BLOCKADE	ITEM 15
UNCOMMON MAGICAL Price 6,200 gp Usage held in 1 hand; Bulk 4 This <i>greater reinforced tower shield</i> (Hardness 12, HP 90, BT 45) is crafted to resemble a thick steel door that has been reinforced and is set into a solid wood and steel frame. The door itself is always locked tight with a complex tumbler lock that is difficult to pick. The steel of the door seems treated and enchanted to withstand even the toughest batterings that could be dealt to it. Activate ➤ concentrate, manipulate; Frequency Once per day; Effect You slam the door into the floor causing stone and reinforcing steel to grow from it. A stone wall grows from the shield that is up to 80 feet long and 40 feet high. It grows until it reaches a solid object, like a wall or ceiling, and stops there. The wall and door have the same Hardness, HP, and Broken Threshold as the shield, with a Thievery DC 34 to pick the lock. The wall remains for 1 hour, until the door is opened or broken, or until you use an action to pick up the door and end the effects where it then returns to your arm or drops to the floor in an empty space near where the door was.
