

Lagoon Palace Audience Hall by Tom Cartos

Background

The grand Lagoon Palace sits atop a waterfall in the steamy tropics. The humidity is too high for most regular humanoids to stay comfortably for prolonged periods of time, but the local populace apparently has some fey ancestry that has allowed them to acclimate.

There is an essence of the fey still in the air, the flora and fauna here are oversized, the people ethereal, and as a visitor it is hard to maintain focus or coherent thought, although that could simply be because of the sapping heat.

You have been granted an audience with the Prime Warden, but for what exactly you can't quite remember.
