

Hey everybody!

Thank you all for supporting me on Patreon! You all make this channel possible, and without your support I wouldn't be able to put in the research and work into these videos that I think they deserve. In the words of Kevin Durant, "you the real MVPs."

This month has been pretty hectic because I'm also in the process of moving, so this newsletter/update is coming to you a bit later than usual but enough excuses! Let's get into the updates for Copaganda and the channel!

Copaganda

We've put out 7 videos so far in the Copaganda series, which feels wild to think about. The whole series is clocking in at over 3.8 hours, and I think there's still a lot we can cover! This reading list alone is turning into a really janky syllabus.

The next episode will be on **Spooky Cops**, which is a kind of amorphous term that I've come up with to try to talk about a wide range of shows. We're going to be talking about procedurals like Lucifer, Buffy, Supernatural, and Grimm. We're going to be talking about sci-fi monster-of-the-week shows like The X-Files and Fringe. We're going to even talk about some of the more prestige-y shows that aren't explicitly supernatural but gesture at that kind of idea like True Detective and Twin Peaks.

This video is going to be a doozy and for the last month I've just been binging these shows to try to get a handle on them. **I'll start researching and writing next month** and we'll go from there.

I also know that many of you have been interested in the MCU angle of copaganda and have asked me to make **a follow up about Falcon and The Winter Soldier**. I'm more than happy to dive into that, I HAVE THOUGHTS, but I also don't want to postpone spooky cops too much without getting your input. I'll make a poll.

After that I've got some ideas for **future episodes**, but I'd love to get your feedback about which of these tickles your fancy:

- How Cop Shows Tackle Mental Health - Criminal Minds, Hannibal, and various others
- The Status Quo - Law & Order
- Working Outside the System/Private Investigators - Veronica Mars
- Women on Cop Shows
- Consultant cops (Psych, Monk, Castle, etc)
- The modern take of Superheroes as cops (Watchmen, The Boys)

Patreon

I have a video coming in the next couple of days about **The Sopranos** and what I think is the most important episode of TV in the last 25 years so keep an eye out for that! It should be available for you patrons tomorrow.

Because of my move, we're going to be a little later on the **Q&A** this month than usual. I'll make a separate post to comment any questions you want answered but I'll be recording **Wednesday at 5pm EST**.

Over the coming months, I'm going to be migrating the whole blog thing over here to Patreon to consolidate things into a kind of blog archive that will be findable through the tags filter. I'll have more info on this as it happens, but in the meantime, just a heads up for older blog posts. I don't know, sometimes they're fun to read years later.

Finally, I've updated the reading and watch lists below. I haven't added too much reading material but you can check in on all the episodes I've watched of these shows and let me know if I missed any critical/essential ones. Feel free to read/watch along if you want to!

Please, please, please reach out to me if you have any comments, questions, concerns, thoughts, prayers, or even if you just want to say hi either here or at bumtugglies@gmail.com.

Best,

Jackson
