

To Sate his Thirst

Contains safe popping and lactation

“Ahm~! Ahm~! Ahm~! Ngh!! Come on! Deeper! D...Deeper, Cody!” Lilith gasped.

The headboard struck the wall with every thrust of his hips into her plumped rear. Bare flesh smacked like a series of slaps to fill the room. A day of rousing, between-the-sheets horseplay had turned Lilith’s bedroom into a sex-induced sauna that left Cody dripping in sweat.

“Mmmm!! MMMMGH!!”

Sometimes it was still hard to believe. It seemed like only yesterday he’d struck puberty and finally taken notice of the buxom mom next door. Lilith was still a new, blossoming mother then, and hormones had been generous in their gifts. Cody watched her breasts swell and grow over the years, seemingly happy to push the limits of her otherwise medium build. Now, ten years later, he was plunging his cock into her at least twice a week while her husband was at work.

His hands grabbed the side of her ass like handles to help him ram into her wobbling cheeks. Ahead, his eyes were trained on the pair of 36O-cup breasts swaying beneath her like suspended watermelons. Years of overgrowth had left them fat and rounded. Two hands weren’t enough to fully grasp even one of her monsters, but it was a challenge he loved to attempt any time he could. Today, on his twenty-second birthday, she was especially gratuitous in his whims.

“Ngh--” he grunted, watching his shaft rapidly slide in and out of her dripping folds.

“Cody-- C-Cody--” Lilith gasped for air and pulled herself up by the headboard. *“Wait--”*

He paused, letting her remove herself from his pole. Frantically looking around for any sign of her husband, he asked, “What? Is he home??”

A loving smile eased his worry. *“No, no~ Don’t worry, we’re not done yet, birthday boy.”* She moved over the bed on her hands and knees before pushing him onto his back and straddling his hips. A plump pussy massaged the tip of his head with expert teasing movements. Flaunting her enormous breasts for his wide, hungry eyes, she mused, “I just had another little surprise I wanted to give you.”

Cody gulped and wished she would lower herself onto him already. “What... could be better than this?”

She hummed in response and reached under her pillow. A glass bottle of pink fluid appeared. There was a cow sticker pasted across one side, but otherwise it had no markings. *“Just this.”*

“What’s--”

Gulp~ Gulp~ Gulp~

She didn’t wait. Twisting the top, Lilith tilted her head and drank the small bottle in one sitting. Pink fluid trickled down the side of her mouth and dripped to her sloping bust. It made the room smell like cherry. When she came up for air and tossed the bottle onto the floor with a

satisfied gasp, she gathered her breasts on top of a shelf made by her arms to put them on full display. Their pillow-sized mass jiggled with the slightest motion.

Strrrrtch...

“Mmng... Uhh-ohhhhhh, you see that?”

Cody tensed. He could have sworn he’d just seen her breasts swell. Skin had shifted, particularly across their fronts where her areolas pulled wider.

Strrrrtch....!!

“A-Aahhhhh~” Lilith breathed, trembling as she leaked juices down his throbbing mast. *“They’re--”*

“GROWING?!”

STRRRRTCH!!!

As if responding to his amazement, Lilith’s mammaries surged in her arms. Several inches of girth ballooned her mounds to the point of her having to adjust her grip to contain them.

“Mhm~ And... T-That’s not all... They’re--” She trembled. Fingers clenched to sink into her firming skin. *“Ah~ T-They’re... They’re--”*

Guuurrrrrgle

Color rushed into Lilith’s chest. Pale skin blushed pink. Her nipples engorged to rival Cody’s thumb in thickness. Her treasures appeared to bloat rather than grow, rounding and filling in her ever-more struggling embrace.

Guuurrrrrgle!!

They ballooned further, tightening. Stretch marks he’d come to know over the years pulled wider, turning from white to a pale pink.

Biting her lip, Lilith confessed, *“That was an instant lactation booster I just drank.”*

Cody froze, lying still in shock. He’d told her about his fetish long ago, but she’d laughed it off. *“I-I thought you said it sounded silly! That it--”*

GUUURRRRGLE!!

“MNNGH!!!”

Splrrrtch!!

She sprang a leak. Milk sprayed from her nipples to pelt Cody and his gaping mouth.

“Hahhh-- Haaahhhh...” Giggling nervously, she teased, *“I changed my mind. Happy birthday, Cody. Hope you’re thirsty~”*

STRRRRTCH!!

He watched her areolas push fuller as her breasts overwhelmed her arms. Each one could fill a five-gallon bucket as her skin struggled. Lilith’s breath increased at the sensation.

“N-Now why don’t you drink up? These things are-- AAHH!!”

There was no need to ask twice. Cody attacked, latching onto a quarter-sized nipple and drawing it to the back of his throat.

“MMM!! NNNGH!!! Harder!! Ohhhh GOD! Suck me harder!!” Lilith begged. Pricks of pressure sparkled under her skin, making her breath catch nervously. *“You better be hungry!”*

GUUUURRRRGLE!!

A carnal, moaning tremble shook her body when they engorged wildly at the presence of his lips. Milky pressure rose within her awakening milk glands. Anxiety tugged at her throat when she felt her cleavage push into her neck and her arms shake. She took his head and hugged it into her chest. Cream sprayed from her unattended nipple to douse his back.

“Cody... C-Cody...! F-Faster~ Faster, please! They’re--”

STRRRRTCH!!!

Lilith whined. He was lost in another world, kneading and suckling to his heart’s content. Every grope and squeeze as he sank his hands into her globes only spurred further development.

“Ohhhhhh...! Please suck faster! It’s... Nnnghhh oh, God! There’s--”

There was too much. It became more obvious by the second as Lilith watched her mammaries rapidly engorge at an accelerating rate. Heat poured from them as if she’d lit fires within her chest.

GUUUURRGLE!

“N-Nnngh!! Too much...! Ohhhh, Cody! My tits are...b-bursting for you! I think they--” She gasped as she watched him become buried in her cleavage. He gagged as milk sputtered from his mouth. A deep aching settled within her bust. *“They-- T-T-They-- NNNGHH!!!”*

BWOOOMSHH!!!

Her arms couldn’t hold any longer. Destroying her embrace, Lilith’s chest toppled free and shoved Cody onto his back. Two bean bag-sized heaps of flesh smashed over him, gurgling with their sloshing contents.

“Cody! C-Cody!” Lilith panted in desperation.

GUUUURRRRRRGLE!!!!

Flesh rose, quickly stretching and rounding over the bed. She grimaced at the swirling pressure while he shifted and tried to escape their weight. Being so sweaty, he slipped from their fronts and came face to face with an angry mouth-filling nipple.

Rmmmbbbbllll

It puffed toward him, thickening to the size of his wrist. Like the neck of a balloon, her areolas elongated into rounded pink cones.

“Cody, something doesn’t feel right!!” Lilith cautiously ran her hands over her breasts and recoiled at their firmness.

“You’re SO full...” he ogled, bewitched.

“I-I don’t think I was supposed to drink that entire bottle! I’m--”

RRMMMMBBBLLLL!!!

Lilith's words didn't reach him. Cody himself was being pushed back against the wall. Milk screaming, he tightened his grip on her nipples until their ducts closed. Immediately her nipples bucked in protest at the streams he'd cut off.

RRRMMMBBBBBL!!!!!!

"MMMPGH!! MMPPPGHHH!!! NNGH!!"

Pressure revolted. Backing up into Lilith, her chest ached and strained like a boiler about to explode. Dark pink flesh bulged around Cody's fingers as his muscles worked to seal her off and encourage every bit of tightness he possibly could.

She pulsed around his dick. Skin drew drum-tight, almost squeaking as it pushed into his face and chest. There was no longer room to thrust into her as he was pinned to the wall. Still, Cody worked his hips however he could. A pink hue spread over her chest as it trembled with extreme pressure.

"How can you...hold so much...milk?!" Cody panted. His hands threatened to break if he didn't open them. The bedroom's light became eclipsed. All he could see was a wall of blushing, pale skin.

CRREEEAAAAAAK

"NNGH!! Fuuuuuck! You--" Cody struggled to breathe against her. *"You feel like you're about to--"*

RRMMMBBBBBBLLLLL

His manhood throbbed and hardened to its fullest. There didn't feel like there was room within her cleavage for his release, yet it had no choice but to accept the load.

"Your giant tits feel like they're about...to-- FUCKING EXPLODE!!"

CRREEEAAAAK!!!!

"NNGH!!!" It became too much. Cody tensed when he filled her chasm with cream of his own, every pump echoing through her rumbling milk tanks as they fought back.

When it was over, Cody opened his eyes to near darkness. His hands released their iron grip on her nipples, but no milk came out as they blocked themselves on the wall.

He looked up, confused. *"Lilith? What--"*

RRMMMMBBBBBBLLLLL!!!!!!

Skin screamed around him. Cody couldn't move. Somewhere, he thought he heard Lilith scream from within her cleavage. His stomach dropped; in the dimness, he saw her stretch marks go from pale pink to straining red.

"Wait wait wait wait!!!" Pressure vibrated against him. Cleavage squeezed like a vice. *"ARE YOU REALLY ABOUT TO--"*

CRREEAAAAA--

BWOOOOOSSSHHH!!!!!!

It felt like a giant hand slapping him across the front of his body. Skin breaking like latex, Lilith's room-busting mammaries erupted in an explosion of cream. Darkness turned white at her release and deafened Cody, washing him off the bed in a wave of steaming milk. It filled the room from floor to ceiling only for a second before the door broke, and it washed into the rest of the house.

"*Gaaahhhhhhh!!!*" they both gasped for air, splashing and flailing on the ground as the flood receded. Lilith was on top of him on all fours, coughing and holding her chest. It was unharmed, flawless even, but ached with residual milk that left her twice her original size.

Cody looked at her in shock and awe. "*Are you alright?!?*"

She nodded. Voice weak, she started to say, "*I-I think so. Couldn't you hear me?? God... My chest feels--*"

Guuurrrrrgle!!

They looked down, seeing it resume its engorgement between her arms. Color drained from Lilith's face when it pressed across Cody's body and rounded with new fullness. "*W-Wait! Wait wait wait!! They're still--*"

Guuurrrrrgle!!!

Cody didn't dare say it aloud as she buried him in panicking waves of milky heaven, nor would she have heard him, when he whispered, "*Best birthday ever...*"
