It's been 4 months since Grande Hotel, Eleonore, the monster, is living with me and Lucy since then. My life now is just about work to maintain the house while Eleonore and Lucy stay here doing god knows what, I have a pretty good idea actually, I just don't want to think about it...

I am off to work.

Alright babe,
have a good
day.

You guys plan to
stay like that all
day?

Basically
yeah!

...

When I get home late at night, I am really tired, I just like to relax, eat something and rest for while, but Eleonore is the one who dictates what happens around here now...

Oh good,
you're home.
We are ready to
bed, so hurry
up.

I just got home.
I am tired, so I'll eat
something, watch Plix or
something first...

Maybe tomorrow.
Me and Lucy are tired,
so we need to go to bed
now!

C'mon honey,
don't be so
grumpy, you're
gonna like it as
usual.

Tired??
They did absolutely
nothing the whole day!

This is what my nights looks like now. Eleonore sleeps on the bed with Lucy while I sleep on a chair. They have sex every night, the room is impregnated with Eleonore's pheromones that affects even me...

I have to watch Eleonore fuck my wife every night, and I can't help it but jerk off to it. I get to have sex with Lucy at least once a month, she says "she feels nostalgic about having sex with men". There is also the "threesome night", I don't even want to think about it right now.

The monster likes to humiliate me at every moment she is able to, she have been taking showers with me for a while, just to compare our bodies, showing off her strong muscles and immense superior Putanari Member.

Why don't you take a shower by yourself for a change?

Oh little Joshie! We always bath together. It's green, good for the environment.

You don't believe that. You just want to humiliate me.

Nah, but I do have a question, is your little pee pee always this wrinkled? Maybe you rubbed too hard for my superior penis last night?

Lucy is out today, so I have a little time for myself.
I think I will check my emails.
Being a stay at home Mistress cuckolding the little husband is great, but I do need to get a job. I love Lucy, but Grande Hotel opened up so many possibilities for me that I as a Putanari did not know that I had, The power that I have, to fuck anyone I want.
I kinda miss that.
Hum, the job agency, let's see what's available for me:
Help desk, no patience!
Bartender, no;
Bartender in themed coffee shop, maybe... not.
Construction worker, what? I am a Putamazon, but still a lady!
Fetish website model, hmm, Lucy would never let me do that...
What else...

Mime responded to my application!
I got an interview!!
Wow, this is great, Mime pays Putanaris a fortune to impregnate housewives the whole day!
But... what should I tell Lucy, she is really jealous, even though I was calling the shots at Grande Hotel, she somehow made me ditch Adriana and other lovers to stay only with her...
I won't say anything for now, first I need to go to that interview and see how it goes.

Good afternoon,
I'm Eleonore.

Hello Eleonore,
I am Leoa, I'll be
conducting the
interview with you
today. I have to say,
you chose a nice outfit
for the interview
huh? hehe

Oh my...
I'm so sorry, it's too
revealing right?
I just...

Oh don't worry, I am just
kidding, we are all Putanaris
here, and we know it too well
how hard it is to find a nice
pair of fitting pants.

Say Eleonore, what kind o
Putanari are you?

Pardon?

There are basically
two types of Putanaris:
The one that discover the advantages
of being a Puta very soon, and is
comfortable with her own sexuality,
and the one that for a number of reasons
is ashamed for being different and being
the center of attention and is
somewhat repressed.

I guess I was a little
repressed in the past, but
after some experiences, I
changed my perspective, and
now I am more confident.

Great! We need Putanaris that
are confident and passes on a nice
cozy but firm reassuring feeling to
our customers. They need to know
that they are in good hands that
know what they're doing.

It sounds
good to me!

Eleonore, this is Tania, she is a volunteer here at Mime to help teach new nurses on how to behave with our clients.

She'll be role-playing as a wife in need of our services.

Hi, I need you to impregnate me. Please be gentle!

Keep in mind that her husband/partner will be present following the procedure.

You got excited with this scene?

It's just that hits a little too close to home...

Eleonore you need to be professional. You'll have to learn to control your urges and do just enough to complete your assignment.

HARDENS

Some time later...

Eleonore explains to me what you did wrong.

Wrong? I filled her up with the semen of the husband, like I should.

Yes, but you took too long to do her, you broke the desk, and made a mess all around...

But, property damage is expected right? Also I am a big girl, there's no way she could take all of it inside her!

What I mean is, you enjoyed it a little too much, this is a job, not pleasure.

We have a lot of work to do with you...

First Client

You have a nice house Mr. Clarson, just a little bit too small right?

What?!! No, I think it's actually big for us, with space for kids, which you are here to help us making some, hehe.

Maybe you are just too big.

Second Client

No, no, haha. You don't have to worry about the size, it's completely normal!

Not really, I know I have a monster cock, even for a puta!!

But... But... It's bigger and thicker than my arm...

I assure you, your wife won't be harmed, and will actually enjoy it!

aahh, I mean... Will enjoy because the procedure will be successful.

Fifth Client

I never tasted cum before this job. I always preferred women.

It's a little weird though. Drinking male cum and be able to reproduce their DNA as my own, I never imagined I could have this ability.

I don't know how we survived as a species this long, men produce just this tiny bit of cum, how can they even get women pregnant!

Ninth Client

This is so good, the tiny husbands jerking off to me fucking their wives is the best part of this job!

Fucking new people is all I needed. But I still love Lucy, she can never know this.

Thankfully she doesn't suspect a thing, and with the money I'm making and my own superior body I can make her the happiest woman ever.

You deserve Lucy.
You're the best.

This car cost a
small fortune El!
I cannot accept it.

Don't worry about
money, I can spend and
I will do it on you!
Josh is not the sole
provider anymore!

I always wanted to
come here, but Josh makes
so little money that he never
got us a reservation.

Well, from now
on we will enjoy the
finer things in life,
together!

You said
you are a
Pharmaceutical
Sales Rep now?
I didn't even know
you were into
this field.

Aah, let's not
talk about work.
let's just enjoy this
moment.

Say cheese!

CLICK

Wow, this
resort is so fancy!
They also don't seem to
mind you walking around
with your Cobra Free
from your bikini.

Well, the price
I'm paying should include
even sunscreen rubbed
into my cock from time to
time without me
asking for it!

And you know that
I am a disaster trying
to fit my cock into
anything.

They even went
into a vacation!
This is one of the most
expensive resorts around.
Where the hell her money
comes from?!

Something is not right.
She was just a big stupid stud
working in a Fetishist hotel, she's not
very smart to begin with, one to save
money and make investments, and now, all of
a sudden she's loaded and expending money
on my wife, paying for the most
expensive stuff...

I know!
I will follow her around
when she comes back, she
is doing something wrong
and I will find out, put an
end to this circus and
get my wife and my
life back!!

Couple days later at Eleonore's Client's house.

AAHMM
AAHMM

I knew it!!
She's cheating on Lucy!
She is just a giant Puta
slut that can't be with
one honest woman,
she is used to fuck a lot of
women, so I bet this isn't the
only one, she must have
more mistresses.

Splash

Hello "El"! How was the expensive resort?

Hey little man, what are you up to?

You are in big trouble now! I know about your mistresses!!

W-what?? What are you talking about?!

I followed you around, you go to all of those fancy houses, and have sex with those bored housewives!

No! How did you..? When..?

It's some kind of sick game, you fuck the wife while their husbands watch, this is how you get off? That's why you do this to me too? They are paying you a good amount of money right? That's how you got so rich all of a sudden! I figured it out!

What?! He doesn't know about Mime? He thinks I'm cheating on Lucy, but if I tell about Mime it won't do any good either...

And what about that weird nurse costume, why...

Listen here you pipsqueak!! You won't tell her a thing, you will stay quiet or I will make your life even worse from now on!

hoho ho the nerve! This makes things so much more satisfying for me! I have proof, and I was going to let you tell Lucy and leave, but now I will show her everything! It's over for you!!

Have you seen Josh?!

I think he's not home.

That's strange...

Don't mind him, let's change and go to bed, he's probably working late.

He doesn't have the kind of money we have, hehe.

You are always bullying him, you need to go easier on him.

Wait...

What's this?

"Lucy, Something You Should See Josh"

What? From Josh?!

Aaahh...

Maybe just let it go, come with me to bed!

OH MY GOD ELEONORE?! What the fuck is this?!

Fucking Josh!! That coward left the photos here for Lucy and disappeared!

Lucy my love! I can explain!!

*This is...
This is my job Lucy!*

*Are you a
prostitute??
You have been doing
this behind my back
all this time?*

*NO!
No, I am not a
prostitute,
I work as a...*

*I DON'T CARE!
It doesn't matter
Eleonore!
I knew what you used to
do back at Grande
Hotel!*

*And
I told you that
to be with me you
had to stop. You would
be only mine, so we could
be together!
But you cheated on me...
So many times...*

*Lucy please,
let's just talk
about this...*

*Just
go, I don't
want to see you
anymore!
It's over
Eleonore!!*

The next day

Josh, I need to tell you something, I broke up with Eleonore.

Oh, did you see the photos?

Yes.
I don't know how you got them, or why, but it doesn't matter, she was cheating and that's a fact.

Well, can't say that I'm disappointed. I love you Lucy, I never liked this arrangement, and I am really glad this is over.

I love you too Josh, and I owe you an apology. We should just let all of this Eleonore story go, and focus on us. What you think of us starting a family?

Are you talking about kids?

Yes!
Let's start a family, a new chapter in our life! What do you think?

Four months later...

God I miss having sex with Putanaris...

We have been trying to have a baby for a while but with no luck. Maybe Josh can't have children, or maybe so much sex with Eleonore's superior sperm made me resistant to male's weak sperm...

Either way we should figure it out.

My results are here, I have to say Lucy, I am a little scared.

Your results came in last week and we know you are healthy, so I am most certainly the problem.

Let's just see the results, I am right here with you.

It's ok honey, whatever are the results we will face it together.

well, I am not sterile... But I have very weak sperm, they can't "finish the job".

oh...

There are recommendations here, a few treatments that can help. One with 99,9% rate of success.

Ooh, looks promising!

Yeah, but it's crazy expensive, I don't think we can afford right now, maybe go for lower rate treatment options...

No, we go for the best option, I can sell the sports car that Eleonore gave me, and I have some savings... We do this right! What is this option?

It's something called The Mime Institute of Fertility...

Good morning ladies!
I hope you are all doing
well this week, as we have
new assignments for
everybody.

First,
the Okamoto family.
Hiroko Okamoto and his wife
Evelyn are trying for a couple of
years, but he suffers from male
hypogonadism. Jessica, you take
this one, as you can produce
more than enough sperm to
compensate.

Lillian and Minerva
Collins want to start a
family, this is a easy job.
Namibi, I'll assign this
one for you.

Josh and Lucy Harper.
Josh has asthenospermia,
he has a need for one nice
and long putanari helper,
with extra strong shot.
I think for this one...

Aaah...
I want this one!

Hmm.
I was thinking
about Ella for
this one.

Eleonore,
I barely worked last
week, while you had a
full schedule!
I will take this one.

I have a long
cock, and my shot
is super strong!
I am perfect for
this job!

Ella is right, you had
a lot of clients last week.
And if I may, Ella has a pretty
big tool as well, she is perfect
for the job as well.

It feels...right...
I want Luc...I mean, the
Harper's job.
Please Leoa, please
please!!

Ah I miss living here,
waking up at Lucy's side.
Build a family here, work on
these doors to make more
suitable for me...
Well, no point thinking about it
now, I will have sex with Lucy
one last time, maybe it's my
chance to win her back,
explain what happened.

No, I need
to be professional,
what is done is done,
I will just do my job, and if
she miss me, then so be it.
But Josh, I have to make fun
of him for this whole
situation, he
deserves it!

KNOCK

KNOCK

It must be the
Mime nurse at the
door, what weird
situation...

Good
afternoon, you
must be...
ELEONORE??!

Bulge

Good afternoon
"Mr. Harper"!
I am Eleonore, the nurse
from Mime assigned to
your case, I am here to
help you with your
infertility
problems!

W-what are
you doing here?
Get the hell out
of my house!

I could do that "Mr. Harper",
but I am afraid you would lose
your deposit. Which could be a
problem for someone on your situation.
Instead, I could come in, do my job
and guarantee the satisfaction of
your wife and you!

Eleonore?!!
What are you
doing here?

Ms. Harper,
I guarantee that
I am here only
professionally. I am
the nurse assigned
to your case.

HM, o-k,
if that's the case,
then I guess we
have no choice...

NO!!
It's not okay Lucy,
we can't have Eleonore
being part of this.
We need another
nurse!!

Eleonore?!!
Is that destiny? She
will be part of my life once
again, and I can have puta
cock one more time!!

Actually you
can't do that Mr. Harper,
Mime regulation doesn't
allow to change the nurse
assigned to a case.
You can either do the
procedure or not.

S-she's
right Josh.
I read the Mime
contract, and that's
one of the clauses
in there...

So you knew
about Eleonore
being here??

NO, of course not!
The couple can never
choose the nurse, it's
chosen based on the
couple's needs...

Anyway, if
that's ok we
should start.

ok...

Eleonore is impossible Lucy, I can't do this...

We have to, it's our only chance, you know that.

Yeah, but maybe we can try other clinics. \$10.000 is a lot of money, but even if we loose this one we can raise it again for another try.

Josh, you know that \$10.000 is just Eleonore's fee right? The amount for Mime is even more expensive.

W-what? She makes all that for just this afternoon? I-I...

Josh, we need this, her. It's for the good of the family! Here, fill the cup and give Eleonore her money. And then it's over.

Hahaha, look at this pathetic amount, I need to make a lot of effort to keep a straight face. hahaha

Here, you already got my sperm, now just take your money. And let's get this over with. What else you need to do?

Goddammit, even if I hate her, looking at her cock makes me really hard. She makes me more aroused than Lucy does.

Ahh, yes, I need to drink this, then I will start to produce your DNA and then fuck... ah I mean, copulate with your wife to impregnate her.

You need to drink my sperm? Haha, this is a little funny on how tables have turned!

Sure sure.

Stupid Josh, only in his dreams I would drink his sperm

I will impregnate Lucy with my own sperm, and she will have my child. Then we will see who she'll choose to build a family with.

Come here Mr. Harper. This is really important for the procedure.

You need to be aware of all parts of it.

grow

What you are seeing now is how a real cock gets hard!

grow

grow

This is a fully grown virile cock ready to impregnate women.

It's your turn now, don't worry, I will be right here watching everything!

Dammit!! Lucy is so loose after having sex with her. I can barely feel a thing...

I missed these balls so much...

And there's so much cum inside, why do I have to do this with her cum inside, and is still hot!

Why don't we stop this now? There's so much cum already. I think it's enough.

This? No, this is just the start, I still need to finish up with a big load, and I will need your help with it!

Give me a hand job Mr. Harper.

Are you having trouble?

God, this is so hot. Her cock is so hard and is as big as my torso I think... I think I'm gonna... ahh

hardens

I need you to get me running again to fuck your wife.

stroke

stroke

Well of course, you are not used to a big cock, let alone a gigantic one like mine!

Mr. Harper. I need you to go to your chair now, I am about to finish.

Why?

Just do as you're told!

You'll see.

She's half an hour finishing up now.

Vloosshh

Vloosshh

Josh, this is my gift to you for accepting this procedure. Use this extra cum for any more babies you want to have. It's enough to last for years!!

Vloossh

She ruined
my bedroom...
This is way worse than
the other times.
There's cum everywhere,
it's all over me, how can
cum be heavy...

Why...
How did you do all of
this, all of this cum.
You need clean it.

Clean it?
Haha, oh no, I have to go,
I have two other wives to
impregnate today.
Besides, you'll have fun
cleaning my cum,
pretty sure this is the
last time you can
have it.

Who knows
what the future
will hold for us...

9 months later.

We did it honey,
soon our baby will
come and our family
will be complete!

Yes Lucy,
these last few
months have been
wonderful.
I can wait to see
my child here
with us!

The Hospital waiting room.

Mr. Harper, you
are here for Lucy
Harper is that
right?

Yes, she
and my child.
Something
happened to
them?

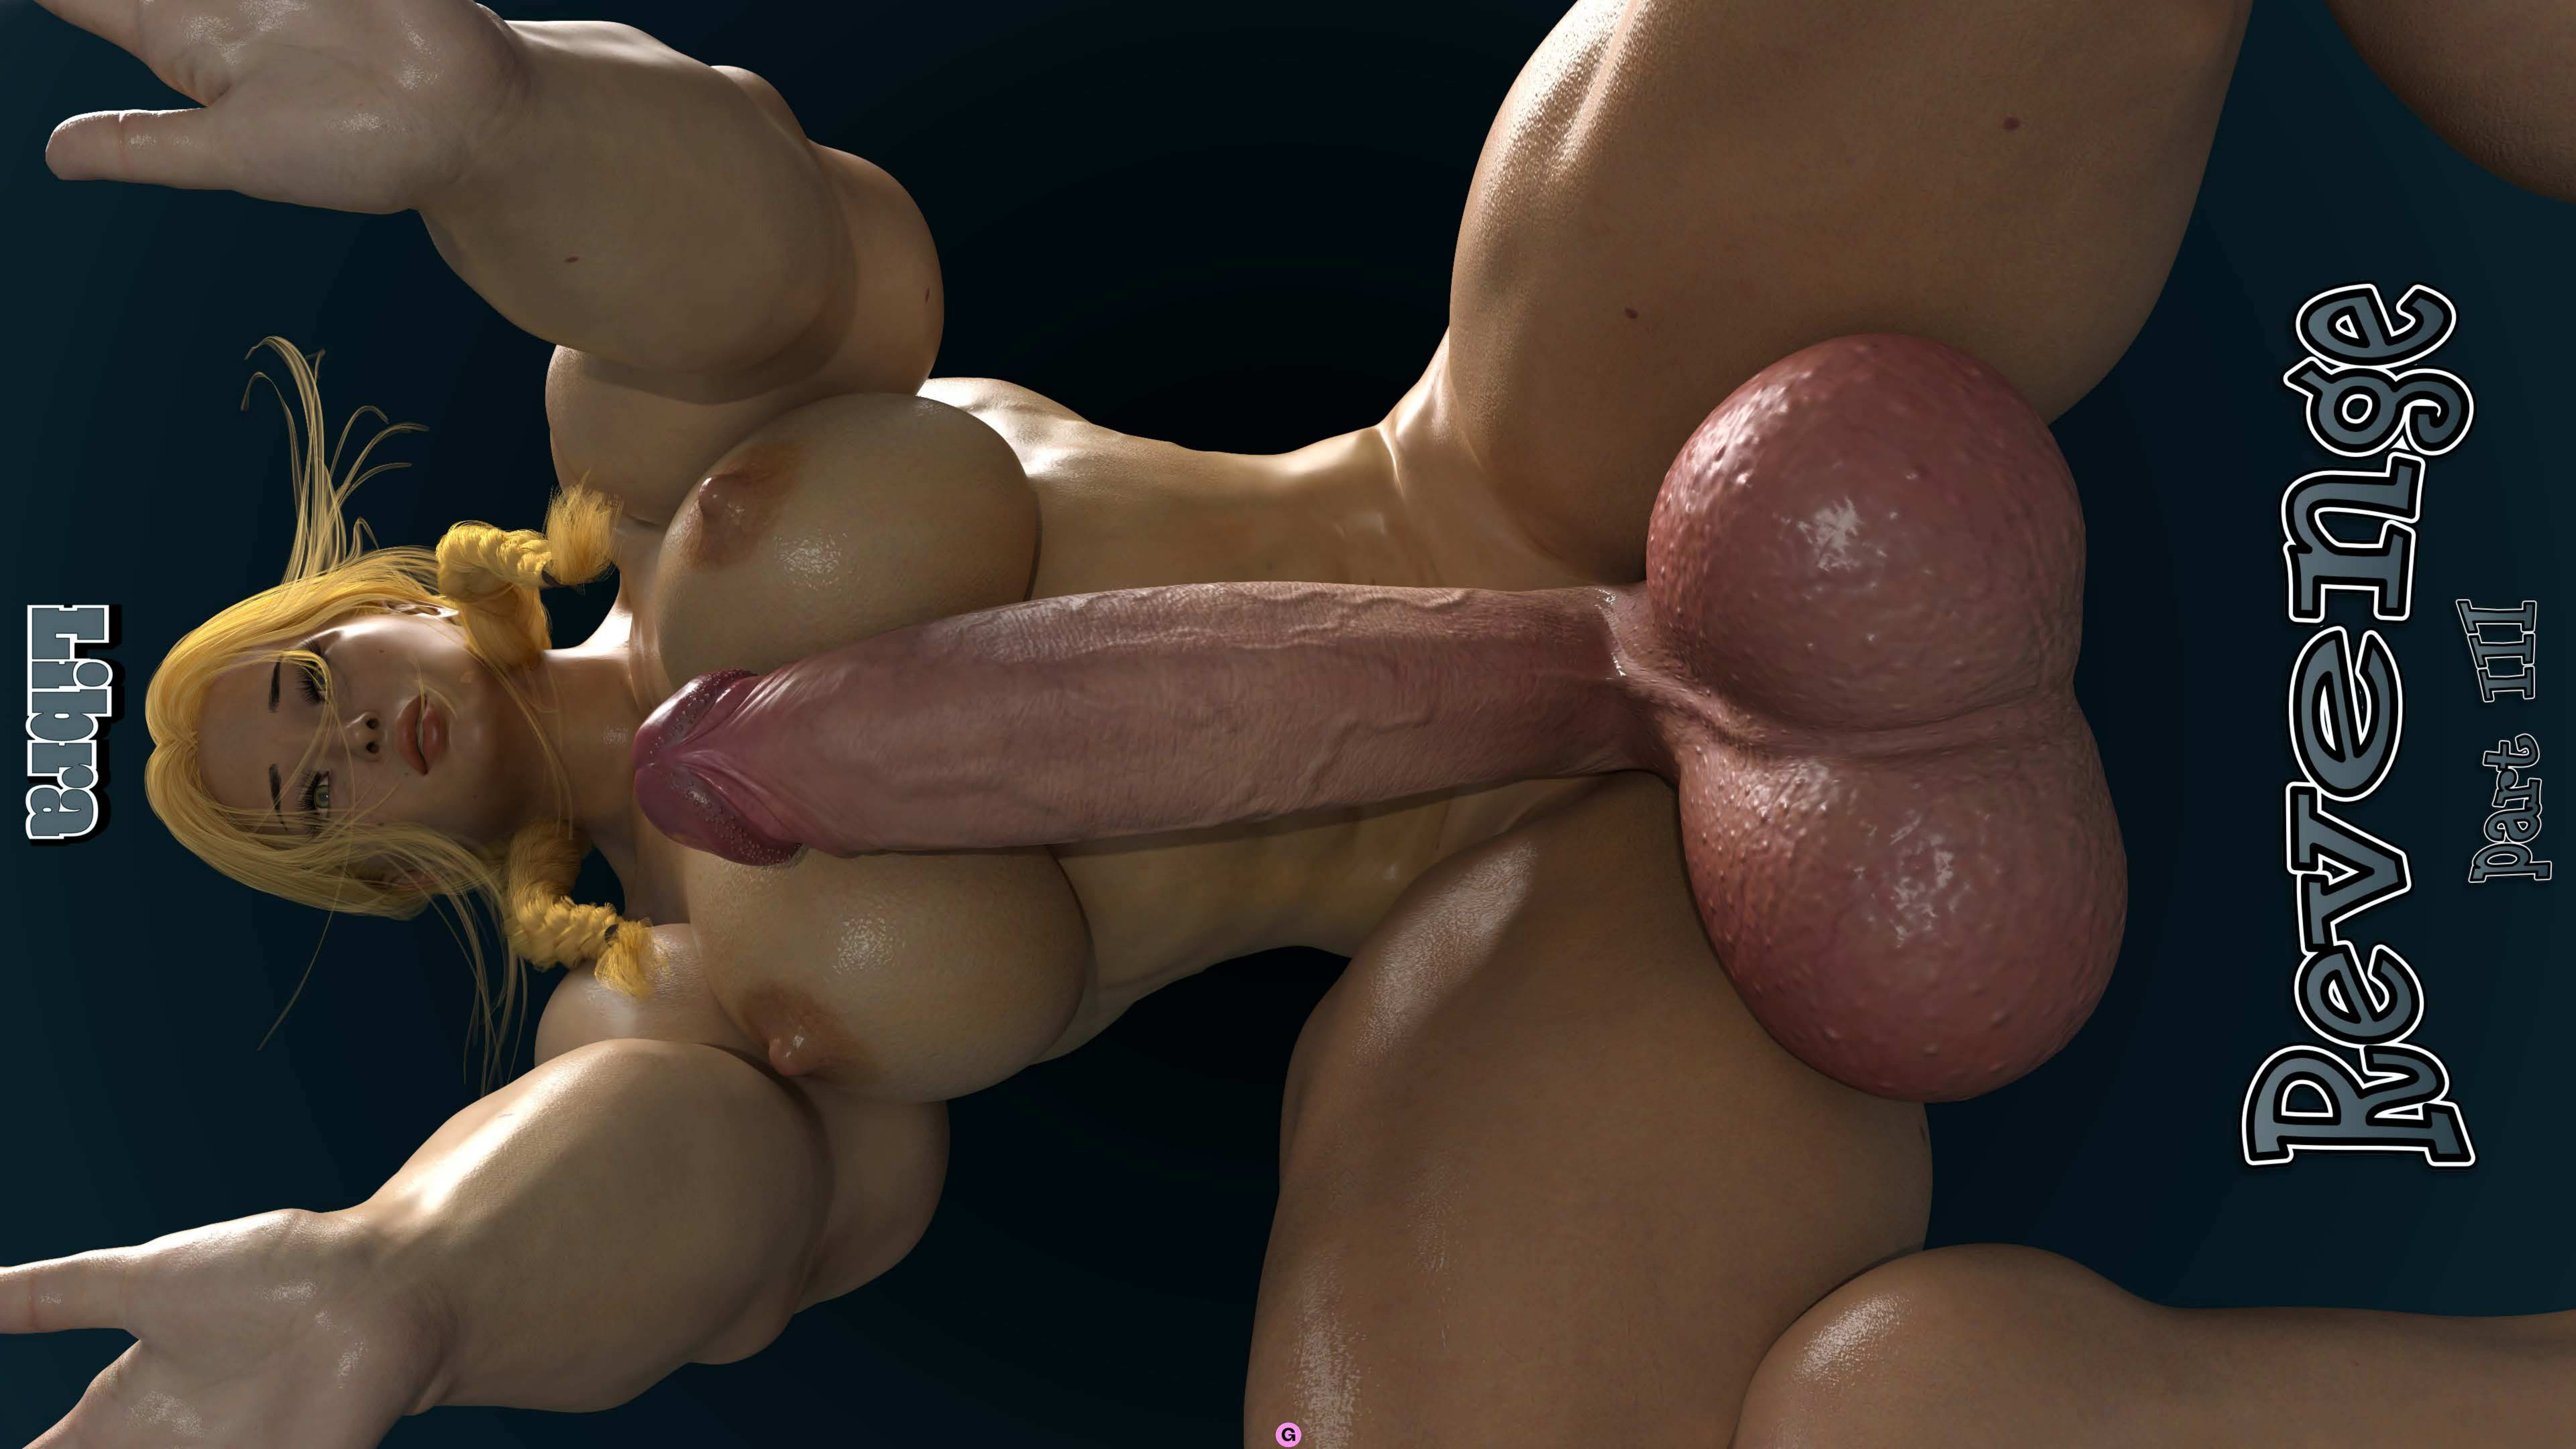

Well,
about that.
They are both well,
the baby is healthy.
But what do you
know about
Putanaris?

What do you
mean by that.
What Putanaris
have to do with
anything??

Well you see,
the Putanari phenomenon
started a few decades ago,
as a mutation of the XX chromosome,
including male genitalia as well as
female's.
But that is not important.
What is important is that the
odds of male sperm generating
a Putanari is
only 0,001%.

While Putanari
sperm has a 90% change
to generate another Putanari.
What a mean is, the
odds of this child being yours,
is very very low.
Lucy gave birth to a
Putanari.
