and enjoy them.

ASSIGNMENT TITLE: WARMUP

THE ASSIGNMENT:

OOO Note: Please do not use a different title to help me with grading purposes.

CURRENT OUTFIT: You are currently in a school girl uniform. You may customize this to your own liking, but if I find that the uniform is not appropriate you will be docked 10 points on your grade.

THE ASSIGNMENT:

All of you were just punished and spanked for doing EXACTLY what you were told.

You will write 150 words bemoaning this treatment.

- Describe the unfairness of the situation.
- Discuss the punishment you received and why it was unfair.
- Include the fact that you had to look each classmate in the eyes while you received a spank.

Focus on the internal feelings of embarrassment, shame and humiliation, while also exploring the external factors of your sore backside and how it makes sitting uncomfortable.

Your essay should be **exactly 150 words**. Over and under will count off points. Not only that, but make sure the words you do use are the right ones. **Earning less than a 70** on this essay will require you to do it again for completion of this class.

THE INNER THOUGHTS:

This section will allow you to earn five extra credit points for this assignment. To earn these points, you must specifically talk about what arouses you about this scenario and why...

OOO NOTES:

You may earn another five extra credit points if you Sissy Swear Promise that you wore an actual 'memory aid' while writing this essay. This is on the honor system. I am aware many of you are not able to do this, and that is ok. It just means your essay needs to be good! *evil grin*

To earn the extra credit, **Sissy Swear promise** you wore the memory plug while writing the essay and detail how it feels to be writing this while sharing that sensation with your character.

REVIEW:

When you submit this for review, it will be published for all to see and you will receive some feedback, correction and criticism from Mrs. Daniels, as well as a grade in your grade book.

If you receive a grade lower than 70 on this paper, you will be required to resubmit until the grade is acceptable. Take your time and do this right. I'm taking time to grade, so make sure you are taking time to do the assignment.

...and remember, these are visible to everyone to read and comment on, so make sure you are sexy, erotic and perfect!

The Art of Pouting - Expressions

OK sluts... Time to split up into pairs.
No more than three if there are any stragglers.

I want you to sit opposite each other. I want your faces to be six inches apart. You are observing each other only.

Consider this a little classroom bonding time.

What I want all of you to do is to stare deeply into each others eyes without blinking. Let your eyes go wide and begin to water. Study your partner's expression. See how wide, watery eyes makes her look submissive... desperate... arousing...

No blinking!

If your partner blinks, you will immediately reach over and give one of her nipples a hard pinch.

Do it... or you will both receive far more punishment.

You are going to stare into your partner's eyes for ten minutes. Pay attention... and watch her expression, because you are going to have to duplicate that expression instantly and without help in the next lesson.

Ten minutes... go!

This will be graded personally by Mrs. Daniels. She is using the following rubric:

70% - participation grade

15% - evaluation of your partner's reaction

15% - commitment to eye contact arousal

Partner work in forums is tricky. We want everyone working in pairs, but we also do not want anyone left out or abandoned. Please help each other out with this assignment. It is OK (and in fact encouraged) to do this an extra time to help those who can't find a partner. This is a great opportunity to partner with someone new and find a new player to fall in lust with. Bonding through trauma and whatnot.

Take your time with this. It needs to be at LEAST six forum posts each.

You need to blink at least once.

You need to both pinch your partner's nipple and have your own pinched.

You need to reflect on your partner's eyes and expression as not blinking becomes harder and harder..

If you want to do more posts than that, it is highly encouraged, as that is part of the fun here... to play with each other.

THE ASSIGNMENT:

Use the *OOO Art of Pouting Class Forum* to find a partner (or use messages).

One of you start a topic in the classroom forums called '*Yourname & Hername practice Pouting Expressions*'.

Complete the assignment.

Feel free to play longer here, but it needs at least four posts to count and complete the task.

Once the task is complete (even if the story still continues) post the link in the forum *Pouting Expressions - List of Completed Assignments*

This helps me keep all of these together for grading purposes.

Roleplaying note: Players were encouraged to play in the forums before continuing.

The Art of Pouting - Vocabulary

Good girls! Back to your seats.

Now, before you all demonstrate the pouting expressions you just observed in your partner, we are going to take just a moment and cover some vocabulary.

We will begin with what we call 'vulnerable sounds'. These are easy-to-learn tricks that instantly make you appear submissive and appealing.

...and vulnerable.

All the things that good Sissies should strive to be.

So take out your little pink pens and notebooks, and write these down.

And as you write them down, I want you to try to make each noise. All together... are you ready? Here we go.

The first sound I want you all to try is 'whimper'.

Go on... write it down and try making the noise.

Bimbo Hint

When you write this while playing in the forums, make sure to surround it with asterisks.

lower case... do not forget the * *

whimper

DO IT

Good girls! Not bad at all. I can see many of you already use that one.

Now let's look at our second sound... that one is 'sob'. It is just a soft, short cry. Just a single one. Try breathing in and then letting a soft little cry out with your breath. Keep it soft. Keep it feminine. All of you write it down and give it a try.

type the word and then make sure to try it out loud *

sob

DO IT

Not bad.

Remember to try to make it sound feminine and submissive.

Keep practicing that one.

Now try 'sniffle'.

That's just a quick inhale through your nose as if you have been crying. Let's hear it. All together...

type the word and then make sure to try it out loud *

sniffle

DO IT

Good girls! You are starting to look and sound more and more pathetic.

Perfect.

OK, let's finish up your vocabulary list for the day... I want you to write all of these down and then try making the sounds.
We'll review the three we just did as well.

Now make sure you memorize these. There will be a test.

whimper
sob
sniffle
sigh
huff
gulp
groan
gasp
exhale
cry

OOO NOTE: That means start using them in the forums, and in your assignments and in your inspections and diaries and everywhere... from now on. We will be watching...

Now, to make sure all of you girls have learned your 'vulnerable sounds', here's a quick little worksheet for all of you to do. The first one to finish gets a lollipop.

Then it's time for your actual homework. Let's put everything we've learned this week together into a paper, shall we?

Good girls! You all are doing so well. Now I want you to really **REALLY** dig deep into those backside bimbo brains and make sure you know the difference between these sounds.

A ***huff*** is a quick, short puff of air, whereas an ***exhale*** is a long, extended one. A ***sigh*** is a ***groan*** but without the pitch. It is imperative that you not only recognize these nuances, but you know how to perform them properly and **WHEN** to use them.

We will conduct a detailed analysis of this in class next week, but for now... I want you to start incorporating these in everything you do.

ASSIGNMENT TITLE: VOCABULARY

THE ASSIGNMENT:

OOC Note: Please do not use a different title. This helps me with grading.

CURRENT OUTFIT: You are currently in a school girl uniform. You may customize this to your own liking, but if I find that the uniform is not appropriate you will be docked 10 points on your grade.

THE ASSIGNMENT:

Write a detailed essay about what you observed from partnering with your Sissy sister and staring into her eyes.

This needs to be **OVER 200 words**, but can be as long as you want past that.

You MUST use at least FIVE of the ten vulnerable sounds in your essay. (Remember to put them inside of asterisks.)

You will be graded on how effectively you use these.

Make sure you get yourself hot and bothered and aroused in **Real Life™** before you write this essay.

Make it hot. Remember that you are the porn.

For each word **under 200 words**, you will be docked a point off your grade. **Earning less than a 70** on this essay will require you to do it again for completion of this class.

THE INNER THOUGHTS:

Use this section to LUST after your partner. I want to hear about the dirty thoughts you have about them and what staring into her vulnerable eyes made you feel and fantasize about. **5 Bonus Points** if you make this hot enough to arouse me while reading it.

OOC NOTES:

You may earn another **five extra credit points** if you **Sissy Swear Promise** that you edged yourself in Real Life™ before writing this paper. This is on the honor code, and you need to tell me how that makes you the player feel doing it to get the full bonus.

REVIEW:

When you submit this for review, it will be published for all to see and you will receive some feedback, correction and criticism from Mrs. Daniels, as well as a grade in your grade-book.

If you receive a grade **lower than 70** on this paper, you will be required to resubmit until the grade is acceptable. Take your time and do this right. I'm taking time to grade, so make sure you are taking time to do the assignment.

...and remember, these are visible to everyone to read and comment on, so make sure you are sexy, erotic and a good little sulking slut.
