

Welcome, hornies!

We've finally reached the final of Beta Moms.

But before we see them, I'd like to recap on that very first day in the villa.

This part saw Rebecca find her feet with two hunky dongs.

And who could forget a plain and boring Sarah Louise, (Giggles)... seduced by two gorgeous hunks. Yum!

And, oh boy, (chuckle) what a bitchy little whore she turned out to be too.

Okay. (laughs)

Let's go over to my fave place.

Hmm, very comfy. Hmmm, yes.

That brings me to Jacqueline, our frumpy politician's wife.

Well, stuck in that boring marriage, it was no wonder she was the first to fall into the arms of a hunky dong.

And then there's our scientist, or whatever she was pretending to be.

I don't know.

Producer : I think she was a doctor.

A what?

Producer : She said she was a doctor, Brandy.

Oh... whatever.

She wasted no time going topless, did she? Slut!

I mean, come on. Just look at her playing the innocent.

She knew exactly what she was doing from the word go.

Poor Owen.

And that brings me to our last Beta Mom.

The butter wouldn't melt in her mouth: Cassie!

Hah... I mean, wow what a... uh, screamer she turned out to be.

Yeah.

I mean, like... really?

She played the serious mother, but as we can see here, she certainly got her hands on some merchandise.

"Oh, yes, Pavel! Fuck me! Fuck me!" (Laughs)
