Brutor	Einstein	Meritocrats	Skraak	Zolf

- 1 The grid for this puzzle has 25 squares horizontally and 30 squares vertically.
- 2 Find the 25 words from RQG hidden in the wordsearch.
- 3 The words can be found horizontally, vertically or diagonally, in any direction.
- 4 Where you find two intersecting words, take the letter they have in common.
- 5 Each of these letters spells, from top to bottom of the wordsearch, the names of two characters.
- 6 It was almost decided that these two characters would be distant relatives, but the idea was scrapped.
