Summary: Chapter 5 of [The Party](#). Due to their various duties, only Joohee is able to join Jinwoo as he attempts to complete the Demon Castle. After they encounter and defeat Esil, prompting her to join the party (the first to be prompted by defeat and not sex), they explain what joining the party entails, and how everyone else joined. Esil is eager to join, on one condition... after they meet her father to retrieve the key to the next floor at her family castle, she leads the two to her bedroom so she can join 'properly' as Jinwoo dominates her with Joohee's help.

“Please... allow me to j-join your party properly!”

At this point, Jinwoo had quite a lot of women in his party. Each and every one was an S-Rank too. It wasn't exactly hard for him to pull them up to his level anymore. However, S-Rank Hunters were in extremely high demand, so it also wasn't fair for Jinwoo to keep them all at his side twenty-four-seven. Not when leaving them to their own devices meant they could spread out and save many more innocent lives.

And so, despite the number of women that he'd 'recruited' with his big fat cock, Lee Joohee is the only one who is able to join him as he attempts to complete the Demon Castle. Together, they'd easily made their way to Floor Eighty, only to run into a bit of a problem when they couldn't find the key to the next floor.

That was about when they'd come across Esil... though of course, they hadn't known her by that name yet. Rather, it was three demon knights and a demon noble that had suddenly attacked them, trying to put a stop to their (mostly Jinwoo's) rampage.

The demon knights had lasted all of two seconds... and the demon noble hadn't fared much better. In the end, the only thing that had saved her... was her surrendering right before Jinwoo could deliver the killing blow. From there, she'd removed her helmet and revealed a rather human-looking young woman beneath her armor.

Sure, she was still a demon... but she was a pretty cute demon. Jinwoo may or may not have immediately imagined what she would look like on her knees, deep throating his cock.

Of course, their relationship had gotten off to a rocky start (through no fault of his own, Jinwoo had kept his thoughts to himself) when Esil had tried to make another attempt on his life within seconds of him accepting her surrender.

Lee Joohee had stepped in then and almost killed the demoness for her trespass, only to stop short... because Esil dropped down to her hands and knees and prostrated herself before them, begging for mercy and her life. Joohee might have still delivered the killing blow, angry as she was... but then Esil had suddenly let out an exclamation and expressed her confusion over what a 'party' was.

Then, she'd gone ahead and pressed accept on the prompt, becoming Jinwoo's most recently dominated party member in a single instant. Except... for the first time, he'd actually managed to dominate and subjugate someone into joining his party without anything sexual happening.

It was more akin to what he did with by bringing back Shadows of most of his more monstrous enemies than what he'd been doing with all of his women.

Still, Esil had led them both to her father's castle, assuring Jinwoo that she could get the key to Floor Eighty-One from him... and more than that, she knew where the rest of the keys to the other remaining floors were as well. All she asked, begged really, was for him and Joohee to spare her family.

Well now here they were in a private room in Esil's family home, which was more of a fortress than a simple home. And Esil... well, at some point Joohee might have told Esil how most of Jinwoo's party members joined his party, because she's standing there in front of him now wearing her dress and blushing up a storm as she asks to 'join his party properly'.

Joohee is all smiles when Jinwoo glances over at her with a raised brow.

"It's the least she can do, Jinwoo. And besides, she still needs to be punished for trying to stab you in the back earlier."

... Joohee could be scary when she was angry. Still, Jinwoo just slowly nods. If this is what they want... he's not about to say no.

"Very well."

Joohee immediately moves to Esil's side, the demon woman squeaking a bit as Joohee grabs her dress... and rips it clean off her body without hesitation.

"Eep!"

"There. That's better. Hands down, girl. Your Master deserves to see all of you."

"A-Ah... y-yes."

Esil flushes bright red, the demonic noblewoman squirming as she keeps her arms to her side and lets Jinwoo see her naked flesh. Joohee isn't satisfied with just that though. The human woman reaches up and grabs ahold of the demoness' purple braid, yanking her head backwards while at the same time bringing a free hand down on her ass.

S-SMACK!

"A-Ah!"

And then she keeps spanking her, propelling Esil forward as she walks the demoness over to where Jinwoo stands.

SMACK! SMACK! SMACK!

“Bend over. Get a nice, good whiff of your Master’s cock.”

Forcibly pushing Esil’s head into his crotch, Joohee makes the demoness grab onto Jinwoo for dear life. Esil clings to his legs... even as she breathes in deeply, nostrils flaring and a throaty moan leaving her lips. Heh, he’s not even pulled his dick out yet. It’s still in his pants.

Amused, Jinwoo reaches down and deftly unbuckles his belt. Unbuttoning and unzipping his pants, he reaches in and fishes out his cock, which is already beginning to grow hard from all of this. There’s something incredibly arousing about seeing Joohee dominate another woman for him. The way she’s manhandling and toying with Esil... well, it’s just plain hot isn’t it?

Esil seems to think so. She’s moaning up a storm, having the time of her life. And once she’s properly faced with his cock, she gasps and then immediately opens wide and sucks him into her mouth. Her inexperience is instantly obvious as Jinwoo feels teeth graze across his sensitive dick flesh, but that’s fine because of one, simple reason... he’s too tough for her to bite through his cock anyways at this point.

So he lets her learn at her own pace, immune to her mistakes and slipups. At the same time, Esil’s enthusiasm begins to truly shine through, revealing an earnestness that Jinwoo can tell surprises even Joohee a little bit as Esil proceeds to devour his cock all the way to the hilt.

Before Joohee can start fucking Esil’s face upon his member... the demoness does it to herself.

“Glughk! Glughk! Glughk!”

Chuckling at the befuddled expression on Joohee's face, Jinwoo reaches out and slides a hand through her hair, pulling her forward into a kiss as she leans over Esil's bent, ninety-degree body. Joohee moans into his mouth, their tongues dancing with one another for a long moment. All the while, down below, Esil continues to gag and gurgle and choke on his cock.

Eventually, she's taking it all the way to the base... which is when her elongated demonic tongue slides out and writhes around on his balls, adding quite the delightful element to the whole experience. Jinwoo groans in throaty enjoyment, shuddering as her efforts threaten to undo him. She's so obviously never done anything like this before in her life... and yet, she more than makes up for that with sheer talent and a desire to please that is truly and literally otherworldly.

Finally, groaning happily into Joohee's mouth, Jinwoo tips over the edge. He doesn't bother warning Esil of this... maybe he's still a little peeved that she tried to backstab him earlier as well. Instead, he just reaches out and grabs ahold of her head too, keeping her in place along with Joohee's help as he cums right down her throat.

The demon noblewoman chokes and gags on his seed, swallowing what she can but winding up a mess with the rest exploding out of her nostrils, the sides of her mouth, and ultimately flowing down her chin to dribble on the floor.

Finally, once Jinwoo is done cumming, he pulls back from Joohee's lips and she in turn shows mercy on Esil by dragging the coughing, gasping demon off of his cock. As she does so, Joohee yanks Esil around and proceeds to open-mouth kiss the other woman, slurping up cum from her messy chin and even scooping some from inside of her mouth as she dominates Esil throughout the exchange.

Jinwoo's cock never goes soft with a sight like that and he's more than ready to get to the main event. Fortunately, Joohee doesn't make him wait long. She drags Esil over to the bed after licking the demoness' face clean and proceeds to pull them both up onto it.

Laying back, Joohee holds Esil to her body, trapping her arms and legs expertly and with unbreakable S-Rank strength that leaves Esil completely and utterly

helpless... and eminently ravishable. As Jinwoo climbs onto the bed, Esil looks at him with wanton desire in her eyes... but before he penetrates her, Joohee has a question.

“You’re so eager to please now... so submissive. But earlier, you tried to kill Jinwoo the moment you thought you had an opening. Why? What’s so different now?”

Esil blinks, pulled out of her aroused stupor by the sudden questioning. But Jinwoo just pauses and waits, curious how she’ll answer Joohee. And of course, as a show of support, he’s not going to fuck the demoness until she’s done so.

“Ah... w-well... I simply didn’t understand Master Jinwoo’s power back then. It was beyond my comprehension. But now that I’m a member of Master’s party and understand how strong he and you truly are... it’s simple, is it not? Every demon seeks out a more powerful being to subordinate ourselves to. There is none more powerful than Master Jinwoo.”

Huh, was it really that simple? To be fair, before today and meeting Esil and her family, Jinwoo hadn’t even known that monsters could speak English, let alone had entire cultures outside of attacking Earth. But they did. They do.

Esil flushes as she looks at him with wide, expressive eyes.

“Ah... please take me as you wish Master... just know that this one is untouched. Pure. You are my first... and my only, I can only hope.”

It takes him a second to parse what she’s saying as ‘it’s my first time, please be gentle’. Then again, Esil never once actually says to be gentle. It’s entirely possible she wants him to be as rough as possible with her.

Either way, Jinwoo places his throbbing cockhead at Esil’s slit while Joohee holds her down and plays with her chest from below. He pushes inside of the beautiful purple-haired demoness, watching as she moans wantonly for him. He fills her up with his cock inch by inch, taking her virginity right then and there.

By all accounts, Jinwoo tries to start off slow. Really, he does. But... Esil is very, very fuckable. Her tight wet virgin demon cunt clings to him like nothing else and seeing Joohee playing with her and dominating her at the same time that he's fucking her is quite the treat.

More than anything, Esil's face contorting in pleasure is undeniably cute and the more he fucks her atop Joohee, the more she moans for him.

PLAP! PLAP! PLAP!

They take the demoness together, her body becoming an instrument upon which Jinwoo and Joohee enact their will and play the sweetest of melodies. Its funny, Esil is the first woman to ever join his party platonically... and yet here they are, with him claiming her sexually all the same.

Not that anyone is complaining, Esil least of all. She moans and cries out and begs for more, the loss of her virginity barely of a passing thought to the demonic noblewoman as she's taken right then and there, thoroughly and utterly. Her orgasms come frequently and without fail, her body shuddering and twitching and quivering its way through climax after climax between them.

Until finally, Jinwoo grunts and tips over the edge again, finishing inside of her. He fills Esil's womb with his seed, which is admittedly quite fulfilling in its own right. That said, there's something a tad strange about not having any sort of pop up moment for Esil where she joins his party after being sexually conquered by him. She's already in his party... with all of the benefits and implications that entails.

In the end, Jinwoo doesn't dwell upon the strange feeling for long. He pulls out of Esil and Joohee sets the tuckered out demoness aside almost immediately, revealing her own fresh, S-Rank body for the taking.

Suffice to say, the rest of the night is filled with cries of passion and the sounds of flesh slapping against flesh as Esil gets a first row seat to what her extremely powerful betters are really capable of~
