

Zoom audio settings (best audio streaming)

- 1 - Switch off “Automatically adjust microphone volume”
- 2 - Select “Original sound for musicians”
- 3 - Switch on “High-fidelity music mode”
- 4 - Switch off “Echo cancellation”
- 5 - Switch on “Stereo audio”
- 6 - On the main screen of the video conference, at the top left of the screen, make sure “Original sound for musicians” is switched on, otherwise just click on it.
- 7 - USE SOME GOOD HEADPHONES :D
