A 3D-rendered scene from a video game. A woman with long blue hair, wearing a white tank top with multiple horizontal slits, is lying on her back on a wooden floor. She has a pained expression on her face. A man with a very large, dark brown afro is leaning over her, his hands resting on her legs. He is looking down at her. The scene is set on a wooden floor with a red and white striped pattern visible in the background.

A person with short, wavy blue hair is lying on their back on a weathered wooden floor. They are wearing a white tank top and purple underwear. Their legs are bent at the knees, and they are looking up with a frustrated expression. To their left, a massive, dark brown, hairy leg is visible, extending from the top left towards the bottom left. The floor is made of greyish-brown wooden planks, some of which are covered with dry, brown leaves. In the background, there is a wooden door or wall with a similar weathered texture. Two speech bubbles are positioned above the person's head, containing text.
