

Summary: A kobold troublemaker that was adopted by a Dragon Priesthood monastery grows up to be a troublemaker. He steals their loincloths, flashes his dick at them, and teases them for their huge bodies. It looks like they all have a disdain for his antics. But in the summit of the dragoncave, the praying thick dragons expectantly await for the kobold to sneak behind each of them and take his turn exploring their butts. Their chaste livelihoods have them hungry for sexual stimulation, and the sexually curious kobold eagerly and happily fills up the holes of satisfaction in their priestly lives.

I like to use ki sho ten ketsu to help me structure and simplify my ideas into beats. Especially for erotica, its fun when the development of sexuality flips expectations, etc etc.

KI On thunder dragon mountain... the priests march to the top of the peak, for the worship of Dragon God. Very SMALL but atmospheric. Kobold walks through dragon monastery with apple in his mouth, Dragon calls NO RUNNING THROUGH THESE HALLS BOY!

SHO Oh what to do, he's nothing but trouble.

Y-es. Trouble, of course he is. I've never liked the brat.

Dragon prayer. Sneaking in.

The room is tense when he the door closes, Kon the Kobold is here.

TEN The realization the elders want him as their dildo. Much of the outward disdain is a facade for their true desires. Dragon realizes the boy lifts up his robe. Throbbing twitching hole. "Don't make any NOISE boy. We're praying" (So scratch my itch quietly as possible.)

A lil moan.

licking kissing. The kobold is innocently just checking their holes and instinctively following his urges. Smooshing his dick, it feels so warm, it stinks, spitting on the hole, licking it, rubbing his hole.

The dragon cums from the tongue licking, the dragons are all pretending not to notice the kobold, they are almost roleplaying their pleasure as spiritual, ecstasy instead. "O-oh. B-brother Dongo, you must be... overwhelmed with the Dragon's spirit" Kobold walks around, the dragons are tense, their holes are collectively twitching, "please be next, please be next me!" each of them think. He licks, but but then he fucks again. Dragon barely contains moans.

"Y-yes, I feel the dragon..l. UNGHHH the spirit! Its feeling me up!!"

"Praise the Dragon!!" "Fuckign in lines, til all of them have cum up their butts, post coitus trembling, kobold satisfied with his dong relaxed and all cummed out.

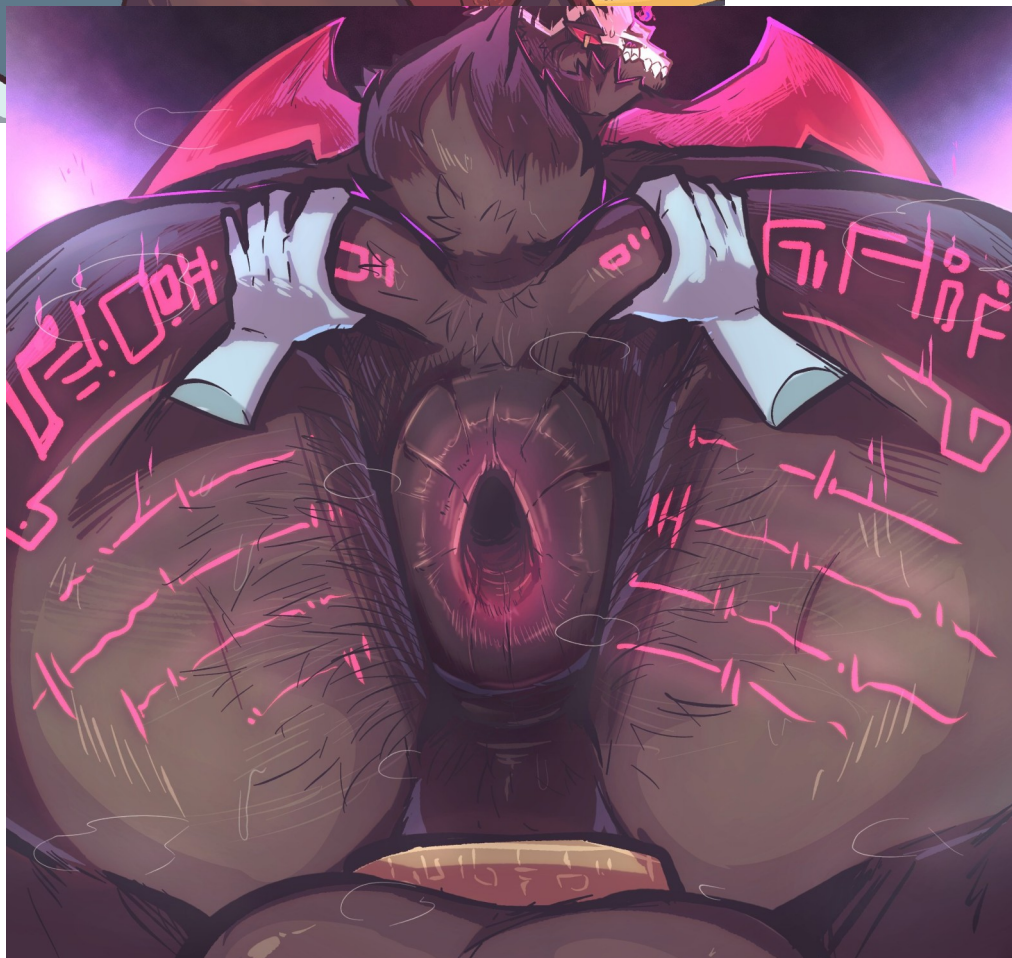

KETSU The elders all come out from the summit radiating peace, so does the boy. Wow, the ceremony must have been fruitful, the others think
