LESSON 3:

A sexy milf

To make a sexy appearance,
tilt the milfs head, waist and shoulder.

Discreen Vision

Our milf character is called Tania. Let us imagine her in different situations, let us imagine how she reacts.

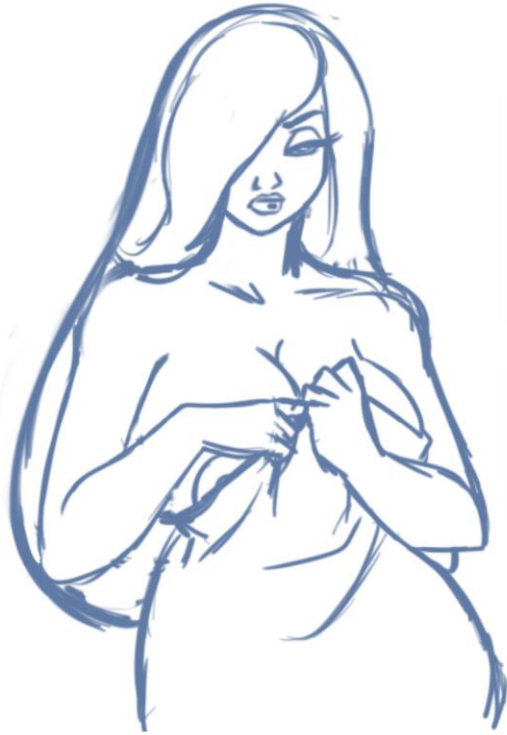

What about cooking? Let us think of her cooking? Is she a good cook? Does she bake some cookies for her family?

WHAT THE
HELL IS THIS TOOL
AND HOW
SHOULD I USE IT?
DAMN!

Well, she is not quite good at cooking so let us think of another scene..

Discreen Vision

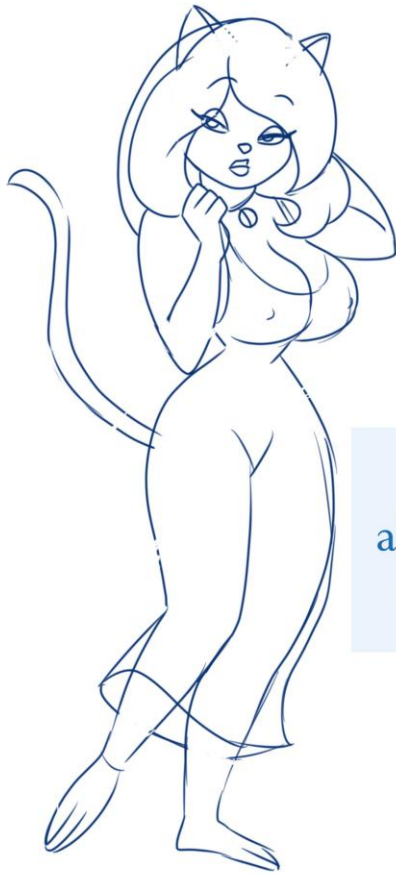

Tania is naked and she is covering herself after a bath. This situation fits her more. Taking a nice warm bath and relaxing.

I start with a sketch, like always and make her waist twist a bit to get her sexy.

Much better!
Think of the reaction of the character in a special situation. Never jump from one characteristic to another. The design and her personality should be in harmony. Tania has one I always covered by her hair. This way she is mysterious, dangerous and sexy.

Discreen Vision

She is Kate, the black cat.
Start a sketch with the basics
of the character. Draw the
lines under the dress as well..

Draw the line art
after finding the right
place for the lines.

Feel free to erase and
draw a line more
times until you feel it
is ok.

She is a bad girl, so I think black
is the best skin color for her.
But her hair is different.
She has red hair, which makes
her more whorish.

Discreen Vision

Just a few character idea:

The evil Dr. Stevenson

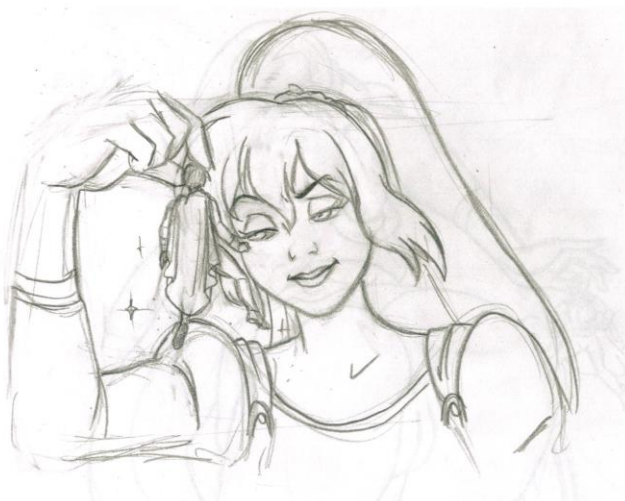

The prim waiter

Let us watch a few sketches
I made for a great comic
commission.
