A comic book panel depicting a scene in a futuristic, yellow-walled laboratory. A woman with long brown hair is lying on her back on a white platform with a yellow border. She is nude. A large, metallic, silver alien figure with a long, curved neck and a small head is leaning over her. The alien's body is highly reflective and muscular. In the background, there are yellow pipes, a control panel with orange and black stripes, and a window showing a desert landscape with a large orange planet in the sky. Two speech bubbles are present: a purple one on the left and a black one in the center.

But we're
