Summary: Part 4 of [Power Couple](#). Akeno is Rias's best friend, and she knew everything. She knew about the marriage (actually being a witness), about Issei's sexual proficiency, and even about Rias's fetish before the red head herself knew. And now she has a chance to enjoy Issei, the only man her heart desires, while also feeding her own kink of cucking her best friend.

"Sit."

Unlike with Asia and Koneko, they don't meet in Rias' office for this next time. Instead, they wind up going to a love hotel. But then... Rias isn't really surprised by that. In fact, she was sort of expecting it. Just as she was expecting her long-time friend Akeno Himejima to act exactly as she's acting now.

The raven-haired woman, a buxom beauty without parallel (unless you counted Rias herself, which Rias didn't but Akeno did), stands there and points imperiously at the hotel room's chair. Said chair is positioned in such a way that its facing the hotel room's only bed. In common terms, most people would call this chair... the cuck chair.

Smiling slightly, Rias makes her way over to the chair that Akeno is pointing at it and sits down. As soon as she does so, Akeno's eyes flash, her gaze sharpening.

"Hands on the arm of the chair, Rias. And nowhere else without my permission."

Heh, so aggressive... so demanding. And yet, Rias nevertheless does as she's told all the same. The moment she has, the moment she's submitted, Akeno whips around to the room's third inhabitant, suddenly all smiles.

"And you, Issei... please sit on the end of the bed for me~"

Issei arches a brow but shrugs and does so. He, just as well as Rias, knows already why they're here. Rias didn't keep secrets from her husband after all, and she'd told him back when they got married and Akeno had been the witness to their secret wedding that eventually Akeno might want something more from them... if they ever opened their relationship.

Obviously, Issei hadn't believed they would be ever opening their relationship at first, so he'd shrugged it off and forgotten all about it. But Rias hadn't. And neither had Akeno. So now... here they were.

Once he's seated, Akeno's smile grows wider and she saunters over... before dropping into a sexy crouch, her ass bouncing as she brings it to a rest on her heels in a difficult posture that she nevertheless makes look quite easy.

Flicking open the buttons on her blouse, the beautiful raven-haired woman reveals she's not wearing a bra, freeing her massive creamy milk jugs from their confines with one hand while reaching out and beginning to dexterously open Issei's pants with the other.

"Rias has been very, very naughty you know? As long as you two were mutually exclusive with one another, I was content to sit on the sidelines. Even as much as I wanted to be with you, Issei, I didn't want to get between the two of you. For all that I've been carrying a torch since you started working at the company... well, my friendship with Rias was more important."

Shooting Rias a look, Akeno huffs and pouts up at Issei.

"So imagine my chagrin when I find out you two have opened up your relationship and that innocent Asia and that conniving minx Koneko have been wound up on your big fat cock before me!"

As she says this, said big fat cock finally pops free... and Akeno immediately wraps her tits around Issei's dick, sliding her massive mammaries along his growing phallus and stroking him towards full mast.

"That's why you and I are going to have fun today... and Rias only gets to watch. If she's a good girl, we might let her touch herself, but no matter what, I want to be the only woman bringing you pleasure tonight, Issei. I want to be the only woman fucked on this cock tonight. Is that alright?"

Akeno already knows that it is, of course. Just as she knows that Rias set this all up for her sake more than anything. Rias knows Akeno has that kind of fetish... the sort of fetish where the sadistic woman gets off on 'stealing' a man from another woman. She also knows that Akeno would never, ever actually try to steal Issei from her for real.

However, by going with Asia and Koneko first, Rias has given Akeno a reason to feel a 'righteous' sort of anger over things. She's effectively given Akeno carte blanche for all of this... so long as Issei is on board.

But then... of course he is. Flashing Rias a look, Issei chuckles as he looks back down at Akeno, the sound rumbling in his chest.

"Sure. Sounds good."

Akeno lights up at that and then immediately leans forward, her lips opening wide as she takes his throbbing cockhead into her mouth right then and there. The rest of his pulsing shaft is still buried in her tits, but now that Issei is fully erect, he's protruding out of the top of her cleavage by a few inches.

The next several minutes are filled with Rias watching her husband get pleasure by her best friend. Humiliating? Definitely. Degrading? Maybe. Extremely, absurdly arousing? Yes. Because while Akeno had a fetish for stealing, Rias had a bit of a fetish for being stolen from.

Oh, it wasn't like she was a full-time cuckquean or anything like that. She had a litany of different kinks she loved exploring with her beloved husband. Everything from being fucked silly and dominated by his cock, to feeding him innocent virgins like Asia, to anything in between.

But as hot as feeding him an innocent virgin like Asia was... being made to watch as a total man-eater slut like Akeno sucks and fucks him right in front of her is equally hot. And so Rias squirms, gripping down on the arms of the chair she finds herself in, her pussy growing wetter and wetter as she watches Akeno go to town on Issei's cock.

Until finally, Issei groans and begins to cum. Akeno pulls back off of his cock with a pop at the last possible second, gasping as she proceeds to take his cum all over her face in a consummate facial. spurts of seed splatter her features, coating her from forehead down to her heaving tits as he cums.

When Issei is done, Akeno is a mess... but then, that's clearly by design. She crouches there for a moment, collecting a dollop of his seed from her tits and sliding it into her mouth, sucking the digit clean with full lips. Then, she rises to her feet and begins to strip naked the rest of the way right then and there.

Rias and Issei both watch on, Issei's cock still twitching and pulsing and hard. Rias' cunt is flexing and clenching around nothing at all as she holds back the urge to whimper. But then... Akeno suddenly turns to her. Wearing nothing but her birthday suit and Rias' husband's cum, Akeno saunters over to where Rias is sat in the cuck chair.

Then, she reaches down and grabs the top of Rias' hands, giving them a squeeze as she pins them in place. Smiling a positively wicked, evil, and altogether sadistic smile, Akeno bends over rather languidly, arching her back and jutting out her ass as her eyes twinkle with avarice and mischief. Then, she begins to swing her hips back and forth in Issei's direction, all while her massive cum covered tits are mere inches from Rias' face.

"Come and fuck me, Issei. I want to see the look in Rias' eyes as she watches a real woman get fucked by your big... fat... cock~"

Diabolical. It's not just that Akeno is giving Rias a front row seat to her own cucking, after all. She's also dripping Issei's cum all over the place... but none of it is landing on Rias' face. Instead, it lands on her heaving tits, soaking into her shirt, or it lands further down in her lap.

Regardless, she can reach neither without trying to contort her body, and she knows if she did so that Akeno would of course punish her for it.

Issei stands up and walks over, cock in his hand as he approaches Akeno's beautiful, heart-shaped ass. His free hand comes down and grabs a fistful of Akeno's derriere, making the raven-haired woman moan happily right in front of Rias' face.

Then, he pushes her legs apart, lines up, and thrusts into Akeno from behind rather unceremoniously. For a moment, Rias sees surprise on Akeno's features, her mouth forming a small 'o' as it all happens so quickly. But to her credit, the other woman quickly recovers, shuddering in ecstasy as her pussy walls no doubt grip down HARD on Issei's cock.

Not that he lets that stop him. One hand gripping her hip, the other reaches out and grabs hold of Akeno's absurdly long ponytail, yanking her head backwards as he uses her hair like reins. And then, without further ado, Issei begins to fuck Rias' best friend right in front of her. Not just right in front of her, but literally practically on top of her!

SMACK! SMACK! SMACK!

The aggressive noises of Akeno being fucked silly in front of her eyes are one thing, but even more of Issei's first load is slipping off of Akeno's swinging tits and splattering all across Rias' front. Somehow, not a single drop winds up on her face though, otherwise Rias might have been able to at least trace out her tongue and lick it up.

But no, instead all she can do is sit there as her best friend cucks her with her husband, getting fucked pretty much atop her and making the most enjoyable

faces. Akeno's eyes go crossed, then start to roll up in her head. Her mouth opens at first in a constant wanton moan before her tongue starts to loll out between her lips.

The more Issei fucks her, the more turned on Akeno gets, squealing and shuddering and groaning all the while. Until finally, she experiences a mind blowing orgasm that makes her squeal even louder, right in front of Rias' face.

Rias whimpers, wanting nothing more than to touch herself. Or, failing that, she'd love to lean forward and lick Akeno's face clean with her tongue. Hell, she'd even settle for kissing Akeno's cum-coated lips, exploring the other woman's mouth with her tongue in a hot makeout session. She'll take anything at this point!

But alas, she can do nothing. Akeno continues to hold her hands down on the arms of the chair (the cuck chair) and she remains just out of reach for Rias. And Rias knows if she exerts herself, Akeno will come back to her senses in just a moment, just to put her in her place.

All she can do is watch, ultimately, until finally Issei slams into Akeno from behind one last time and proceeds to creampie the buxom raven-haired beauty right there on the spot. Akeno shudders and quivers and trembles over Rias as this happens, gurgling happily all the while.

Then, using his grip on her hair and hip, Issei drags Akeno back away from Rias, leaving her sitting in the cuck chair in a disheveled, messy state, still unable to move a muscle because of Akeno's previous orders.

A towel is grabbed and all that precious spunk that Rias wanted to lick off of Akeno's body is wiped away instead in quick, efficient motions from Issei. After which, he tosses Rias' best friend down onto the bed and leaps on top of her, his own primal instincts clearly woken up.

"Oh Issei-mmph~"

Akeno barely has time to moan out his name before he's dominating her mouth with his own, sticking his tongue down her throat. At the same time, his cock drives right back into her creamed cunt with a squelch, sliding deep into her without a care in the world.

In response, Akeno wraps her arms around Issei's neck, lacing her hands through his hair, while also wrapping her legs around his waist. He proceeds to fuck her in a consummate mating press, taking her like SHE'S his wife instead of Rias.

PLAP! PLAP! PLAP!

Hell, in this moment Akeno might as well be the true wife and Rias just the cuck. That's all she is right now... and it's so, so fucking hot. Blushing as red as her hair color, squirming in her chair, Rias Gremory, powerful CEO and owner of her own company... desperately waits to be given permission to touch herself by her best friend, even as said best friend is fucked silly and then some by her husband.

Surely Akeno would eventually let Rias masturbate at least, right? Even if she wasn't going to be allowed to do anything with Issei's cock tonight, Akeno wouldn't make her sit here and not touch herself the entire time... right?

A strangled whimper leaves Rias' lips and she squirms in her cuck chair as she continues to watch Issei and Akeno go at it...
