

The Former Neighbor

By Joyce Julep

Nick was shocked when he opened up his email one day, just to routinely check his messages, and saw a name staring back at him in boldfaced type: Lucy Wilmington. Nick hadn't seen Lucy since 7th grade, when she and her family moved out of the state when her dad got a new job. They had been neighbors before, and before Lucy left, they both promised each other that they would keep in touch, that they wouldn't let the distance get in the way of their friendship. However, as often happens with these kinds of circumstances, they had not fulfilled their promises and had instead slowly drifted apart as the years passed by.

Now, both of them had grown up in adults. Nick had gone to college and had taken a number of economics classes, which led to him finding work after graduation dealing with stock exchanges. He made a more-than-adequate living doing that now. But what did Lucy do now?? And, come to think of it, Nick hadn't even read her email! He hurriedly clicked on it and started reading.

"Hey yoooooooo!" the email started. Nick couldn't help but smile to himself. Lucy had always been such a tease. The email continued: "Guess what?? I'm back in town for a bit! I'd love to meet you and catch up a little! I've really missed you over the years, especially just living right next to each other, ya know? Lol it was always nice knowing that I had a friend right next door <3 <3 Plus, you know, I'm eager to see how you turned out, haha! So let me know about getting together, and I really really hope I get to see ya soon! <3 <3 Love, Lucy"

Nick felt the warmth creep into his neck as he felt himself getting excited about seeing Lucy again. After all, in 6th grade, she had been his first kiss, and even though they didn't end up working out as boyfriend-girlfriend, you never really forget your first kiss, right? But Nick also felt a little puzzled by Lucy's statement about "wanting to see how he turned out." What did she mean by that? What was she getting at?

Nick thought about it a little, and he felt a bit of anxiety. After all, he had grown into an adult who was just pretty much "average" in every way, except...well...he was definitely shorter than average. Standing at a mere 5 feet tall, almost everyone Nick encountered in the world, be it male or female, was taller than him. He had also started balding pretty early, in his mid-twenties, so he had solved that problem by simply going bald-headed now. He looked around his apartment. Well, that was pretty average too. It was just a one-bedroom apartment, but for the space and location, Nick had been able to get a really good deal for it. His anxiety increased a little as he wondered what Lucy would think of what he had grown into, what his life had turned out to be.

Nick didn't really get too much into social media, but he did have a Facebook account, albeit one that he rarely checked. He decided to look up Lucy on Facebook and see if he could find her, to give him any clues about how she had turned out. He found her without too much difficulty, but he did have to do a double-take, just to make sure that her name and date of birth had been correctly entered. The reason for Nick's double-take was that the laughing girl that looked back at him from her profile picture was an absolute bombshell! Lucy had always been very pretty, and Nick had always had a soft spot for her looks, but he hadn't expected her to grow into...well, into someone who was this hot!

Lucy still had the same red hair that she had always had as a child, but puberty had done quite a number on her. She was sporting an absolutely massive chest, and, from a couple of the featured pictures on her page, it looked like her thighs had grown full and thick as well. Nick felt himself hardening a little in his pants as he looked up and down Lucy's full, luscious thighs. God, she looked good! He scrolled through the few pictures she had on her Facebook page, and saw (with another spasm in his growing cock) that she had grown a big ass to go along with the rest of her thick, curvy accouterments. It suddenly dawned on Nick that Lucy was totally out of his league now — she had grown into an absolutely stunning woman, who looked as stacked as any one of the curvy plus-sized models he had seen in advertisements. In fact, she looked even better than they did!

Nick found himself pondering his situation. Why did Lucy want to hang out with someone as short and plain-looking as him?? Why did she really want to meet up? He thought on these questions for a few minutes, worrying that Lucy would be disappointed in what he had become. Even though he made a respectable living now, surely Lucy wouldn't be attracted to him anymore! She was hot enough to go out with anyone she wanted, so why did she want to meet up with him?

The more he thought back, though, the more Nick realized that Lucy probably only wanted to catch up as friends, to see her old neighbor again. He thought back to how she used to tease him when they were younger, and about how she had been his first kiss in the darkness of a movie theatre as they sat there, tentatively holding hands, hearts beating like mad in the dark. Suddenly, Nick knew that it didn't matter that she had totally grown out of his league — he would be happy to see her again, just to catch up and reminisce about all the fun old times they had together. He typed out a short message in response, saying that yes, of course he'd love to hang out with her. He suggested a coffee place just down the street from his apartment, and, just a few minutes later, his heart skipped a beat when he saw that Lucy had already responded to him.

"Great!!" her message said. "Wanna meet there this afternoon? Like, around 8?" Nick responded in the affirmative, and Lucy said: "Yaaaayyyy! Oooo, I can't wait!! See you then!! <3 <3 xoxo"

Nick chuckled as he saw Lucy's message. She had always been so bubbly and affectionate... so full of life. From her fun, energetic messaging style, her energy didn't seem to have changed much. Nick washed his face, put on a new change of clothes, and, just a little while later, was walking into the coffee shop, his heart fluttering in his chest, as he looked around for Lucy. He didn't see her at first... apparently he had beaten her there. He turned around to close the door of the shop, and immediately found that he had turned directly into something soft. Something soft and huge. He looked forward, and he realized that he had mistakenly turned directly into the largest pair of breasts he had ever seen. His head went slowly up, and his heart abruptly leapt into his mouth. The breasts were Lucy's! Good lord she was huge! She rose up above him a solid two feet, and her body was completely cushioned and padded in the most elegant and luxurious curves that Nick had ever seen! Her long red hair framed her face as she smiled down brightly on him.

"Hey there shorty!" she laughed down at him, her rich, feminine voice washing over him pleasantly. "Looks like you met the two girls, haha!"

“H-haha!” laughed Nick, overwhelmed by her size and beauty. “Uh y-yeah...yeah I g-guess I did!”

“Oh wow, it’s soooo great to see you!” said Lucy, bending down and engulfing Nick in a bear hug that forced the air out of him. Lucy stood back up and looked down on him, grinning widely as she cocked her head.

“Haha, wow, I mean...I’m used to people being smaller than me, but...haha, wow Nick! You’re just totally tiny compared to me!”

“Haha, uh...yep,” he said, his cheeks reddening in embarrassment. “I guess I, uh...I never really grew much past, uh...p-puberty, haha.”

“Haha, gosh!” laughed Lucy good-naturedly. “I mean, haha...look at this! When I stand up straight, the top of your head barely even comes up to my two girls here!” Lucy drew herself up to her full height and measured Nick’s head next to her boobs. She was right. She was a full two feet taller than him!

“And, haha, how about that!” Lucy continued to tease him. “My hips are as high as your shoulders. Haha, oopsie!” She had shimmied her hips around in front of him, knocking into Nick’s shoulders and making him stumble. Lucy reached out a hand quickly to steady him.

“And Jesus, Nick, your arms!” continued Lucy, crinkling up her eyes at him affectionately. “You’re pretty proportional, but look how far my big hand goes around your bicep!” She showed him, and it was true — even though Nick wasn’t overly skinny, Lucy’s huge hand went nearly all the way around his upper arm! Nick laughed nervously in response to Lucy’s good-natured teasing, but there was no avoiding the clear truth of the situation. His middle-school love, his old neighbor, had totally outgrown him physically in every imaginable way! She totally dwarfed him — he had never felt so small in his entire life.

“Haha, oh, but enough of all that fun!” laughed Lucy, letting Nick’s arm go as she strode past him, encouraging him to follow with a curve of a long, manicured finger. “Let’s grab some coffee and catch up!”

A few minutes later, they were sitting together at a table. Nick was trying his best to ignore the odd looks they were getting from other customers, and he was happy to discover that it was fairly easy to ignore him, what with the amazonian bombshell of Lucy in front of him.

“So Nick,” asked Susie, sipping her coffee happily, “What have you made of yourself? You’re still cute as a button, I can see...cuter, actually!”

“Uh, haha, ehh...y-you, uh...you really think so?” ventured Nick, adjusting himself self-consciously in his chair as his cheeks reddened further. he couldn’t help but notice that, even as his feet dangled in the air off his chair, Lucy’s feet were placed firmly on the floor...and even still, in this sitting position, she continued to loom over him.

“Duh, silly!” she chided, poking his chest playfully with her long, strong finger. “So what do you do now, hmmm?”

“W-well, I, uh...I work with stock exchanges now,” said Nick. “Not very exciting, I know.”

“What are you talking about, that sounds very lucrative!” said Lucy.

“Umm...y-yeah, yeah, I do pretty well for myself,” said Nick, cracking a smile in spite of himself. “You know...good enough to have an apartment in-town just down the street. And, uh...you know...I actually save money every month.”

“Oh woowww, Nick — that’s so great!!” exclaimed Lucy in admiration. “Most people I know aren’t saving any money...haha, in fact, they’re in debt! But not you, Nick...oh wow, that’s so nice to hear! And very impressive, too, I might add! It takes a lot of discipline and intelligence to save money these days!”

“Uhh...th-thanks,” said Nick, warming to Lucy’s praise.

“And I didn’t expect anything less!” said Lucy with a smile. “Although I have to admit, I thought you’d be a little taller, haha!”

“Oh! Hehe, y-yeah...” said Nick nervously, but Lucy kept going.

“But I don’t mean in a bad way, Nick! You see, I actually quite like shorter guys these days...in fact, I prefer them.” As she said these words, she leaned in closely to Nick, and he felt a thrill go up and down his spine. God she was sexy...and...and was she...coming on to him??

“Y-you do?” he managed to blurt out.

“Yep!” said Lucy, leaning back in her chair. “Shorter guys tend to be more genuine, at least to me, anyways. Haha god, the number of times a taller guy has tried to talk me up, just because I’m tall. Haha, oh my god — it’s soooo obnoxious!”

“Hha, ahh, y-yeah, yeah, I bet,” laughed Nick. “Y-you...you sure have grown up, Lucy, haha! I, uh...can’t believe how tall you’ve gotten!”

“Yeeahhh,” she chuckled. “I enjoy it now, you know, just towering over people...especially short little guys like you.” She winked at him and Nick felt another thrill go down his spine, and straight to his cock.

“But, you know, it didn’t come about in some glorious way, unfortunately. You see, I had some kind of strange illness a little while back. It was so bad, in fact, that it would’ve killed me, if not for the injection that totally saved my life.”

“Wow!” said Nick, not knowing what else to say.

“Yeah,” continued Lucy, “and it turns out, the injection made me grow a whole bunch, haha. I mean, I was already pretty tall and curvy, but this medicine actually made me grow into a real-life amazon, haha! And...you know...that’s not the only side effect of the medication.”

As Lucy had spoken these last words, her voice had lowered sexily. There was no question now...Nick knew that she was totally coming onto him.

"Oh y-yeah?" he asked, feeling his heart beat faster. "Uhhh...what are some of the, uh...the other effects?"

"Well, there's only one other one, really," said Lucy through a devious smile. "You see, as a byproduct of that injection, I'm always horny now. Horny as hell."

"Ohh...oh really?" asked Nick, feeling his cock growing under the table.

"Yeeeaahhhh," said Lucy seductively drawing out the word. She licked her lips. Nick suddenly went for it — he was going to try.

"Welll," he said, trying to match her seductive words with his own. "My place is just down the street...uh...wanna...wanna take a look inside?"

"I like where you're going with this, shorty," laughed Lucy.

Five minutes later, they were inside Nick's apartment, and were inside Nick's bedroom — thankfully, the ceiling of Nick's bedroom was high enough to where Lucy could walk around comfortably.

"Hmmm, I like the decorum you have going on in here," she said to Nick, nodding her head.

"Haha, uhhh, g-glad you like it," he said. Suddenly, he was a little nervous. How was all of this going to work? Who was going to make the first move? He looked up at her huge, curvy, amazonian body. How on earth was he going to satisfy her?? His cock wasn't tiny, but it was a little below average...surely Lucy was used to having sex with guys with huge dicks...dicks she could actually feel...right?!

"Well, little guy," said Lucy, taking the lead as she sauntered up to him and bent down a little, rubbing her breasts in his face, "whaddya say we get it on, huh?"

"Uh...uh...y-yeah!" panted Nick. Lucy wasted no time in getting things started — she reached down and whisked off Nick's shirt with both hands — it came flying off his body. Lucy cooed at him as she bent down, putting a huge hand on his chest, and kissed him passionately. Nick kissed back, and did his best to navigate Lucy's enormous tongue and thick, plush lips, which threatened to overwhelm him.

"Mmmmm!" Lucy moaned passionately. She suddenly knelt down in front of Nick and began unbuckling his pants. Nick groaned in arousal, and, just a few seconds later, Lucy had pulled his pants and underwear completely off. Nick stood there, totally naked, before Lucy's goddess-like body, his cock pointing straight up at her. Even kneeling in front of him, she was just as tall as he was...maybe even an inch or two taller!

"Mmmm I just loooovve how small you are all over," breathed Lucy at him sexily, rubbing her big hands up and down his short body. She took his cock in her hand and squeezed it lustily as she ran her full, moist lips up and down his neck, and thrust her big, wriggling tongue into his ear.

Nick closed his eyes and threw his head back — he couldn't believe how sexy and in charge Lucy was...what an incredible and dominant amazon she had grown into. Suddenly, Lucy stood up, smiling down deviously at him as she licked her lips sultrily from far above.

"Hmmm, time for me to get naked too, little guy!" she chuckled. Just a few seconds later, Lucy had stripped herself completely down and was standing there before Nick, shining in all her radiant, curvy, amazonian glory. Nick could only gape and gawk at her incredible body. It was almost unbelievable how hot she was!

"Hahaha, like what you see, shorty?" she teased down at him. Nick couldn't even form words, and all he managed to do was nod his head.

"Welllll," she breathed down at him, her eyes misted over from arousal, "I like what I see too." And with that, she extended out a strong hand, put it into his chest, and shoved him backward, onto the bed, almost knocking the wind out of him with the force of her push. With a sexy growl, Lucy crawled after him onto the bed, like a succubus pursuing her prey, and proceeded to insert his full-mast member into her pussy.

"Mmmmmnn!!" she moaned out in pleasure, throwing her head back as she put her hands behind her head. "Oohhhh yyeeahhhh, Nick!! That's itttt! That's iittttt!! That's just what I need right noowwww.....mmmmmm!!!"

Lucy didn't care that Nick's cock was slightly smaller than average — she was as horny as all get-out right now, and she just needed something...something to slake the incredible burning of lust that was infusing her bones and muscles with its passionate intensity. And besides, she loved being back with her former neighbor — she had always had a soft spot in her heart for Nick, and even though they hadn't worked out as a couple in middle school, things were definitely different now. She wanted him — she wanted to keep him.

Lucy proceeded to fuck Nick into oblivion for the next hour, riding him every which way, shimmying and rotating her huge hips around and around on his cock, until he had cum inside her so many times that he simply passed out. Nick was not accustomed to sex in general, much less sex from a lust-charged amazon like Lucy. It actually took her a few minutes to realize that Nick wasn't conscious anymore, and once she turned and saw that Nick's eyes had closed, Lucy chuckled and climbed off him, rubbing her clit next to him in bed until she had cum a few more times herself.

The next morning, Nick woke up, and the first thing he realized was that Lucy wasn't next to him. His body ached from all the amazing sex they had had the previous night, but now, more than anything, Nick wanted to know where Lucy had gotten to. He looked around in the bedroom, but couldn't find her. He then moved to the kitchen, and was puzzled to find that she wasn't there either. Nick felt his confusion growing — had she just left him?? He turned around again, and had to stifle a yelp as she jumped back. There was Lucy there, standing in front of him! And her pussy was eye-level! Nick couldn't believe it! She had actually grown during the night!

"Hey there little man!" she teased down at him, smiling mischievously. "Did you enjoy my big surprise?"

“Uhhhh...uhhhh y-y-yeah,” said Nick, feeling hopelessly intimidated by this giantess who stood before him.

“Haha, yeah, I figured I needed to show you how much bigger I can get!” she laughed, bending down at him as she shook her gargantuan breasts in his face. Still laughing at how stunned Nick was, she turned around and bumped him with her colossal ass, which had grown even huger, along with every other part of her incredible body. Nick could barely contain himself; in addition to Lucy’s mammoth size, he could smell the sweet and intoxicating aroma that her body was creating. It was like...pheromones or something...and they drove him to feel even more aroused than he had already been before.

Lucy was still chuckling down at him, watching with amusement as Nick stumbled after she had bumped him with her massive ass. “Hahaha,” she laughed, vibrating the room with her sound, “It’s so nice to be the big one!” She drew herself up to her complete height, and Nick found that, even though he was standing directly in front of her, he couldn’t actually see her face. Her enormous boobs were in the way! All that Nick could see was their fleshy and enticing undersides, that curved and bounced tantalizingly. Even if he had reached his hands all the way up, he couldn’t have touched her boobs — they were too far out of his reach.

“I hope you realize,” said Lucy’s voice from beyond her boobs, “that all this extra growing has made me super horny right now.”

“Uhh...it...it has?” asked Nick. His cock was as hard as a rock, but he couldn’t help but wonder how on earth he was going to muster up the energy from his exhausted muscles to have another marathon sex session with Lucy...especially now that she had grown even huger!! How was he going to do it??

“Yep, it hasss,” purred Lucy from far above. “And I’m gonna need some help from you, little man. I’ve gotta admit, your cock did feel a little puny last night, since it was so small compared with how big I was. But I was able to enjoy it anyway, haha. But now...now you have to realize, Nick, that I’m gonna need you to step up your game, alright? Now that I’ve gotten even bigger, your little cock is going to feel even punier inside me, so I’m really going to need you to bring your “A-Game” this time, ok? Do you think you can do that, shorty? Do you think that you can satisfy me this time?”

“Uhhh...” said Nick in fear, “uuuhhh...I’ll...I’ll try, Lucy! R-really, I...I will!” But something was happening. As Nick tried his best to assure Lucy that he would bring his all, he noticed that Lucy’s pussy was getting farther and farther away from him. At first, Nick just blinked his eyes a few times and shook his head. Surely, something weird was happening in his brain, to make things seem all weird and jumbled up in his vision. After all, he had just woken up, hadn’t he? Maybe he was just re-adjusting to the crazy proportions of Lucy’s increased size.

However, after a few more moments, Nick could not longer ignore the plain reality that was unfolding before his very eyes: Lucy’s pussy was undeniably, unquestionably, getting farther and farther away from him, and with a sudden, panicked jolt, Nick realized that it wasn’t because Lucy was still growing. Instead, it was because he, Nick, was shrinking!

“L-Lucy!” he managed to yell out. “Lucy! Wh-what’s...what’s going on, Lucy!?”

Lucy responded with a loud laugh, which, due to Nick's fast-dwindling size, reverberated even louder in his ears. "Hahaha!" she boomed, shaking the very floor with the sound of her mighty voice. "Are you really that surprised, Nick, that I've decided to make you my toy from now on?"

"Y-your...your toyyy?!" cried Nick, really starting to panic now. As he shrunk down more and more, his voice was taking on a higher and higher pitch, just as Lucy's was sounding deeper and deeper, and more and more powerful.

"Haha, yess, tiny man!" she laughed. "I left you once, way back when, but that's not gonna happen again, little one! Now I'm going to be able to keep you with me...forever!"

Nick was only a few feet high now, and there was no question that he had shrunk down to the point where his entire body was dwarfed by only one of Lucy's huge, thick, wonderfully-shaped legs. Of course Lucy was totally hot, totally beyond him now, but Nick did not savor the idea of losing his independence to anyone. But he was shrinking fast, still! With a yell, he took off, trying to run away from Lucy and hide somewhere.

As fast as he could, he ran to his front door and reached up desperately to try and open the door. But his efforts earned nothing more than a booming laugh from behind him, as Lucy openly mocked his efforts. He had shrunk down so much that he couldn't even reach the door handle anymore!

"Having a little trouble there, little one?" she laughed. Nick tried in vain to reach the handle again, swiping crazily with his shrunken arms, but it was hopeless. And not only that, but it was clearly growing even more out of reach with each passing second! Feeling absolutely beside himself with fear now, Nick turned around, looking back at Lucy. She looked like a skyscraper to him now! He was less than a foot tall, and her massive form loomed up above him in an intimidating pose. But all of that was nothing compared to how intimidating Lucy became when she started walking toward him.

THUMP *THUMP* *THUMP* *THUMP*

Lucy's giantess body shook the floor as she walked up to Nick, whose tiny body had begun shaking like a hapless leaf in a powerful storm.

"L-L-Lucy!" he cried, falling on his knees as he held up his clasped hands to her in desperate supplication. "Lucy!! We're friends!! C-c-come on! D-don't...don't hurt me!! Pleeaasessss!"

Nick's voice was now a high-pitched scream, and he looked up in a desperate attempt to see Lucy's face, to see if he could gauge her expression, to see if his squeaking words were having any effect on her. But he couldn't see her face at all — her enormous breasts were still in the way, now more so than ever. Nick screamed in terror as an enormous hand reached down and grabbed ahold of him. Lucy's fingers, each of them now as big or bigger than his entire body, encircled him, holding him firmly as she whisked him, seemingly without any effort at all, completely off the floor. Nick's eyes watered from the wind as his hair blew back from the force of Lucy lifting him. He looked up desperately again, but he still couldn't see her face.

He had no idea what Lucy was planning, until he could see where she was aiming his shrunken body: directly into her pussy, which looked plenty lubricated and had begun to drool a little pre-cum in expectation of the arrival of the freshly-shrunken man.

“N-nooo Lucy!!” cried Nick. “Not there!! Oh please, not there!!”

But he only heard a booming laugh from Lucy in return, a laugh that sounded almost like thunder at this point. Carefully, but with firm purpose, she proceeded to guide Nick’s shrunken body into her moist pussy, pushing him in until he was completely inside. Nick was now going totally crazy from panic, and thrashed around like a madman inside his former neighbor’s pussy. But Lucy held him inside steadily with her finger, and against it, Nick stood absolutely no chance. He suddenly stopped his movements once he realized that Lucy held more power in a single one of her fingers than Nick did in his entire body. Almost as soon as he realized this, he also noticed that he could, in fact, breathe inside Lucy’s vagina. He couldn’t believe it, but he had gotten so small that he could actually get air easily into his lungs. He realized how warm and wet it was inside, and how the walls around him were literally alive — everything around him...the walls, the floor, their ceiling, even the mustiness of the air, were all Lucy’s. He was totally surrounded by her, totally enveloped by her, totally overcome by her. And there was absolutely nothing he could do about it. He was her captive, and could do nothing to protest her actions. She had well and truly overpowered him and imprisoned him inside her own body.

“Therrreee,” he heard her huge voice purr after he was all the way inside. Her voice echoed like the voice of a goddess through her massive body. “All safe and sound! I’ll keep you here, at least until I get back home, haha. You’re coming with me! Now my little former neighbor can never leave me again!”

Nick felt her huge body begin to move, and he realized that she was putting her clothes back on. He heard her humming pleasantly to herself as she got dressed, turned off all the lights in his apartment, and left, closing the door firmly behind her. Nick took several deep breaths of the Lucy-infused, musky air around him as he heard Lucy walk down, chuckling softly to herself, as she walked along the sidewalk until she got into her car and started it up. Nick felt his sanity slipping, even as he knew what all of this meant: his new life had just begun, a new life in which he was the pet of the gorgeous giantess Lucy Wilmington, his former neighbor.
