

(You are running away from a gigant, and you hide inside a Bush. You can hear your heart race. Bit of leaves move behind you, meanwhile the gigant makes weird noises as she searches for you. A tigergirl sneaks In behind you)

(Low volume, nearly whispering) Hey~ Who are you running from~? (Short pause) Don't be scared~ If I wanted to eat you, you would be squirming inside me already~ (tiny chuckle) I protect aaaaall preys in my territory as if they were me~ Basically because they will eventually be mine~(She Slowly licks her lips) (Two bellypats)

(Serious tone, still whispering) In my territory, the only pred you should be worried about is me~ (tiny sexy chuckle) Let me handle your little friend~ I Will eat you another time~

(You Take your leave, leaving behind the Tiger and the gigant. Soon after, a Big burp is heard in the distance, as birds fly away scared. As you arrives, the tigergirl sits on top of her gigant-stuffed gut. Her random moans are due to the gigant's struggling)

(Lick 3 fingers, one after another, like slurping Cheeto dust in between them) Haven't you ever seen ~Aaaahhnn~ a Tiger eat or what~?

Get out from there, the spectacle is OVER~ (Short pause) Oooh~ You are the morsel from... (Moan) ... From before~

(Laugh loudly) (Happy, not menacing, like talking after an honest laugh) You see me digesting 5 tons worth of meat still alive and "cute" is the only thing that comes to your mind? (Small laugh, an echo of previous laugh) You are definitely an interesting one~

You won't have more of these guys around here, do you~? (Short pause) If there were, they'd be mine already~? (Small chuckle) So eager to feed me~ Come closer, you have my attention~ Be careful, too close Will get you eaten~

(She grabs your hands really quickly) (Teasy, but still Assertive voice. Close to the mic) I got youuuu~ (Small chuckle) First time I get a prey this way~ I Will tell you something though~ My moaning was completely honest~ Such a good rub~ Now, preys were preys belong~ (Licks lips) (Open mouth trying some saliva to sound) (She burps on your face loudly)

the feeling of the hunt. You'll need to be a bit harder to catch than that, honey~ Look at the bright side! A bit less calories I gotta...! (You steal a kiss from her) (Small, slow panting) (While panting-> ) Giving me... A t-taste of your flavor... So I can't resist... (Lick lips) (Suggestive, close to the mic) Well played... You win.
