

GRIDLOCK VAULT

PART 03

You unlock that heavy metal door and hear mechanisms whirring, gears grinding, and cables pulling—the vault door is opening.

Behind it are the riches of the rich, the wealth of the wealthy, and the stolen from the crooks of this world. Those who bask in the sun at day and those of the cover of night all prefer the protection of Gridlock over their own protective measures.

After all, it's "The Unbreakable Vault" and no place is safer.

But not today. Your eyes gleam, your smirk clearly favors one side of your mouth over the other, and your hands itch at the mere thought of all these rarities. To you, the vault is like a candy store to a child.

The purest gold bars are stacked on top of each other and decorate wall to wall, and gold coins beyond what a single person can count fill every inch of that otherwise marble floor. But nothing beats what's at the end, the most coveted prize of them all so proudly kept in pristine condition: The Golden Egg.
