

Every second felt like an eternity of pleasurable bliss. Every word your partner said was another fluttering, flying, dancing touch of passion in your soul. "That's it, plaything. Just let your mind extend into the infinite. No thinking. Just me, and you, together."

Their bare skin on yours felt like soft gossamer, their hands were finding every place you wanted to be touched. You let out a soft moan, and you heard them giggle. "That's it. Let go of everything but your desires. You don't need anything else. I'm right here."

It was a feeling of closeness you had never felt before. All you knew was that you wanted them. All you knew was that you had to be closer to them. To touch them, as they were touching you. If only your body didn't feel so sluggish. Their smile drifted closer to you.

"Are you ready, honey?" They asked. The question echoed through your hollow, blissed out mind. You nodded, slowly. "Okay. Then return." The snap of their fingers hit your ears. And everything sped up. The lethargy was gone. The desire was not. And they were right there.
