

First prey

(Pub ambience. You can listen guts in the distance, burps and such. Its a "vore allowed place". Flirt and Eat! If you indeed flirt. You approach one prey alone)

(She is talking on her phone)

Yeah, you should have looked at the previous one that showed up. Wait, Hang on. Here comes another. (She ends the call)

Well, if It isn't another morale boost for me! Drop your pick Up line, and be on your way. I was talking with a friend.

Tell her to join us? (Small laugh->) Finally someone Who might be worth my time. My name is Caroline, but I honestly don't care about yours. I'm looking for some fun~ Around here, you know? Up until now I only received the lamest of pick Up lines, so I really hope you are different. I'm a bit exquisite with my pred, but let me tell you, I'm ~Very~ worth the effort.

So! What do you got to offer? Your looks are not definetly on the table. (Short pause) B-before that know me... better... you say...? (A bit blushy, shocked) I... Think none other a-asked me that... c-care about me, Caroline, not just a blob of meat...

(Clears her throat) Well, my name is Caroline. I was a pred at first, but kinda switched sides. I like to read on my free time, fantasy or mystery. My little guilty pleasure are... Ch...

Cheeseburgers. Grab a docen and lock them in a room with me. Other than that I do sport, and I have something special for Opera.

Why did I switched sides...? You see...? Cheeseburgers are way easier to catch and have far more flavour than a rusty bunnygirl. (Short pause) Yeah, not free but... Who cares...

(Like really asking to herself, thinking on the answer as she looks Up) Why did I turned to a prey...? (Finish asking to herself) I grab way more looks this way~ I got your atention, didnt I~?

(Small chuckle) Yeah, I could figure that out~ (A bit surprised) Oh! You are also a bookworm? Feels like our thing is a bit special. (Blush, but confident) You don't want just any prey, and I don't want any pred. Why not move to a private space and...? (Interrupted)

Wh... What else I have to offer...? (Fast, a bit Nervous) What do you mean? I'm looking tasty, I'm interesting, and a premium quality meal and company! We have a LOT in common! You want me, and I want you! So follow me to... (Interrupted)

Yes they are good prey qualities!! (short pause) Y-yes I have more but you dont let me...! (Interrupted) (You move your chair, as you start to Leave) N-no! Dont Leave me...! (Desperated) What do you want in your prey?!?

(You get dangerously close to her. Steps and then a sudden movement to trap her) (Gulps saliva) (Soft panting/heavy breathing. From here one sounds horny) W... Willing...? F...! Fine...! I want you to...! (Gulps saliva) (Small panting) To...! To...! You know... ME...! (Soft panting) So come to my House and...! (Short pause) He...? Here!? (Panting) Oh.... Okay! T-t-t-then do It...! (Interrupted)

(You finally eat your prey. Swallowing sequence. She only throw Soft moans as you go, head first) (Thunderous burp)

Second prey

(The prey moans every so often Among a ton of gurgling and bubbling) (A small crowd cheers the act) (You sit again, with your Big gut working its load) (Another gal approaches clapping)

Wooooow that was quite a spectacle! (She sits with You) I wish I met you before her~ (short pause) Oh I cant get to know you now~? (Laugh) Arent you a greedy one~? (Short pause) (Big laugh) (Final sigh after laugh) I still haven't seen anything~?

(Her voice is getting aroused. Her breathing is a bit heavy, but not too obvious) Oh god I thought I already Lost that train...! (Small panting) What is next~? Going for dessert~? (Panting) (Gulps saliva) (Excited, horny) Im still an apetizer!? (Heavy Panting)

(As she pants, she gets on top of the table) (Aroused, playful) Good prey qualities, was it~? (She deep kiss you) How would you rate taste~? (Soft panting) (Another Big burp comes out of you) (Soft moans) (Heavy panting) (Mid panting) You are a box...! Of... surpris...! (Interrupted)

(Second swallowing scene. She is panting excited, throwing soft moans every so often. Your gut moves the table as It grows to acomodate the new prey. One final massive burp, followed by few bellypats. The two preys inside moan quite often)

Third prey

(One cute, but quivering voice sounds behind you)
E-e-excuse... m-me...! (You get around as your belly stumbles upon a few props) I-I-Im m-m-making a st-t-tudy for... For the... y-y-you know...! The... P... Prey organization...! N-No thats dumb...! Its theeee...! Uuuuhhhmm... P.V.C...? No thats a plastic...!

(Meaty bop as your belly corners her against the wall) (She starts breathing extremely quickly. It evolves to panting soon as your silence continues) (As she pants) Or... Y-y-you can eat me... p... please~?

(Orders were clear. Little after she says that, a Big moan comming from the inside makes her look at your gut. You throw her head down your gullet, third swallowing scene. It ends with yet another great burp)

(The prey adds even more moans to your already Loud ~harem~)

Fourth prey

(Excited, only a bit horny) That was AMAZING!! Do you have room for another? What a question. Im sure you do. Can you eat me please please please please pleas...~? (Interrupted)

(You slam the floor, its your decision. The gal is a bit shoked) Chill! Chill! I thought you had room for more! (Short pause) (Sigh) What a way to ruin your character...

(You burp on purpose and a few moans come from your inside) Come ooon...! You are just teasing me! Eat me already! (You aproach her - steps)

I dont... Decide when Im... Eaten...? Thats nonsense!! Im the one Who...! (Interrupted, as she listens) You...? Decide when you want to eat...? (Gulps saliva) (Small panting) Ooohh~ And you great me like Im the small thing~ (Moan) okay...! Okay... (Submissive) you... (Small panting) decide... I will... behave... When will you...? (Short pause)

(You get Closer to her. Her breathing agitates pregresively. Breathing quickly through nose, breathing through mouth, Breathing quickly with Desire through mouth. You bend down to her ear)

NOW?!?!?

(You quickly shove her down your throat. You decide when you want to eat, not your prey. The gal moans loudly as she goes down. Now she moans with the other three inside you)

(One final burp. Followed by some bellypats. You find a chair close and get a seat. The Rest is only digestion, burps, and moans for the Rest of the audio (2-3 mins)~ Time to enjoy your well earned meal~)
