

“What’s that professor~? You want me to join your class~?”

With a gentle, caring smile on her face, Mercedes’ soft, motherly voice swept through the air like the most fragrant of spring aromas. It was honestly the voice of an angel, its feminine high-pitched tones accompanied by a creamy smoothness that felt like honey to the ears. Even a grown man like Byleth couldn’t help but melt at its deliciously soothing sound. Not to mention how well it fit Mercedes’ gorgeously pristine and womanly face. Her smile was as dazzling and pristine as the sun, her long, smooth golden hair looked like the threads of an angel as they flowed down from her head. Mercedes’ glamorous and comforting beauty perfectly represented femininity in every sense of the word.

And yet when one looked down from Mercedes’ head, instead of finding the curvy voluptuous body of a dainty maiden, they would only see the imposing, girthy and toned figure of an incredibly buff male body builder. The enormous difference between Mercedes’ head and her body was so incredible it could make anyone jolt in shock. Whereas her head was round, soft and as cute as you could imagine, the rest of her body was built like an absolute tank. The girl’s shoulders were as wide as a cart, with two huge trunk arms that looked like they could lift concrete. Her stiff, square pecs burst forth from her chest, so large and bulky they actually stretched out the buttons of her shirt almost to the point of popping. Then there was the very visible and prominent bulge between her legs, which indicated Mercedes was most positively totally hung. Mercedes was like a combination of the sweetest girl with the buffest man in existence, and she was also the most attractive girl Byleth had ever laid eyes on.

“Aahhhh~ Goodness, I really appreciate the offer but...” Mercedes’ blushed coyly, her enormous, hulking body swinging side to side in a feminine fashion. “The truth is I’ve been having so much fun with Annie and all my other classmate in the Blue Lions house, I just can’t bring myself to leave them!”

Mercedes’ rejection felt like a punch in Byleth’s heart, but even now he couldn’t feel that much hurt. Simply gazing upon Mercedes’ beautiful body was enough to stir feelings in him that he never knew he’d felt. Crossing his legs awkwardly, Byleth could feel his panties growing damper as his pussy secreted endless amounts of vaginal juices. The man’s heart thumped loudly through his chest, while his large G-Cup breasts to bounce up and down along to the rhythm of his erratic breathing. Byleth knew that it was improper for a professor like him to hold these sorts of desires for a student, but he couldn’t help it. His voluptuous, stacked, feminine body craved Mercedes with every ounce of his being. Mercedes was all he could think about, she was his entire purpose of being! In such an aroused and impassioned state, Byleth simply couldn’t take no for an answer. He had to convince her to join his house!

‘Please, I’ll do anything!’

Mercedes’ eyes shot wide open as she heard the desperate words escape from Byleth’s mouth. The Professor had always been a man of very few words, so getting to see him so emotional felt very... Special. For a few seconds, the girl’s expression became thoughtful. But as the time passed and the perfect idea popped into Mercedes’ head, her mouth slowly turned into a wide, smug smirk.

“Anything you say~?” Mercedes chuckled to herself, confidently approaching Byleth until she’s backed him up against a nearby wall. “Well... I think I could join your house if we came to some sort of... Agreement~”

Slightly bending down towards Byleth’s face, Mercedes gently cupped the bottom of his chin. A myriad of shivers ran down Byleth’s spine, causing his entire body to tremble in bliss. Though her hands were enormous, her grip was soft and tender. And now that her face was so close to his, Byleth could truly feel himself getting lost in her pale blue eyes. It was moments like these where the height difference between the two was really apparent. Mercedes’ towered several heads above Byleth, her body was twice as wide as his. With such a titanic figure, it felt like Mercedes could just crush Byleth at any moment. So the fact that she held him in such a gentle way just made Byleth’s heart melt in place.

“Don’t think that I haven’t noticed the way you look at me, you pervy Professor~” Mercedes teased him, causing butterflies to tickle from within his tummy. “Everywhere you go you’re always looking for me. Catching glances of my muscles. Getting a good look at my bulge, eh~?”

If Byleth had not already been smitten with Mercedes, he was all but entirely enraptured now. The man clung to Mercedes’ every words like it was gospel, cooing and gasping as they resonated in his ears.

“You know, I wasn’t so sure about it at first but... The way you’ve been chasing after me is so cute! And getting to see this brand-new side of you is so exciting~ Besides~” Mercedes pointed towards her crotch, which shuffled and shifted as her bulge grew larger. Leaning towards Byleth’s ears, she began to whisper in a soft, seductive tone. “You’re not the only one with needs~ So how about I join your house~ And in return... You agree to give me *special lessons*~?”

Pulling her head back slightly, Mercedes gave Byleth a girlish chuckle. The girl closed her eyes and pursed her lips, inviting Byleth to take control of her mouth as he desired. Byleth understood perfectly what she was suggesting. He knew how the pair’s relationship would evolve as he was to take this step. Which is why without the slightest hint of hesitation, Byleth’s face eagerly pushed towards Mercedes’ and the couple’s mouth met in a sloppy, passionate kiss. The taste of Mercedes’ saliva was sweeter than the stickiest of honeys, her breath smelled fresher than the spring breeze. Her lips were so soft Byleth couldn’t help but smack against them over and over. Plus, Mercedes’ soft, girlish moans only goaded Byleth to keep on kissing her with increasing passion. It was such a pleasurable and overwhelming experience that despite trying his best to keep himself together, Byleth’s eyes rolled to the back of his head and his pussy exploded in climax, sending squirt after squirt of arousal down his tights and causing his body to grow limp in bliss. Without a doubt in his mind, this had to be the best moment in Byleth’s entire life.

“Mmmmmfff~ Muuaahhh~” Mercedes gasped blissfully as her lips departed from Byleth’s. As much as Byleth would have loved to keep delving into the delicious depths of Mercedes’ mouth, his body was so overcome with climax he was made into more of a motionless doll than an actual human.

“Oh professor! You don’t know how happy this makes me~!” Mercedes exclaimed with a bright cheery smile, her eyes glimmering at the sight of her professor’s arousal. “Hmmm~ Actually, let me show you~”

Huge hands dipping down towards her pants, Mercedes promptly undid her buttons, allowing for an absolutely enormous penis to spring free from the girl’s loins. Byleth’s eyes shot wide open with absolute shock. The surge of emotions that filled his body in that moment was so intense, his legs

instantly lost all of their strength and the professor helplessly slumped onto his knees, just a few inches away from the damp, musky cock. There was no way to describe Mercedes' penis other than utterly amazing. The titanic member was as thick as Byleth's arms and almost as long too! Its shaft was covered in thick, throbbing veins that pumped thick blood into the entire length, whilst its fat, pink tip was thick, wide and uncut. A thick bush of fluffy, yellow pubes decorated the base of her cock, and two plump orange sized balls clung down mightily to top the whole thing off. It seemed Mercedes' enormous, throbbing penis was just as gargantuan as her large, masculine body!

Without even the slightest of second thoughts in his mind, Byleth wrapped both of his hands around her shaft and began to slurp up its tip lusciously. Mercedes' shaft was so thick, he couldn't even wrap both of his slim, feminine hands around the whole member. His lips greedily suckled onto the tip of Mercedes' cock, which was at least twice as wide in circumference as the entirety of Byleth's mouth. Not that these inconveniences did anything to deter Byleth's worshipping of Mercedes' cock in the slightest. Groaning and gasping with bliss, Byleth's hands traveled up and down Mercedes' length as fast as they could. His mouth gobbled up as much of Mercedes' dick as he could handle, letting all of his saliva cover the tip of Mercedes' dick. Byleth's lust and love towards Mercedes was immeasurable, and the professor was eager to prove it.

There was just something simply addicting about Mercedes' cock that Byleth simply couldn't get enough of. Perhaps it was its incredibly potent musk, which wafted into his nose and sent his olfactory senses into overdrive. Maybe it was the incredibly masculine and studly taste of her penis, a tangy sensation that seared his taste buds with the tingling flavor of pure testosterone. It could also just be Mercedes' inhuman size, a cock so big and all-encompassing it looked more at home on the body of a god than that of a mere mortal. Regardless, the result was the same. No matter how hard he tried, Byleth simply couldn't pry himself away from the irresistible allure of Mercedes' penis.

The professor's mind was completely devoid of any other thoughts as he lovingly slobbered all over Mercedes' dick. Byleth's tongue swirled around and around, even delving underneath Mercedes' foreskin in order to taste every last bit of her delicious savor. His jaw almost became unhinged as he took in more of Mercedes' cockhead into his mouth, self-preservation coming second to his perverted desires. Byleth was obsessed with Mercedes' cock. He was living and breathing the penis as if it was his own. Though he'd climaxed just a matter of seconds ago, the man's ruined panties were already soaking wet once again. Finally, Byleth was getting the face-full of Mercedes' dick that he'd always desired. But he needed more!

*Riiiiip!*

Pulling down on his top with a violent motion, Byleth indiscriminately tore through his clothes in order to let his enormous, bouncing breasts free from the restraints. The titanic, feminine tits jiggled happily, their nipples as erect and hardened as they could be. For a few seconds, Byleth stepped back from Mercedes' twitching cock, only for the professor to lunge towards the hardened member like a monkey swinging through the trees. Both of Byleth's whole arms wrapped around Mercedes' dick, his hands no longer enough to hold such a monster. His two large, heaving breasts surrounded the shaft whole in their supple jiggling mass. Still hungry for Mercedes' cock, Byleth quickly resumed his slobbering by wrapping his lips around her pinkish tip. The professor didn't just want to suck on Mercedes' dick, he was planning to make love with it.

As soon as Byleth's assault on Mercedes' penis began, the woman's loud, feminine moans could be heard throughout the entire academy. Byleth's movements were as vicious as they were luscious. His fat, bouncing tits rubbed up and down the length of Mercedes' shaft, a combination of softness and plumpness that felt better than any sex toy Mercedes could have dreamed off. The man's arms pumped Mercedes' dick with abject intensity, squeezing down on her dick like it was a teddy bear. Even Byleth's mouth made quick work of Mercedes' tip. Byleth's sloppy cock kisses splattered saliva everywhere from their sheer perversion. His tongue pushed into the depths of Mercedes' urethra, a whole which was half as big as his mouth, as if he was French kissing the love of his life. Such loving treatment was exactly the thing that Mercedes' beautiful cock deserved, a service which Byleth was equally as happy to provide.

"Ooooouhhh professor~ This is so wonderful~" Mercedes' gasped blissfully, her dick twitching uncontrollably to the blissful sensation of Byleth's tongue. "But I can't take all this teasing anymore~ I- I- ! I *really* need to put it inside you~"

Plucking Byleth up from her penis as easily as if she was picking up a small gerbil, Mercedes couldn't help but pin Byleth up firmly against the wall. Though her grip around Byleth's arms was quite strong, the professor himself felt no sort of pain. His breath was agitated, his entire body quivering with anticipation. Mercedes was holding him up high enough that Byleth could not feel his feet dangling a few feet off the ground. And that was far from the only thing he could feel too... As Mercedes pushed the tip of her gargantuan cock against Byleth's pussy, the man spread his legs as wide as possible in excited invitation. Copious amounts of juices overflowed from his pussy, eagerly awaiting the arrival of that amazing woman's cock. Mercedes' cockhead was much wider than the entrance to his cunt, if she were to fuck him, he would certainly break. And there was nothing that Byleth was looking forward to than that.

Hips darting forth like a hammer crashing down onto an anvil, Mercedes eagerly smashed the entirety of her cock directly into Byleth's eager pussy. There was nothing that could stop Mercedes' rod from claiming the totality of Byleth's sopping cunny. The man's absolutely flooded panties were torn into shreds by the force of Mercedes' hips, her bulbous cockhead easily spreading the entrance of Byleth's vaginal slit with its dominating shape while her iron hard shaft's imperative stiffness was able to cleave through Byleth's inner walls. Mercedes' penis was so gargantuan, the hefty shaft visibly bulged through Byleth's fat, feminine tummy without any effort, its every miniscule detail and feature clearly imprinted on Byleth's smooth skin. Mercedes' penis wasn't hadn't simply penetrated Byleth's pussy, it was absolutely overtaking it.

Feeling the entirety of Mercedes' cock inside him, Byleth could barely even breathe. His pussy quivered in a mixture of pain and pleasure that was utterly mindbending. Its insides couldn't be stretched any further from what they were currently subjected to, and yet Byleth's inner walls quivered lovingly around Mercedes' dick as if they were begging for more. It honestly just felt as if Mercedes' dick was rearranging Byleth's insides with her incredible length, his inner organs and vaginal canal shifting in order to become a better sex toy for Mercedes' cock. By this point, it became blatantly clear that Mercedes' dick was so large and powerful, it could easily drive any person crazy. And that's when Mercedes' started to thrust her hips.

A series of loud, whimpering groans escaped from Byleth's lips as Mercedes' slowly pulled her hips back, only to violently smash her cock into the depths of Byleth's pussy once again. Every single one of her thrusts was absolutely reckless and fierce. The sound of Byleth's ass getting slapped by Mercedes' crotch

echoed as clearly as a dancer performing in an auditorium. Despite her soft demeanor and cute appearance, in the end Mercedes' incredibly muscular masculine body was not for show. The girl's every motion was oozing with a pure, raw, sexual energy that could not be controlled. Energy which she would clearly use to dominate Byleth's cunt.

Not that Byleth seemed to even care in the slightest. With a drunken, drooling smile displayed all over his face, the professor eagerly moaned the more Mercedes utterly defiled his vagina. The man's enormous, aroused breasts bounced thanks to the sheer inertia of his thrusts. It was a set of endless, supple jiggling which caused his erect nipples to quiver in bliss. Down in his nether regions, Byleth's excited pussy did not stop producing vaginal secretions for one single second. His entire vagina was poked and prodded as if it was little more than a plastic toy. With each of Mercedes' incredible slams, her cockhead smashed into the entrance to Byleth's womb, like a ram battering at a castle's gates simply begging to be let in. No amount of physical strain was going to prevent Byleth from enjoying every bit of Mercedes' titanic dick. And he was far from the only one enjoying himself too...

"P-P-Professor~ Your pussy is soooo tight~~" Mercedes gasped breathlessly, her hips rocking back and forth uncontrollably. "It's so deliciously squeezy and tight~~~ I-I-I can't get enough!!! I-I'm losing my mind~~~"

Unable to hold back her desires any longer, Mercedes moaned out loudly as she finally unleashed the true extent of her bestial, masculine lust. The girl's enormous fists pushed against the wall behind Byleth fiercely, causing the stone around it to start cracking. Her hips began to thrust into Byleth's pussy with even greater speed and power, no longer caring about his well being as she smashed the boy's crotch against the wall. Eyes rolling to the back of her head, Mercedes pushed her titanic, rock hard pecs against Byleth's face, squeezing him between the wall and her stiff muscles. As much as Mercedes preferred being soft-spoken, kind and gentle instead of this brutish monster she had become, she had little power to contain the most bestial desires of her vicious dick.

And who could really blame the girl? Mercedes' fat, sweaty, orange-sized testicles gurgled with need, constantly pumping her up with testosterone and lust to fuel that mighty penis of hers. The plump ballsack swung back and forth with each swing of her hips, each ball gurgling loudly as if it was ready to overflow. Her cock too was an absolute force of nature. Not only was the member incredibly sturdy and large, but it was also quite sensitive too! Mercedes moaned blissfully as her cock kept getting milked by Byleth's deliciously tight pussy. She could feel every little spasm through Byleth's inner walls, each tiny twitch was enough to send her brain into overdrive. At the end of the day, Mercedes was just a regular girl with very special needs, so what was wrong with going a little bit crazy?

Though if there was anyone going crazy at this moment, it was certainly Byleth himself. Between the absolute destruction of his cunt at the hands of Mercedes' penis and the way his face was getting squished by Mercedes' stiff masculine pecs, Byleth couldn't even summon a coherent thought. Tears of joy ran down his face, his tongue lolling out of his mouth as if he was a dog. Byleth's body was running on pure, animalistic desire and nothing else. It didn't matter that his vagina was going to left gaping and widened, hell Byleth didn't even seem to care if he lived or died right now. His pussy was glowing with bliss, his heart beating with happiness. As long as he got to experience Mercedes' godlike cock, everything else became unimportant.

As Byleth's pussy lovingly tightened around Mercedes' cock, the larger girl started to tremble uncontrollably. The girl's hips smashed into his crotch, unable to pull away anymore as if the two had been attached with magnetic energy. Her shaft started to pulsate greedily, her balls pulsating in preparation of release. Giving a loud, high-pitched moan of ecstasy, Mercedes prepared to release her love directly into the professor's pussy.

"A-A-Aaahhhh~ P-Professor! I-I can feel it coming~!!!" Mercedes cried out ecstatically, her urethra widening whilst her dick shuddered in total bliss. "I'm gonna fill you up with my cuuuuum~~~"

Like an ancient volcanic eruption of cataclysmic proportions, Mercedes' cock released a destructive tidal wave of cum that washed over the entirety of Byleth's cunt. With the first spurt Byleth's womb had already been filled to the brim, his fresh feminine eggs undoubtedly fertilized thanks to Mercedes' potent, studly semen. With the second spurt half of his pussy had been inundated in her sperm, spreading her hot, sizzling genetic material everywhere it could fit. Anything after that was simply overkill. Mercedes' hot cum reached every single inch of Byleth's cunt. It surrounded Mercedes' shaft in a warm blanket of white, claiming all of Byleth's vaginal space for his own.

Yet even after countless blasts of ejaculate unloaded within Byleth's pussy, Mercedes' cock had not unleashed enough. With a perverted smile on her face and a litany of moans escaping from her quivering lips, Mercedes kept her cock plugging up Byleth's cunt tightly as she continued to shoot out more and more semen in Byleth's womb. Some of the semen was barely able to slip out through the sides of Mercedes' cock, but most of it began to agglomerate together within Byleth's womb. Soon, a visible bulging tummy started to bulge out from his midsection. Byleth's entire body spasmed in bliss as the belly grew further and further. It surpassed the size of both his breasts and his ass, growing larger than his head as more and more semen filled it. Byleth's belly was like a balloon filled up with Mercedes' stretching out from his form until he looked several months pregnant. Such was the consequence of having sex with Mercedes, having your body destroyed in every way.

"Goodness~ That was just what I needed~" Mercedes sighed blissfully, enjoying every single second of her delicious afterglow. "Pardon me for the mess professor. You have no idea how pent up I was. Teehee~"

As Mercedes' cock slowly softened and her senses returned to normal, the girl slowly lowered Byleth onto the ground. Her cock slipped free from his slit with a pop, allowing for an absolute water fall of semen to start pouring out of Byleth's cunt continuously. However, Mercedes had done such a good job in filling up every nook and cranny of Byleth's vagina, that even as copious amounts of sperm splattered all over the floor before him, it barely even made a dent on the man's enormous and slushy cum belly. Slowly lowering Byleth onto the floor, Mercedes let the man rest whilst he recovered from the intense mental and physical assault he had just received. His legs were so weak he couldn't even stand, in fact he couldn't feel anything from the waist down except from the goopy, sticky seed dripping from his mound.

With a bright smile on her face, Mercedes smiled at the professor earnestly.

"I suppose this means I'll be joining your house then!" She cheered with genuine excitement, only for her smile to grow more perversely devious just a few seconds later. "I'm really looking forward to more of our little arrangement professor~"

And though Byleth could not physically say a single word, he felt *exactly* the same thing~
