

ABYSSAL BREWS

FOLDABLE MAGIC ITEM CARD

Instructions. Print out this page on a heavy weight paper (Regular printer paper may work, but could easily bend). Cut the card out carefully but do not cut along the dotted fold line. Fold the card on the dotted fold line so that side A aligns with side B. You can use a glue stick on the back of each side to adhere the sides together.

TYPE: +2 SHIELD
RARIETY: **VERY RARE** (REQUIRES ATTUNEMENT)

This remarkably heavy tower shield is crafted to resemble a thick steel door that has been reinforced and is set into a solid wood and steel frame. The door itself is always locked tight with a complex tumbler lock that is difficult to pick. The steel of the door seems treated and enchanted to withstand even the toughest batterings that could be dealt to it. While holding this Shield, you have a +2 bonus to Armor Class in addition to the Shield's normal bonus to AC.

Once per day while you are attuned to this shield, you can slam it into the ground as an action causing stone and reinforcing steel to grow from it forming an 80 foot wide, 40 foot high, 5 foot thick wall around the door. The wall grows in each direction until it reaches a solid object like a wall or ceiling, and then stops. The wall and door gain resistance to all damage types and have an AC and HP equal to your own. The door itself can be picked with a successful DC 20 Dexterity check using thieves tools. The wall remains in place for 1 hour, until the door is opened or the wall is destroyed, or until you use an action to pick up the door. If the wall is destroyed, it drops to an empty space near it, becoming a regular +2 shield and losing its ability to create a wall. If it is picked up, it simply returns to your arm and the wall crumbles away. This ability resets daily at dawn.

AB

B

A detailed illustration of a tower shield. It has a wooden frame with a complex metal reinforcement structure of dark, riveted plates. The shield is shown from a three-quarter perspective, highlighting its thickness and the intricate metalwork.
