Erotic art is under attack!

Puritan old men and Karens are always threatening to take down art such as mine. Due to my many supporters over the past fifteen plus years, we were able to thwart them!

There is so many great artists we have lost over the years because are enemies are trying to make this ART FORM more and more unsustainable.

If you have lost your favourite artist to their constant attack and censorship, please do your part and support any artist, even if its a little bit.

Thank you for all of your continued support and being an active supporter of the art form that we LOVE!
