Summary: Part 13 of ["Diplomacy"](#). Yugao knew her assignment was bogus. Why would Naruto, of all people, need a secret bodyguard? However, orders are orders and she had been a hidden witness to all of Naruto's sexy times throughout his diplomatic mission. It had been a long time for her, and when Naruto discovers her presence, what can she do but submit to the stronger ninja? All the while, Karin watches in the background.

-x-X-x-

“You’ve seriously been following me since I first left Konoha?”

“Tch, don’t act like you didn’t know, Uzumaki. Nor that you weren’t aware of me watching you with all of those women.”

Naruto stares down at the purple haired kunoichi kneeling in front of him, deft fingers already pulling down his pants and dragging his cock out of its confines. He... really hadn’t known she was there all this time. Yugao Uzuki, an ANBU from Konoha, had apparently been his secret bodyguard since before he’d even bred the Mizukage! And he’d... somehow missed it?!

That was pretty embarrassing... and given Karin was watching from the sidelines with wide eyes and a red face, Naruto was disinclined to tell Yugao she was wrong. So, letting out a sheepish laugh, he rubs a hand along the back of his head and shrugs.

“Yeah... I guess I was.”

He wasn't. He really wasn't. But that doesn't seem to matter now at least. Yugao had finally revealed herself to him... and all because she'd apparently had enough of being a voyeur and was finally ready to join in on the fun... and she definitely wasn't about to let Naruto make any excuses for why she shouldn't be allowed.

Not that he minded, to be quite frank. As Yugao takes his cock in both hands, stroking him to full mast before placing the tip of his dick between her lips, Naruto tilts his head back and groans. She swirls her tongue this way and that, suctioning down with her lips on his cockhead, and causes a full shudder to go through him as her moans reverberate along his length.

"Fuck Yugao..."

Sucking hard for a moment while stroking him, Yugao focuses all of her attention on his cock. Then, she pulls back for a beat, glaring up at him.

"All this time, all these months... you could have just let me know you knew I was there. You could have had me join in."

Naruto flushes at that but quickly rallies and raises a brow.

"Could I have? Would you have accepted such an offer early on?"

It's Yugao's turn to blush, her gaze dropping from his face to return to his cock as she somewhat sullenly admits the truth.

"... No. I would not have. I... I was still lost in my grief."

That's right. Naruto remembers now, Yugao had had a lover once, a valiant and stalwart shinobi of Konoha who had been slain in the build up to the Sand-Sound invasion. Naruto had been so young back then. That had been almost a decade ago at this point!

But grief had no time limit. Love didn't understand something like 'just get over it and move on'. Sometimes things didn't just 'go back to normal'. But apparently

Yugao following Naruto around and watching him dick down every single kunoichi he met except for her... had finally snapped her out of it.

He doesn't give condolences and Yugao doesn't bring it up again. Instead, she seems quite happy to set aside that topic and focus on the matter at hand... which in this case is literally his cock, held in her hands as she begins to descend further and further down his dick.

Naruto groans, tossing his head back in audible enjoyment as Yugao's lips slide along his shaft until she hits the back of her throat... and keeps going. She's definitely seen enough women deep throat his cock at this point, seen them all gag and choke and face fuck themselves on his member for his pleasure, because that's exactly what she does too.

"Glughk! Glughk! Glughk!"

Placing a hand atop her head, carding his fingers through her purple hair, Naruto hisses as the gorgeous ANBU goes to town on his dick. Then, he glances over to where Karin is watching on, her face as red as her hair. Meeting her eyes, he smiles.

"Don't feel like you have to hold back, Karin. If you want to play with yourself, you should."

Yugao pulls back off of his cock at that, gasping for air as she shoots a glare over to Karin.

"But keep it to that, you hear me? I'm not interested in sharing right now. So you'd better keep your hands to yourself."

Karin's eyes dart between the two of them, Naruto's smiling face and Yugao's intense scowl, and she quickly nods her head in agreement, mostly to Yugao's ultimatum. Though after a moment, her hands DO hesitantly start to wander down her body.

Meanwhile, Yugao returns to sucking and choking on his cock with a fervor that has Naruto smiling, her gagging sounds filling the air as she forces her way all the way down to the base of his dick.

“Gagkh! Gagkh! Gagkh!”

Her tongue swirls along the underside of his shaft whenever she pulls back, but his member never fully leaves her lips, which are suctioned down hard the entire while. Until eventually, Naruto groans again, feeling himself approaching the edge.

“Here it comes, Yugao...”

He warns her because he’s a gentleman like that... but as Naruto sort of expects, Yugao just redoubles her efforts, throating his cock even harder... just like all of those other women she’s been watching him fuck all this time would have.

Groaning, Naruto finally tips over, coming undone right then and there and shuddering as Yugao sucks and begins to swallow continuously, clearly prepared for this moment despite it being the first time they’ve had sex. But clearly she had some excellent instructors, even if they didn’t know she was there or that they were instructing her.

She swallows every last drop, guzzling down Naruto’s entire load, and gulps away until his balls are empty. Then, she pulls back slowly, still sucking and slurping hard in a clear effort to keep him fully erect. She needn’t have worried... Naruto’s first load is always just a warmup. He’s ready for action, that’s for sure.

As Yugao draws herself off of his cock with a pop, looking up at him with lidded eyes and flushed cheeks, Naruto grins and begins to strip the rest of the way naked right then and there.

“How do you want it, Yugao? You’ve certainly got enough experience to just tell me exactly which moment you’d prefer I recreate with you.”

The ANBU blushes harder at that, even as she leans back on her knees and also begins stripping naked. Soon, she's completely nude before him... only to promptly turn away and get on her hands and knees for him, arching her back and reaching behind herself to pull apart her thighs and expose her glistening wet pussy.

Naruto arches a brow and makes a curious noise in the back of his throat, even as he steps forward with cock in hand.

"Huh... kind of vanilla, isn't it?"

Yugao scowls at that.

"Tch... it's a classic position for a reason, is it not?"

Well... fair enough. Naruto nods and kneels behind her, grabbing hold of her ass and placing his cock against her slit. Yugao tenses but he barely even gives her a chance to let any anticipation build... after all, he wants to be inside of her already!

With a grunt, he thrusts forward and sheathes himself in Yugao's cunt, causing the purple-haired kunoichi to cry out as she's spitted upon his prick. His cock stretches her inner walls nicely, her pussy splitting open for him and spreading along his girthy length.

She's extremely tight... but then to be fair, from what Naruto knows, it's been a long time for her. More than that, she's a trained killer ninja just like him, so of course she's going to be absurdly tight with how hard she works out and how fit she is.

Indeed, while she does have a little bit of cushion in her ass and hips to reveal that she IS still a woman, the fact is... she's mostly lean muscle and toned physique, the sort of body that one would anticipate a member of ANBU having.

Doesn't stop Naruto from fucking her silly though!

SMACK! SMACK! SMACK!

Right off the bat, he sets a relatively punishing pace, driving into her from behind with considerable strength and plowing her pussy deep with his rock hard cock. Yugao moans in response, pushing back into his thrusting hips in turn and shuddering before him.

All the while, Karin is off to the side, one hand on a tit and the other in between her legs, her fingers pistoning in and out of her cunt as she tries to match Naruto's pace.

She's not quite able to manage it though, not even with her fingers. Naruto is just going too fast and too hard, because he knows Yugao can take it. And he's proven right as she cries out for him, cumming in no time at all around his cock.

That first orgasm gushing down his length as he pistons in and out of her pussy is just one of many. Naruto fucks Yugao through climax after climax, pounding her cunt into the shape of his dick with reckless abandon. He might not have known she was following and watching him on his diplomatic mission all this time... but now that he DID know, he certainly wasn't going to turn down an offer like this!

That said, her tastes are a little bit too vanilla. Doggystyle? A woman of her talents? Naruto scoffs and decides then and there to introduce Yugao to something a bit more... special. Reaching down, he hooks his arms under her legs... and with his cock still buried in her pussy, proceeds to heave her up off of the ground entirely.

It's a bit of a dangerous move, mostly for him. If she spasmed or struggled in any way, he might very well have broken his dick! But luckily she's too caught off guard for that and he's too quick for her to react to.

"Wha-hey!"

In an instant, they go from fucking doggystyle to Naruto holding Yugao aloft... in a Full Nelson, of course. His hands slide behind her head and interlock his

fingers together as he folds her up, forcing her extremely flexible toned body to contort for his pleasure.

She's trapped in his bulging arms in an instant, left in a somewhat humiliating position for Karin to watch as she breathes so heavily she fogs her own glasses up.

"You... b-bastard!"

But despite her words, Yugao doesn't sound angry. In fact, her moans only grow in volume as Naruto bounces her up and down on his dick, taking full control of things. Held aloft in his arms, Yugao has no leverage anymore. She's been reduced to nothing but a fuck hole for him to plow senseless. Not a bad state of being to be fair, he's a very attentive lover~

PLAP! PLAP! PLAP!

The sounds of flesh slapping against flesh and both cock and fingers squelching in and out of pussy fill the area, with Karin fingerbanging herself into oblivion while watching Naruto pound Yugao into a similarly insensate state.

He fucks the gorgeous ANBU hard and fast, knowing she can take every last inch of his cock and every last ounce of his strength. Yugao responds by cumming over and over again on his dick, until she's reduced to nothing more than a gurgling mess bouncing on his cock.

Only then does Naruto let himself tip over the edge with a groan, proceeding to paint Yugao's womb white with his seed as he fills her to the brim and then some. He cums and cums for what feels like an eternity before his balls are finally emptied again and he slumps a little bit.

Not too much though, considering he's still holding Yugao aloft. As he finishes though... well, he can't help himself. Yugao might have said Karin wasn't allowed to participate, but she's in no position to deny the other woman anymore. Walking over to where Karin has fallen to her knees while feverishly masturbating, Naruto pulls Yugao off of his cock and lets his messy dick flop

down onto Karin's face, making a complete and utter mess of both her and her glasses. As his cum drools out of Yugao's cunt however, Karin doesn't disappoint... she begins to lap up his dick and suck down his cum as it falls onto her face, moaning happily all the while~

Heh... good girl.
