

INT. DAY- LIVING ROOM

✓ Will receives a box, he opens it to reveal a new pokeball.

Pikachu is released onto the living room floor.

Close up on Pikachu.

Will gushes.

He strokes Pikachu.

Stroke. Stroke. Stroke-

Pikachu zaps Will and he gets thrown across the room, colliding with the wall and falling to the floor. (anime background)

He sits up into frame with wild hair and burns down one side of his face.

He gushes.

He pulls on a rubber glove.

He strokes it again.

Stroke. Stroke. Stroke-

Pikachu tries to shock him again (anime background).

Nothing happens to Will.

He glances at his glove with a mixture of surprise and pleasure. He then looks up.

Wide shot of Will's tv, lamp, curtains and bookshelf on fire/blown by the shock.

He still gushes.

CUT TO:

He releases a squirtle this time.

The squirtle is constantly dribbling water.

The squirtle looks around and notices something.

Love hearts fill its pupils.

It is staring at a shoe.

WILL

Oh come on!?

Will produces a spray bottle and squirts mist at the squirtle.

Text flashes up on screen: "It's not very effective"

Squirtle then squirts a much more effective stream back at Will's face.

Squirtle notices something else.

His eyes fill with hearts.

He is looking at pikachu through romantic hazy anime eyes (anime background).

Will looks at between Pikachu and Squirtle in horror.

He imagines what their baby might look like- A horrendous hybrid hatching from a broken shell.

He looks terrified.

WILL (CONT'D)

No!

CUT TO:

INT. DAY- LIVING ROOM

Squirtle is wearing the cone of shame.

The cone is full of water and bubbling with squirtle's breath.

Open another box.

Release a ditto.

It's a horrendous looking sack of liquid.

Will looks disgusted but pats it none the less.

His hand sticks to it a bit and he pulls it away.

He glances at it once more, then leaves the room.

He goes to make a coffee.

Ditto starts to vibrate.

Pikachu looks scared.

It looks like hands are forming within ditto.

Squirtle is still bubbling away, oblivious.

A face is forming with ditto. Trying to push it's way out.  
It's Will's face.

Long distorted arms, head and a neck emerge out of ditto.

Two goo covered feet step down onto the floor.

Will is returning from the kitchen with a coffee in his hand.

A naked human moves in front of him.

Will freezes.

A clone of Will is revealed, with no nose and ditto's face.

WILL  
(mouths)  
Ditto?

DITTO  
DITTO.

Ditto then slowly dribbles purple paint out of its mouth.

Will raises an eyebrow.

Ditto raises a hand holding a pokeball.

WILL  
No. Ditto. Put that down.

Ditto is spurting more paint out.

DITTO  
DITTO!

Ditto throws the pokeball and it hits Will.

Will gets absorbed into it.

Ditto Will puts pokeball on mantle piece.

Slow zoom out on ditto sat on sofa stroking pikachu.

Sudden close up on dittos face as he throws up purple paint.

END.
