

00:00:03

Baby, stop staring at the muffins.

00:00:07

If you want one, I'll totally get you one.

00:00:09

Do you want to refill too?

00:00:18

Hello baby.

00:00:23

Earth calling?

00:00:27

Listen, I know they look good, and I bet they taste pretty damn good too, but..
.. are you OK?

00:00:41

No, wait.

00:00:45

Who?

00:00:50

Oh, OK.

00:00:54

Hey, it's it's fine.

00:00:57

It's going to be OK.

00:00:59

Listen, she probably won't even see us.

00:01:02

It's pretty crowded in here.

00:01:04

And if she does it, it doesn't matter. what she's going to do here in public, OK?

00:01:12

Just breathe.

00:01:13

It's OK.

00:01:19

Oh, she.

00:01:20

Yeah.

00:01:21

Yeah, I see.

00:01:22

It's OK.

00:01:23

Hey

00:01:23

You got this.

00:01:24

You got this.

00:01:28

Sorry.

00:01:28

That seat is actually taken

00:01:35

pretty much anyone else.

00:01:37

What do you want?

00:01:44

Well, yes, I am still here.

00:01:48

I'm kind of wondering why you are though.

00:01:51

If you came to get coffee then just do so and leave.

00:01:57

We've made it really, really crystal clear that you should keep your distance.

00:02:06

Oh, I'm the only one who said that?

00:02:11

We both know that's not true.

00:02:17

Well, if they wanted to talk to you, you would have gotten a phone call, an invitation to meet somewhere, a text, anything.

00:02:26

Instead, you get blocked.

00:02:28

So why don't you just take the hint.

OK, Sure.

00:02:37

I'm.

00:02:37

I'm the controlling one.

00:02:39

Yeah.

00:02:39

Yeah, for sure.

00:02:40

For sure.

00:02:41

You know, that's very rich coming from you.

00:02:46

By all means, they can talk to whoever they want, whenever they want.

00:02:53

They chose not to.

00:02:55

They continue to choose not to talk to you.

00:02:59

So why do you continue to invite yourself when you're not welcomed?

00:03:07

You know what?

00:03:07

No, you don't get to just 'check in' or see 'how they're doing'.

00:03:13

You know *exactly* how they are doing.

00:03:18

Leave them alone.

00:03:20

You had your turn, you wasted it.

00:03:23

You watch them fall apart and you told them it was love.

00:03:30

You don't even know what that word means.

00:03:35

Don't.

00:03:36

Don't call them that.

00:03:39

You lost the right to do so a very, very long time ago.

00:03:44

Now you can leave either on your own or you can have the cops drag you out.

00:03:50

that's definitely your choice.

00:03:55

Oh, I would.

00:03:57

Yes, I would.

00:03:59

And if I don't, I'm sure one of these people here would.

I don't know if you've noticed, but we kind of have an audience.

00:04:09

So what's it going to be?

00:04:24

There you go, baby.

00:04:29

Do you want another blanket?

00:04:34

You're right, it is kind of warm.

00:04:40

How are you feeling?

00:04:44

Any better?

00:04:50

I'm sorry.

00:04:58

So sorry that happened.

00:05:02

I'm sorry she ruined your day.

00:05:09

I'm sorry I raised my voice too.

00:05:13

It's not really like me.

00:05:15

I just.

00:05:21

I don't know.

00:05:22

I'm sorry.

00:05:29

It's over.

00:05:32

OK?

00:05:36

She's not here.

00:05:41

Not anymore.

00:05:52

You're safe.

00:05:57

You're so safe right now.

00:06:11

Of course you can.

00:06:24

You know that you can stay here anytime.

00:06:30

In fact, I prefer when you do.

00:06:40

I love having you here.

00:06:45

I also don't want you to be alone when when you're feeling like this.

00:06:54

I want to be there for you.

00:07:08

I know it's not.

00:07:18

Hey, it's completely normal to freeze up.

00:07:28

You're standing in front of someone who was so awful to you.

00:07:35

It was pure poison.

00:07:44

she manipulated you.

00:07:45

hurt you

00:07:50

gaslighted you into thinking it was all your fault.

00:08:02

Of course you're going to get uncomfortable in their presence.

00:08:07

That's no wonder.

00:08:25

Nooo

00:08:28

It can happen to anyone, it really can.

00:08:32

Sometimes people don't show their true colors until much later on.

00:08:38

And, and when they do, it's hard to see them.

00:08:45

It's hard to see all the little red flags because, well, I don't necessarily want to use the word love, but hormones, feelings, they can just flood your system and sometimes cloud everything else.

00:09:16

It's not your fault what happened.

00:09:22

You left when you were able to leave and that was very brave.

00:09:34

None of this is your fault.

00:09:40

It's hers.

00:09:51

I think some people just feed off kindness.

00:09:58

It's what fuels them because it's something they lack within themselves.

00:10:09

So they attach themselves to a person who has all of these wonderful qualities that they don't possess themselves.

00:10:21

Or at least that's my theory.

00:10:26

And they're good.

00:10:29

They're good at playing games.

00:10:31

They're good at fooling you and making you feel like this is what love is supposed to be and it's not.

00:10:49

You shouldn't have to walk on egg shells around someone you love.

00:10:55

Someone who loves you don't feel the need to break you down.

00:11:00

They want to lift you up.

00:11:06

They want to make you see all the beautiful things about yourself and they want to help you.

00:11:23

they want to love you, really love you.

00:11:37

Exactly.

00:11:46

Don't thank me for that.

00:11:51

I love being your person, partner in crime.

00:12:05

I love that too.

00:12:10

And I love you.

00:12:17

Get some rest, OK?

00:12:18

snuggle in close.

00:12:30

I got you.

00:12:35

I always got you, baby.

00:12:46

Yeah.
