

*Mwah!*

Your partner laughed as you blinked up at them, eyes struggling to focus. Just like your thoughts. "What's wrong, silly? Is it getting hard to think?" They asked, leaning down to plant another mind melting kiss on your lips. "Do you care?"

*Mwah!*

Their kisses felt so good. Draining your brain, scrambling your thoughts. It was so hard to think. So easy to sink. "That's it, sweetie. Just get blank and brainless for me!" They smiled, applying another coat of lipstick. "You're nearly stupid enough for what I need you for."

*Mwah!*

Your eyes rolled up in your head as your mind continued to shut down. There were no thoughts left. "You look so cute like this. Kisses all over you. Blank. Braindead. Just a doll for me to play with" They leant back, looking you over, a half smirk playing over their lips.

You felt so very small. So weak. So helpless. And you loved it. If you could formulate the thoughts, you'd have begged for another kiss. But you couldn't. All you could do is just feel the need. The desire. But they were leaning down. They knew exactly what you wanted.

*Mwah!*
