

The Beginning of the Winter Heat

With winter just around the corner and the temperature dropping, ski resorts are starting to become more popular. After a run of, high client, high target, and highly successful assassination jobs. Yuu wanted to take some time off and treat Erika and herself. They picked the best ski resort in the country and paid for the full premium experience. The full experience paid for private skiing sessions down the best slopes. As well as a single glamorous log cabin for couples, deep in the woods at the base of the ski slopes. This vacation couldn't get any more exciting and thrilling. A great chance for the two ladies to burn off stress and make new memories.

As the ski lift arrived at the top of the slopes, A young gentleman guided Yuu and Erika to their skiing route. Once they arrived, he returned to his job, leaving Erika and Yuu alone at the top of the slope.

"Woah... This route looks kind of dangerous Yuu..." Erika pulled her goggles above her bright blue eyes, squinting towards the bottom of the mountain. She slipped her ear warmers and scarf down around her neck, shaking her head. Her messy neck length white hair flowing freely. Her body suit was tight to her thick curvy body, with a clear outline of her huge breasts, sheathed cock, and balls.

"It's fine. Don't worry. You'll get that adrenaline boost and love it. I'm sure" Yuu mirrored Erika and pulled her goggles away from her purple eyes. She smiled warmly dropping her scarf and hat off her head. Her shoulder length hair flowed freely in the wind, the single streak of purple dancing within the black. Her skin was darker than Erika's pale skin, even in this cold environment. Her tan lines still visible over her cleavage as she unzipped her bodysuit slightly. A small plume of steam rose from inside as she wiped away the sweat. "These suits sure are hot aren't they. Great in these conditions though." Her large breasts jiggled as she adjusted her suit to sit over her curvy body better.

Watching her do so, Erika could feel her expanding erection pressing tightly against her bodysuit. She couldn't help but be aroused watching her wife in such a hot and steamy situation. "Y-Yeah... But that isn't the only thing hot here~"

The look on Erika's eyes said it all, Yuu knew exactly what she was thinking even before seeing the erection she was trying to hide. Yuu's expression became playful as she wanted to tease Erika more. She leaned forward pretending to fix her ski, her open body suit cascade off her breasts, which hung freely for Erika to see. "Hmm~ How about a little competition then."

"Uh. Oh! What do you mean?" Erika stood with her mouth open struggling to focus on anything but Yuu's cleavage.

Giggling softly, Yuu stood up and zipped her bodysuit closed. "If you can catch me." Stepping closer to Erika, she stood on her tiptoes and cupped her hand over her mouth whispering seductively. "I'll let you do whatever you want with me~" Spinning away with a teasing smile, Yuu winked at Erika before jetting off down the slope.

With her mind racing and her fantasies running wild, it didn't register with Erika that Yuu had already left. "R-Really. Anything...? H-Hey. Wait. That's not fair! Come back Yuu!" She dropped her goggles over her face and fixed her scarf and ear warmers before chasing after her.

By this point Yuu was halfway down the slope skiing at a steady pace before Erika caught up. Smiling playfully, Yuu was hoping to give Erika a little more challenge. Darting left and right to avoid the outstretched arm of Erika.

Eventually Erika's size and speed played to her advantage catching Yuu with one hand. However, their momentum caused them to collide together as they crashed in a heap in the snow. Rolling forward in a cluster of front flips the two girls wiped out in a large bank of soft snow. A lucky break as just behind the snow wall was a scattering of trees.

"Well played Erika. You caught me. Just in time too... That was a little dangerous. But we survived."

"You were right Yuu. The adrenaline coursing through my body is crazy." Erika pulled herself off Yuu before helping her to her feet. They walked around the wall of snow and sat on the floor out of sight of anyone coming down the ski slope. Kicking off their skis and removing their face coverings, they giggled to each other with a shade of red on their cheeks. "So Yuu? About my reward..." Erika leaned over Yuu repeatedly kissing her cheek lightly.

"Well. Fair is fair. You won our bet. What do you want to do to me. Hmm~" With one hand, Yuu caressed Erika's cheek smiling with narrow doughy eyes. Her other hand ran down her bodysuit, following her curves before jumping to Erika's suit. With one finger, she

poked Erika's obvious and revealing bulge, the fabric slightly wet to the touch with a strong warmth radiating off it.

Erika's eyes followed Yuu's fingers before switching back to Yuu's gaze. She gulped down the build-up of saliva in her mouth from the lust and anticipation. "It's a little cold here on the mountain. Isn't it? Maybe you could warm my cock up. With your mouth~" Pushing herself up off the ground, she stood between Yuu's legs.

"That sounds delicious~" Yuu shuffled to her knees and knelt below Erika staring up at her with deep passion in her eyes. She bit her lip playfully as lust took over her body. Fidgeting with her legs, she rubbed her thighs together in anticipation of Erika's large beastly cock.

Taking the zip of her one-piece bodysuit in one hand, Erika teasingly and slowly unzipped it. The steam rose from her cleavage as her huge breasts slowly separated. The sweat sticking the two together, running down the middle of her chest as her midriff was exposed. Continuing to unzip her suit, she slowed down as soon as her thick mat of white pubic hair came into view. A playful look wrapped her face as she took her chance to get her teasing revenge. Looking into Yuu's eyes, she could tell she was in a trance like state waiting for her cock. She suddenly stopped just as the base of her sheath was peeking out. "Oh. You know. It's kind of cold here. Maybe we should do this back at our cabin?"

Yuu gasped heavily in shock with a mixture of confusion and frustration. "Eh? No no no. Come on Erika. Keep going."

Wrapping her hand around Yuu's head, Erika narrowed her eyes, speaking seductively. "Beg me for it baby~"

Yuu's confused expressions soon turned soft and playful as she bit her lip. "Mmm~ Please my love. I need your cock in my mouth. I'll make your cock real warm. You can use my throat however you want~"

"That's a good girl. Now open wide darling." Taking the zip down the rest of the way, Erika's cock pinged out and slapped her stomach softly. A trail of precum dripped into the snow below as the steam rose off her smegma covered shaft. Her red rocket pulsed and throbbed as the cold air tickled her tender skin. Holding her shaft in one hand she guided the tip into Yuu's mouth and onto her tongue.

With wide eyes, Yuu felt her pussy throb from the sight of such a large and delicious meal entering her mouth. The cock of the woman she was married to, a meal nothing could replace. As soon as the tip entered her mouth, her lips clamped down around it. She swirled her tongue around the tip and grabbed the base with one hand, stroking it in time

with her head movements. She moaned softly into Erika's shaft which quickly filled her mouth, her sounds vibrating into her thick member.

With deep passionate eye contact, Erika stared down at Yuu with a doughy expression. She moaned softly, rolling her eyes back at the pleasure of Yuu's heavenly oral skills. She struggled to stand, her knees shaking from the overstimulation on the tip of her cock.

Balling the smegma from Erika's shaft on the tip of her tongue, Yuu pulled her head back. Erika's shaft bounced out of her mouth and slapped her cheek with a wet precum trail. Yuu looked deeply into Erika's eyes and stuck out her tongue, showing Erika's smegma to her before swallowing it.

The sight was gasoline to her fire, lighting her passion far beyond her previous lust. Grabbing Yuu's head with a handful of hair, she rammed her cock back into her mouth. She forced her large, thick red shaft further into her mouth, pushing down her throat. Erika repositioned her legs and began thrusting back and forth with an overwhelming lust which needed fulfilling.

Yuu's eyes rolled back, her breathing shallow, tears beginning to form at the corners of her eyes. Her moans became deeper, heavier, and more sporadic as she struggled to keep up with Erika's beast like thrusts. She ran one hand down her body and began loosely masturbating over her bodysuit. Even with this much intensity, she was still highly aroused. Overdosing on oxytocin as Erika violently used her mouth for her own pleasure.

The sight of Yuu's doughy lustful gaze combined with the feeling and sound of her moans vibration against her shaft had her close to the edge. With a climax just around the corner, Erika arched her body forward, curling over Yuu. She pushed her cock as deep as she could one final time, digging down Yuu's throat as much as possible. "Ahh fuck! I'm going to cum Yuu. Fuck~ Here it comes!" With a loud moan which echoed through the trees, Erika released her hot thick load straight down Yuu's throat and into her stomach. The knotted base of her cock swelled like a balloon within her cheeks, locking in place as neither one of them could move. Stuck together with the fruits of their passion.

With nothing to do except wait for Erika's knot to subside. Yuu gently played with Erika's fluffy white balls with a soft doting expression on her face. It was hard for her to focus with shallow breathing. But it wasn't the toughest position she had found herself in as an assassin. Suddenly she felt Erika's cock twitching and shaking. Looking at Erika, she realised she was bouncing from one foot to the other.

“I-I’m sorry Yuu. As soon as I climaxed. All my body heat left me. My stomach is cold and I-I need to pee...”

Nodding her head in acceptance, Yuu looked up at Erika with a soft content expression. Her look said it all, that she was okay for her to piss. She gently stroked Erika’s pubic hair, rubbing her lower stomach over her bladder.

Erika smiled playfully once again and licked her lips. Putting all her concentration in her cock, she began pissing. Her warm stream of golden liquid quickly filled Yuu’s mouth. Not a drop spilled out as Erika’s knotted base acted as a seal against Yuu’s cheeks. Her hot salty and sour pee flooded down Yuu’s throat, filling her stomach. Unloading her entire bladder’s contents caused a small inflation in Yuu’s stomach, visible below her breasts.

Yuu moaned softly as if the piss was the most delicious drink she had ever tasted. Her eyes rolled back once more and her body went limp with satisfaction, relaxing against the wall in a bodysuit filled with her own sweat and pussy juice.

After a few steamy minutes of being pinned to the wall by Erika’s knotted cock in her mouth. Yuu finally felt space in her cheeks and slowly pulled the still pulsing red rocket out from between her lips. With an audible squelch, a long trail of saliva and cum sprayed down Yuu’s chest as Erika’s cock began to return into its sheath. Coughing lightly, Yuu cleared her throat and stood up. “You really did take advantage of the anything rule. Didn’t you~”

Erika struggled with her zip for few seconds, eventually lifting it to her collar. She stumbled on her words as a deep shade of red covered her cheeks in a fleeting attempt to apologise. “I-I didn’t mean to. Ah. I-I’m sorry. Did I go too far?”

Giggling playfully, Yuu caressed Erika’s cheek with one hand before kissing her deeply. “Of course not silly. I loved every moment. Now let’s head back to the cabin before we freeze to death.”

Still flustered and a little confused, Erika smiled warmly and nodded her head.

Once they collected their skis the two ladies headed back to their log cabin. Throwing everything in a heap they headed to the bathroom to wash. As they enter the room Erika paused momentarily staring at the opposite side of the room. The wall had a door and window looking into a room covered in wood. “Huh? What’s this room Yuu. It looks strange.”

“That’s a sauna babe. You want to try it with me?”

“Oooh. Absolutely!” Erika dropped her sweat soaked panties and bra to the floor and grabbed a towel, entering the room. Yuu followed closely behind after neatly placing her underwear on the shelf beside the door.

Lighting the fire in the corner of the room, Yuu threw some wood on it and stoked it. The flames erupted, only quelled by the water Yuu poured over it. The steam began to flow, quickly filling the room with an unbearable heat. It wasn’t long before both girls were sitting in pools of their own sweat again.

Breathing deep and slow, Erika threw her head back groaning as she felt the aches in her body from skiing all day slowly disappearing. She wiped her brow with her wrist and licked the sweat off her lips. “Ahh. This feels amazing. Hot but good.” Stretching her arms out wide, her white bushy armpits were on full display to Yuu.

Exchanging glances between Erika’s eyes, armpits and breasts. Yuu blushed heavily wiping the sweat from under her breasts. “Yes indeed. It’s a burn which heals the body. Wouldn’t you agree?” With the sweat came the smell as both girls caught the scent of the other. An intoxicating combination of sweat, cum, and smegma, which had both girls fidgeting on their sweat stained seats.

Yuu shuffled over to Erika, sitting down next to her, the heat of the room making her scent that much stronger. She rested her head on her chest just above her breast, taking deep breaths. “I love your scent. I could live right here and be happy.”

Looking down at Yuu, Erika wrapped her arm around her and patted her head gently. “Same for me. Your smell is my safe space.” The scent of Yuu’s pussy juice and smegma caught Erika’s nose. Which came with a waterfall of saliva as she gulped in anticipation. The thirst for sex was rising the longer they stayed in the sauna.

Yuu caught Erika’s gaze once again and smiled playfully. She lifted herself off Erika and rolled onto her stomach across the wooden seat. Placing her legs over Erika’s thighs, she teasingly kicked her feet looking over her shoulder. “You want to make a mess with me~” Her doughy eyes and soft teasing was pure torture for Erika to watch.

Hastily grabbing one of Yuu’s feet with both hands, she played with her sweaty toes and soft sole. Her mouth was wide open, a trail of saliva running down her cheek at the sight and smell. Suddenly, she buried her nose into Yuu’s sole, the smell overwhelming her senses. She moaned softly, the sour salty mix was pure heaven for her. Gingerly, she poked her tongue out and began licking Yuu’s sole. With small circular motions she covered her entire foot from heel to toe. The act of devoting herself to Yuu’s foot had her hard and ready for a second round. Her cock bouncing around as she enjoyed her foot.

Yuu moaned lightly, aroused by the sight, looking back at her with doting eyes. She trapped Erika's cock between her thigh and calf of her free leg, stroking it loosely. "Oh yes baby. Mmm~ I'm so wet for you. Fuck me already." Her lust and arousal had made her impatient, begging for Erika's cock. She slapped her own ass with both hands, the sweat drops splashing off. Grabbing her cheeks, she spread her butt wide, showing both her holes to Erika.

Launching at Yuu like a wild cat, Erika dove on top of her. Yuu's legs and ass between her legs. She slapped her cock down on Yuu's ass soaking it in sweat. Burying her hands in her soft cheeks she squeezed them together around her cock, grinding loosely. The heat made it hard to focus, her rhythm off beat. After coating her ass with precum, Erika grabbed her throbbing shaft and pushed the tip against Yuu's soaking wet pussy. Slowly gliding into her tight pussy, Erika gasped audibly as she felt the overwhelming pleasure of her lover's pussy wrap her shaft.

Yuu arched her back, she moaned deeply under the intense sauna heat and the divine pleasures of Erika's cock sliding down her vaginal canal. As she was lying on her stomach with her legs together, her walls were tighter to Erika's cock. She felt every inch of the shaft deep inside her. The pleasurable feeling suddenly escalated as she felt the tip slam against her cervix. Collapsing forward, her breasts pressed down on the sweat stained wood beneath her as her arms launched forward. Relaxing her body, she gave herself to Erika in full. "Oh yes baby. Fuck~ So deep. I'm yours. Use me all you want. Mmm~"

Yuu's words were fuel to Erika's fire, her heat exhausted body snapped into gear. "Oh Yuu. I love you. You always know how to turn me on." Her movements were no longer shaky as she started to glide in and out of Yuu's tight pussy. Her thrusts were no longer sporadic, finding a fast and deep pacing. She moaned softly every time her cock slapped off Yuu's cervix. The sound of her hips hitting off Yuu's large tight ass filled the room accompanied by the growing scent of sweat and sex. Erika's grip on Yuu's back became loose as the sweat made it hard for her to grip. Launching forward, Erika collapsed on top of Yuu, her weight pressing them to the bench.

Her position was now a tight hold on Yuu, her shaft forcefully raking out her insides. The weight pressing down on her heightened her arousal and Erika's scent from her bushy armpits was melting her mind. She was in a lustful hot hell and enjoying every moment of it. Erika tried to climb off Yuu and back to her knees. However, Yuu swung her legs up into Erika's back pushing her forward onto her body again.

Caught by surprise Erika buried her face next to Yuu's ear, talking seductively. "Oh? You like this darling? Then let's stay like this for a long time~" Giggling softly, she teasingly nibbled on Yuu's ear causing her to moan loudly with her mouth wide open, the saliva dripping off her tongue. With long hard thrusts, Erika ploughed her red-hot shaft deeper into Yuu's pussy. She could feel herself getting closer to the edge, pausing after every thrust to hang on longer.

Yuu was close to cumming herself, tensing her ass muscles together to edge just a little longer. However, it was her last act before violently squirting. Her legs tensed up, shaking heavily, her toes scrunched up into balls. She moaned in a high pitch as her pelvic muscles tightened further around Erika's cock. Her convulsing pussy shot her sticky nectar under her legs, dripping between the wood slacks on the bench.

Yuu's pussy milked Erika's cock, it's tight hold and pulsing feeling was overwhelming. Erika threw her head back moaning loudly, her shaft in agony at how tight it was. With this intense sensation, she fired her hot sticky load deep into Yuu's pussy, coating her cervix. Her knotted base ballooned in her pussy, inflating within, causing her labia to stretch. Erika collapses on top of Yuu completely, her entire weight pressing down on her. She moaned loudly, as the sweat dropped off her body, pooling on Yuu's back.

With Erika's cock knotted inside Yuu, they stayed on top of each other soaking in sweat as her cock emptied a huge load deep inside. Panting heavily, both girls moaned loosely as the heat of the room mixed with the smell had them both feeling extra sensitive. The pleasure they shared was overwhelming, an addictive dose of oxytocin. However, with the heat and fatigue of skiing, they both felt tired and weary.

Erika felt her cock loosen and slowly began to slide her cock out, which was still raw and throbbing. She found it difficult to pull herself up off Yuu, the sweat sticking them together. Her huge wet breasts dripping as they slowly pulled away from Yuu's back. Collapsing backwards against the wall, Erika gasped loudly as her cock slapped out from between Yuu's labia. Cum sprayed across the room as Yuu's pussy pushed out the abundance of cum. The room suddenly turned sour as the scent of cum mixed with the sweat.

Yuu lifted herself off the bench and sat next to Erika. Her breathing was heavy and slow, her body marked with the imprint of the wooden boards across her breasts and stomach. She smiled softly with narrow doughy eyes. "Wow... That felt amazing babe. I can hardly breathe after that. Mmm~" She ran her finger over Erika chest before licking the sweat off her finger playfully.

Erika sighed deeply smiling back and ran her fingers over Yuu's thigh. She pushed two fingers between her puffy vulva and rubbed her clitoris. Pulling her fingers back she sucked on them, melting in the taste of cum and pussy juice. "Mmm~ Yeah baby. I thought I was going to pass out from heat though. But it made it much better."

"Mhm. Now let's go take an ice back to cool off." Standing up, Yuu stretched out wide with a cute groan. She held her hand out for Erika to take with a wide smile. The cum still running down her leg as she exited the sauna and headed to the baths.

After a quick ice bath, both girls felt their pains washing away as they got ready for the night. The rest of their vacation was filled with sex and skiing. What better way to enter into the winter period.
