Summary: Part 5 of [Dom & Subs](#). Ibara moves in with Izuku, Ochaco, and Momo. To celebrate, Ochaco and Momo tie Ibara up and present her ass to Izuku and he takes her anal virginity. Ochaco and Momo also kiss Ibara to congratulate her for losing her anal virginity to their shared man.

Izuku isn't all that surprised when he comes home to the girls waiting for him with a 'present'. After all, he'd known ahead of time that Ibara was moving in with them today... so the logic leap from there to Ochaco and Momo offering her up to him in some way wasn't all that difficult to make.

As such, as he steps into the bedroom to find what they've done with the green-haired woman in his absence, Izuku doesn't stop in shock or anything like that. He does pause to admire the view, however.

Stripped completely naked, Ibara has been trussed up and dangled from the ceiling in a very similar way to how Izuku has had his way with both Momo and Ochaco in the past. Unlike those two, however, her hair has been incorporated into the bondage.

Her long, green tresses have been bundled up and tied off into a ponytail, which has then been dragged up into the air above her head and connected to a chain that in turn connects to the hook she's dangling from. The rest of her body is much the same, with her limbs pulled up behind her back into a proper point that are all connected to a chain as well.

The end result is her naked body on full display, offered up like a sacrifice to their Master, Izuku himself. Just the view of Ibara's breasts jiggling as she sways

back and forth, her body undulating a little bit and dripping in sweat from exertion, is enough to start getting him nice and hard.

Ochaco and Momo, meanwhile, are dressed in matching slutty lingerie and wearing matching beaming smiles as they present Ibara for his enjoyment.

“Here she is, Master.”

“We thought you might want to take her anal virginity, to celebrate her moving in with us~”

With that, they swing Ibara around, showing off her asshole to Izuku, all puckered and vulnerable. But... not prepared. Not entirely anyways. There's no lubrication and no toy to loosen her up ahead of time. Do they really think Izuku is going to go in dry without preparation?

Smiling, Izuku shakes his head and steps forward, reaching up to grab the chains and take control of Ibara's positioning. He swings her back around at the same time that he drags his cock out of its confines, presenting it to her face as her eyes go crossed trying to stare down the barrel of the throbbing meat cannon.

“Prepare her for me, you two. Get her nice and ready for my dick. In the meantime... tend to my cock, Ibara.”

Neither Momo nor Ochaco need to be told twice... and Ibara likewise is eager to obey. As the other two move behind her to start getting Ibara's anus ready for him, Ibara herself opens wide and lolls out her tongue, leaning forward as best she can to try and take him into her mouth.

Showing some mercy on the dangling, helpless woman, Izuku steps forward and lets her swallow his cock right there on the spot. The moment she manages to get her lips wrapped around his member, she quickly starts to bob up and down, sucking him quite dutifully and enthusiastically. Izuku groans in appreciation of this, even as he reaches under her with his free hand and begins to fondle and grope her swaying, swinging tits.

Meanwhile, on the other side of Ibara, Ochaco and Momo prove that they were always ready... they just didn't want to assume anything about what Izuku would want. They've already pulled out the lubricant and are beginning to slather Ibara's ass with the stuff, massaging it into her flesh as they make their way deeper into her ass crack and finally reach her anus.

Ibara's muffled moans and groans as the other two women start to play with her backdoor and pry open her asshole send pleasurable reverberations up Izuku's cock and through his body. He grunts in appreciation, even as he begins to pick up the pace and face fuck the green-haired woman gently.

"Hulghk... Hulghk... Hulghk..."

Her quiet choking noises fill the room as Izuku hits the back of her throat and activates her gag reflex time and time again. Back behind her, Momo and Ochaco graduate to fingering, with Momo shoving multiple digits up into Ibara's ass while Ochaco plays with her pussy. The result is they bounce Ibara further even deeper into Izuku's cock with every action, causing her gagging to increase in speed and volume.

"Gagh! Gagh! Gagh!"

Izuku tosses his head back and groans as Ibara's tight throat flexes around his throbbing mast. He's definitely ready at this point, so with one last pinch and tug of her nipples, he lets go of her tits and drags himself back out of her mouth, shuddering as his cock leaves her lips with a pop.

"Is she ready, girls?"

"Yes sir!"

"Yes Master~"

Grinning, Izuku looks down into Ibara's eyes.

“Do you think you’re ready?”

Blushing, she eagerly nods.

“Ready as I’ll ever be, Master~”

With that, Izuku reaches up and grabs the chains again, swinging Ibara around so she’s facing away from him and towards Ochaco and Momo. He grabs her by her hips, squeezing them before moving onto her ass cheeks. Now her asshole looks as it should, slightly agape and glistening with the lubricant that Momo and Ochaco have generously provided.

His cock throbs and twitches in anticipation, so Izuku doesn’t bother holding back any longer. He pulls Ibara back while at the same time stepping forward, planting his cock first between her slippery ass cheeks and then directly against her puckered, gasping anus.

Ibara shudders from the contact and then lets out a rough, wanton moan as he steadily pushes into her from behind, entering her asshole for the first time. The green-haired woman might be the most perverted of his women so far, given how they’d found her in that park, but in other ways she’s the most innocent... after all, she’s never had anything in her ass before.

That makes it all the better, hearing her voice get louder and louder as Izuku pushes deeper and deeper into her ass. He only stops at about halfway, holding himself in place and reveling in the tightness of her virgin anus as he holds her steady at the same time.

Meanwhile, on the other side of Ibara, Ochaco and Momo watch on with matching grins as her face contorts in pleasure. After a moment, Ochaco giggles, leaning forward.

“You’re doing so well, Ibara. Taking Master’s cock up your ass like that is a rite of passage for us at this point. Mm, you’re handling him just as good as me and Momo did. I think that deserves a reward!”

With that, Ochaco seizes upon Ibara's bound hair and pulls the other woman into a deep, tongue-filled kiss. Ibara's asshole tightens up around Izuku's cock at the kiss, even as she moans into Ochaco's mouth. The two women makeout for what feels like a solid minute before breaking apart again for air.

Of course, as soon as Ochaco pulls back... Momo leans forward.

"Yes, you're really doing fantastic, Ibara. I'm so glad you decided to move in with us. It means we can do fun things like this all the time with you~"

Momo kisses Ibara next, just as aggressively and domineeringly as Ochaco. Izuku watches on, still holding himself halfway inside of Ibara's ass, letting her bowels get used to his considerable size. His other pets had done their best to prepare Ibara for his cock, but fingers and lubricant alone couldn't compare to the throbbing mast that Izuku was sporting.

Still, he's not going to be idle forever. Eventually, even as Momo and Ochaco take turns making out with Ibara and celebrating her moving into their home, Izuku begins to move again. He slides out only to thrust back in, beginning to fuck Ibara's asshole with greater force and power behind each thrust.

Ibara gasps and moans into Momo and Ochaco's mouths in response, her body shuddering and shaking as Izuku drives his hot, hard length into her rear entrance again and again. Her voice would rise further and further if not for the mouths silencing her all the while.

Her body shudders and spasms, tied up as it is, her back arching even more than it is from her limbs being pulled behind her. Hips rock back to meet each powerful thrust of Izuku's hips, though that's more because of Momo and Ochaco than anything else. The two aren't just kissing Ibara now but reaching down under her to grope and squeeze her breasts as well.

Each driving thrust of Izuku's cock seems to send shockwaves of pleasure radiating through Ibara's core, making her cry out all the harder as she finally reaches her first ever anal orgasm upon his dick. The sound of flesh slapping against flesh filling the room somewhat drowns out the noises of pleasure and

the squirting that her empty pussy does even as she clenches hard around Izuku's thick shaft as it impales her again and again.

He doesn't let up, not even when Ibara cums for him that first time. Izuku keeps going, keeps fucking her ass, and keeps bringing her to the heights of ecstasy. He loves this for his girls, loves narrowing their worlds down to nothing but the feeling of his massive bitch breaker cock driving in and out of them, claiming them, ruining them for all other purposes.

In this moment, Ibara is no Pro Hero. In this moment, she is merely a woman utterly lost to the throes of carnal, anal bliss... his little anal fuck pet.

Finally, unable to hold back any longer, Izuku thrusts forward one last time before cumming in Ibara's ass. In response, Ibara breaks free of Momo and Ochaco's lip locks, throwing her head back as a guttural, primal scream leaves her lips. She no doubt feels it as his molten cum floods her bowels, coating her anal passage. Her body convulses some more, a devastating and mind blowing orgasm crashing over her as she squeals.

"YES! FILL ME, MASTER! PLEASE FILL ME!"

Ibara's wails are raw as can be, her voice that of ecstasy and bliss. Her inner anal walls clench down viciously, squeezing and milking the throbbing shaft buried inside of her, as though desperate to coax out every last drop of Izuku's cum.

Her arms and legs flex and pulse, her limbs vibrating with the force of her final climax. Her body thrashes a bit until Izuku holds her steady, keeping her still while he plants his seed deep inside of her backdoor.

Until finally, it's over. Ibara weeps happy tears, shuddering and sobbing as Izuku pulls out of her ass. Immediately, he moves to tug her down from the ceiling and begin to untie her on the spot. Ochaco and Momo help him do so, whispering soothing words to the green-haired woman as her body shakes and spasms with the aftereffects of what she's just been through.

The four of them retire to the bath together, and thankfully it's big enough for all of them. They might have to get one that's even bigger sometime soon if Izuku's... stable continues to grow. For now though, he's happy to hold Ibara in his lap, his cock nestled between her thighs as he hugs her until she stops convulsing, letting her come down from everything.

Then, he and his other two pets make sure to wash Ibara clean, treating her gently and giving her the aftercare she needs.

After all that, it almost feels surreal to sit down an hour later and have a nice, lovely dinner with just the four of them. And yet, Izuku wouldn't trade any of it for anything in the world. He's never been happier and he's confident that all three of his girls would agree.
