A/N: Celebration Time!

“Don’t ask him outright if he’s a Trump. That’s a bit much.”

Hannah starts to smile ruefully, having expected as much from Colin in the end. Only to then blink in surprise when he continues on a moment later.

“However...”

He hesitates, something he would never do if it weren’t just the two of them. Finally, he looks her in the eye.

“If you think it’s worth asking him outright about his powers in general, do so. Keep it respectful, of course. Don’t push too hard either. But whatever he is willing to tell us, make it known how much we appreciate the honesty.”

Huh. That was... Hannah nods.

“I can do that. Neither Portent nor the rest of Covenant seem particularly unreasonable to me. I think if I brought up a little bit of what we’ve noticed about his powers without using the ‘T’ word right off the bat, he might be willing to work with us and tell us some things.”

Colin hums before smirking a little bit.

“Tell *you* some things, you mean. He has surrounded himself with numerous attractive females, after all.”

She chuckles and speaks in a teasing tone.

“Careful there, Colin. You’ve been spending too much time in your lab if you’re referring to women as ‘females’ again. Remember what happened last time.”

The Protectorate Leader hums and bobs his head, conceding the point. Colin wasn’t inherently misogynistic or anything like that, but he could be anti-social even at the best of times, and that in turn could lead to him committing certain social faux pas.

The last time he’d been caught calling women ‘females’ in public as Armsmaster, the media had spent at least a week questioning whether he was a chauvinist and the message boards had been wondering rather loudly if he was secretly an incel.

Hannah obviously knew better, being one of Colin’s closest friends, but that was also why she made sure to help him out whenever he slipped up like this. Even if privately she didn’t really understand the issue with using the word ‘female’ to describe a woman, she at least understood that it WAS an issue with some people.

“Still, I notice you’re not immediately denying it either. You’ve only talked to them once but... what is the relationship between Portent and all of those young women?”

That... is a good question. Hannah hums in consideration for a long moment before shaking her head.

“They’re all thick as thieves. But sleeping together? Well, maybe one of them... Portent and Weaver seemed the closest, at least in my opinion.”

Colin hums and nods.

“Good to know.”

Yeah... it wasn’t like Covenant was Portent’s personal harem or anything. That would be ridiculous.

“Glughk! Glughk! Glughk!”

“Fuuuck Taylor... you can slow down you know, you don’t have to go all out for me...”

Taylor’s dark eyes look up at him from where she’s kneeling on the ground. She doesn’t slow down, and as a result she continues to gag and choke and gurgle on his cock as it visibly bulges her tight little throat.

Meanwhile, pressing her naked body against him from the side, one Victoria Dallan giggles into Jason’s ear from where she’s been nibbling at it.

“Doesn’t look like she wants to slow down, Jason. She’s having too much fun. Mm, and so am I~”

One of Jason’s hands is atop Taylor’s head, his fingers curled through her beautiful dark hair. The other, meanwhile, is buried between Vicky’s thighs as he pistons two fingers in and out of her cunt. Both women are completely naked... and having the time of their life right now from the look of things.

Which is good in Jason’s humble opinion, because this IS supposed to be a celebration of sorts. They’d all done so good earlier, after all. It was important to celebrate their victories, hence this... threesome.

Crystal and Lisa should have been here too, but unfortunately Crystal had things to take care of at the University and Lisa was... well, her power picked up nothing from Jason, but it still picked up things from everyone else. Until Jason could find a way to shut Lisa’s power down, or give her the ability to control it more accurately, she was effectively Jason-sexual and nothing else.

This did make Jason feel a little guilty, because she deserved to celebrate with them as much as the others, but both Lisa and Crystal had said they would each catch him later for some one on one time... something he was more than happy to give them.

Meanwhile, Vicky and Taylor were all too eager to claim their 'reward' for a job well done from him together. Just like old times, really... you know, if 'old times' meant a couple weeks ago.

Jason sighs as Vicky nibbles some more at his ear, her breath ghosting across it. Finally, he drags his fingers out of her cunt, making the blonde whine in response.

"You're being a menace, Vicky. We both know why you do it too."

He doesn't hesitate to reach up and grab a fistful of Vicky's hair, pulling her head back and then around so he can kiss her hard on the lips. The blonde bombshell moans as he takes control like that, her hands clutching at him and her wet cunt grinding against his leg like a bitch in heat.

Just like back at the start of their relationship, Vicky still loved to push boundaries and see how far she could get before she had to be 'punished'. Jason isn't about to bend her over his lap and spank her or anything like that though. That wouldn't be fair to Taylor who is doing such a good job down on her knees, after all.

So instead he makes out with her for a bit, pushing his tongue into the blonde's mouth and making her moan happily as she grinds herself against him some more. Until eventually Taylor tips him over the edge, forcing him to break the lip lock in order to give the leggy bug controller a warning.

"Here it comes, Taylor!"

She doesn't hesitate, reacting immediately by pulling back to just the tip of his cock and giving his sensitive glans there a swirl with her tongue. Shuddering in response, Jason cums a moment later, coating Taylor's tongue and mouth with his seed.

Taylor swallows what she has to while collecting the rest in her mouth so that when his balls are finally emptied, she can pull back off of his cock and show it

to him. Lolling out her tongue for a moment, she gives him a brief glimpse of his own load before making a nice showing of gulping it down right then and there.

Jason lets out a light laugh at her behavior, even as she gives him a satisfied smile. THEN he pulls Vicky over his lap now that Taylor is no longer in the way, his hand coming down on her ass before she can react.

SMACK! SMACK! SMACK!

“Eeep!”

But Vicky’s squealing rapidly turns to moaning, especially when Jason transitions from spanking her to fingering her. Taylor, meanwhile, rises to her feet, running her hands down her body for a moment as she considers the two of them. Then, she seems to decide she wants to be greedy.

Turning away, Taylor bends herself over the nearby bed and arches her back, pushing her ass high into the air as she rises up onto her toes. Her pussy lips, gushing wet between her thighs, are right there... an open invitation if Jason has ever seen one.

Grinning, Jason fingers Vicky for a little while longer... just enough to make the blonde climax all over his digits. Then, while she’s still recovering, he pulls her off his lap, sets her down on the couch, and rises to his feet.

“Wha- hey!”

By the time Vicky realizes what’s going on, Jason has already reached Taylor, grabbed the leggy dark-haired young woman by the hips, and thrust into her pussy from behind.

“Mm, h-harder Jason. Don’t hold back~”

Taylor’s moans and begging cause Vicky to growl as she scrambles off of the couch.

“It should have been me next! Naughty Taylor!”

Jason watches on as Taylor just throws a lidded smirk back at Vicky.

“Gonna do something about it, Victoria?”

Vicky gasps at that, even as she comes up beside him while Jason starts to slam his cock in and out of Taylor’s pussy.

“Full government name? That’s a low blow, Tay-Tay. But fuck... if you’re offering~”

It takes him a second to pick up on what they’re both talking about, even as Taylor gives Vicky a nod of confirmation. Only when Vicky steps away from him does he understand. Climbing onto the bed, the blonde bombshell moves into position in front of Taylor’s face, flopping back and spreading her legs nice and wide.

One hand goes to Taylor’s hair while the other pinches and fondles one of Vicky’s own nipples. Licking her lips, the blonde pulls Taylor’s face down between her thighs so that the bug controller can put that tongue of hers to use eating Vicky out.

Jason just smiles at the sight of the two of them ‘getting along’ so well. It feels good to see them both happy... and not just because Taylor’s cunt is so fucking tight and hot around his cock right now. Though it is. It really, really is. His smile morphing into a grin, he decides to give Taylor what she asked for earlier. He goes harder.

CLAP! CLAP! CLAP!

Clapping Taylor’s ass cheeks while plowing her cunt, driving her further into Vicky’s cunt with every thrust... soon, he has both women moaning up a storm, with Taylor shuddering happily and her pussy walls flexing and clenching around his cock like nothing else.

Finally, after numerous orgasms on each of their parts, Jason finds himself tipping over the edge again. He cums hard, filling Taylor from behind. But as he pulls out, Vicky is already tugging her teammate (and not just in caping) up the length of her body. Taylor hasn't even fully recovered from her last climax before Vicky is all but making the other young woman wrap her legs around her head.

Taylor's hands clutch at Vicky's hair and she doubles over Vicky's head as Vicky begins to eat his seed out of her cunt. All the while, the rest of Vicky's body is on full display before him, and the way she's eagerly spreading her legs and all but humping the air makes it clear just why she's doing what she's doing.

Chuckling to himself, Jason just shakes his head and climbs onto the bed. He's between Vicky's legs and then up inside of her cunt a second later, all while Taylor is grinding down on her face and moaning up a storm. The sound of flesh slapping against flesh quickly joins that moaning yet again as all three of them are locked together in the throes of passion once more.

Today... has been a truly spectacular day, Jason has to admit. The perfect cap to a pretty great week. Frankly, part of Jason is still waiting for the other shoe to drop. But thanks to Focus, he can literally close his eyes at any time and make sure none of the red dots in the city are closing in on any of the people he truly cares about.

They aren't, of course. On top of that... his latest purchase will make his sleep sessions training Chaos Magic a lot more effective. It's funny, Jason is having a ton of fun enjoying Taylor and Vicky right now, and he's sure he's going to have fun with Lisa and Crystal later on as well.

... But part of him is almost looking forward to going to sleep just as much. Ever since he figured out that he could basically exercise his Chaos Magic 'muscles' while he was asleep, Jason had been doing so obviously. But now thanks to 'Exceptional and Lucky' his 'gains' would be much, much greater.

To say nothing of what he might be able to accomplish through training while awake. The sky was no longer the limit for him thanks to his newest power pull. And frankly, Jason needed to decide what he was going to do next.

Should he prioritize helping Lisa with her power and making it controllable? Hell, if he could do that, he might also be able to help Sherrel with the rest of her addiction as well and be able to bring her onboard as a full member of Covenant all the sooner.

But then again, maybe his focus should instead be on cleaning up the rest of Brockton Bay and finally doing away with the gangs polluting their city. The Empire was wounded, the Merchants were gone, Coil was arrested... and the ABB were probably going to make a move sooner rather than later if Covenant didn't make a move first.

On the third hand, Brockton Bay was just one city. Maybe Jason should be focusing all of his attention and time on gaining enough strength and power to be able to deal with the Endbringers instead. Even taking one of them out of play would be a game changer and right now he wasn't sure he'd be ready if the next attack happened say, tomorrow or something.

... There was a lot on his plate, but Jason didn't feel overwhelmed, truth be told. Instead, he just felt like he needed to decide where to start.
