

THE SCHOOL OF SORCERY

PART 07

The doors have opened once again! Hundreds of students from familiar faces to greenhorns walk through these prestigious halls, scurrying to their respected houses in a hurry for further details regarding their curriculum.

One new face is Adam, a Halfling that even for Halfling standards is considered a tad bit short. No wonder he's unoriginally nicknamed 'The Quarterling' by his peers. Adam, who proudly boasts the school's emblem on his left chest, comes from humble beginnings and is the pride and joy of his little village. His heart's aflame with passion as he makes a beeline towards the Study Corner for a head start. He sweeps the floor with his oversized red cloak and a stack of books in hand.

Entering the Study Corner is by no means

an easy feat. To enter, one must first charm the gatekeeper. Luckily, what Adam lacks in height, he certainly makes up for with appeal.

Long wooden tables align near three windows on the lower floor, while the upper floor features thousands of books, ranging from powerful sorcery to the history of Arcane. Adam grabs a random book from the shelf and excitedly speaks aloud: "Time to dive in!"
