This old and well worn tome has a thick layer of dust that has worked its way into every page of the book. The cover is emblazoned with the words "Ashes to Ashes" and the spine bears a foreboding skull. It smells of old and musty paper and is overall gritty to the touch.	
The <i>Omnidust</i> can hold 100 spells but the following spells are always present in the book, can't be removed from it, and count against the total: <i>befuddle</i>, <i>figment</i>, <i>ghostly carrier</i>, <i>message</i>, <i>phantasmal minion</i>.	
Activate ➡ (manipulate); Frequency Twice per day; Effect You slam the book shut unleashing a cloud of putrid dust in a 15-foot emanation around you that persists for 3 rounds. While you are in this cloud, you are Concealed to other creatures. Any creature other than you that ends their turn in the cloud takes 2d10+2 negative damage (DC 19 basic Fortitude save) from inhaling the dust.
