

KINKTOBER

SKETCHBOOK 2023

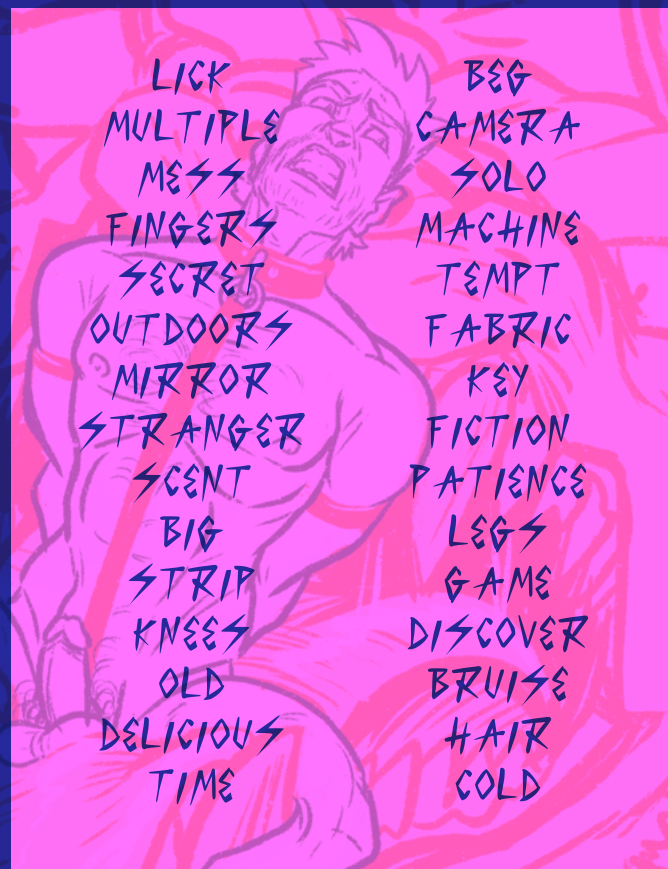

Esen Mehlos

Thank you!

If you're reading this you've likely supported me via Patreon or by buying this sketchbook directly, so I appreciate it!

The lion's share of these drawings were done on the quick as part of the 2023 Kinktober daily drawing challenge. I used a list of prompts from GC Houle (@gchoule, @gchoule_xxx) and managed most days this year but a trip out of state and other commitments prevented a completionist run like 2022's.

I've labeled which illustration is which prompt; GC Houle's full 30-prompt list is on the right and I suggest you check out their Twitter for their interpretations of these!

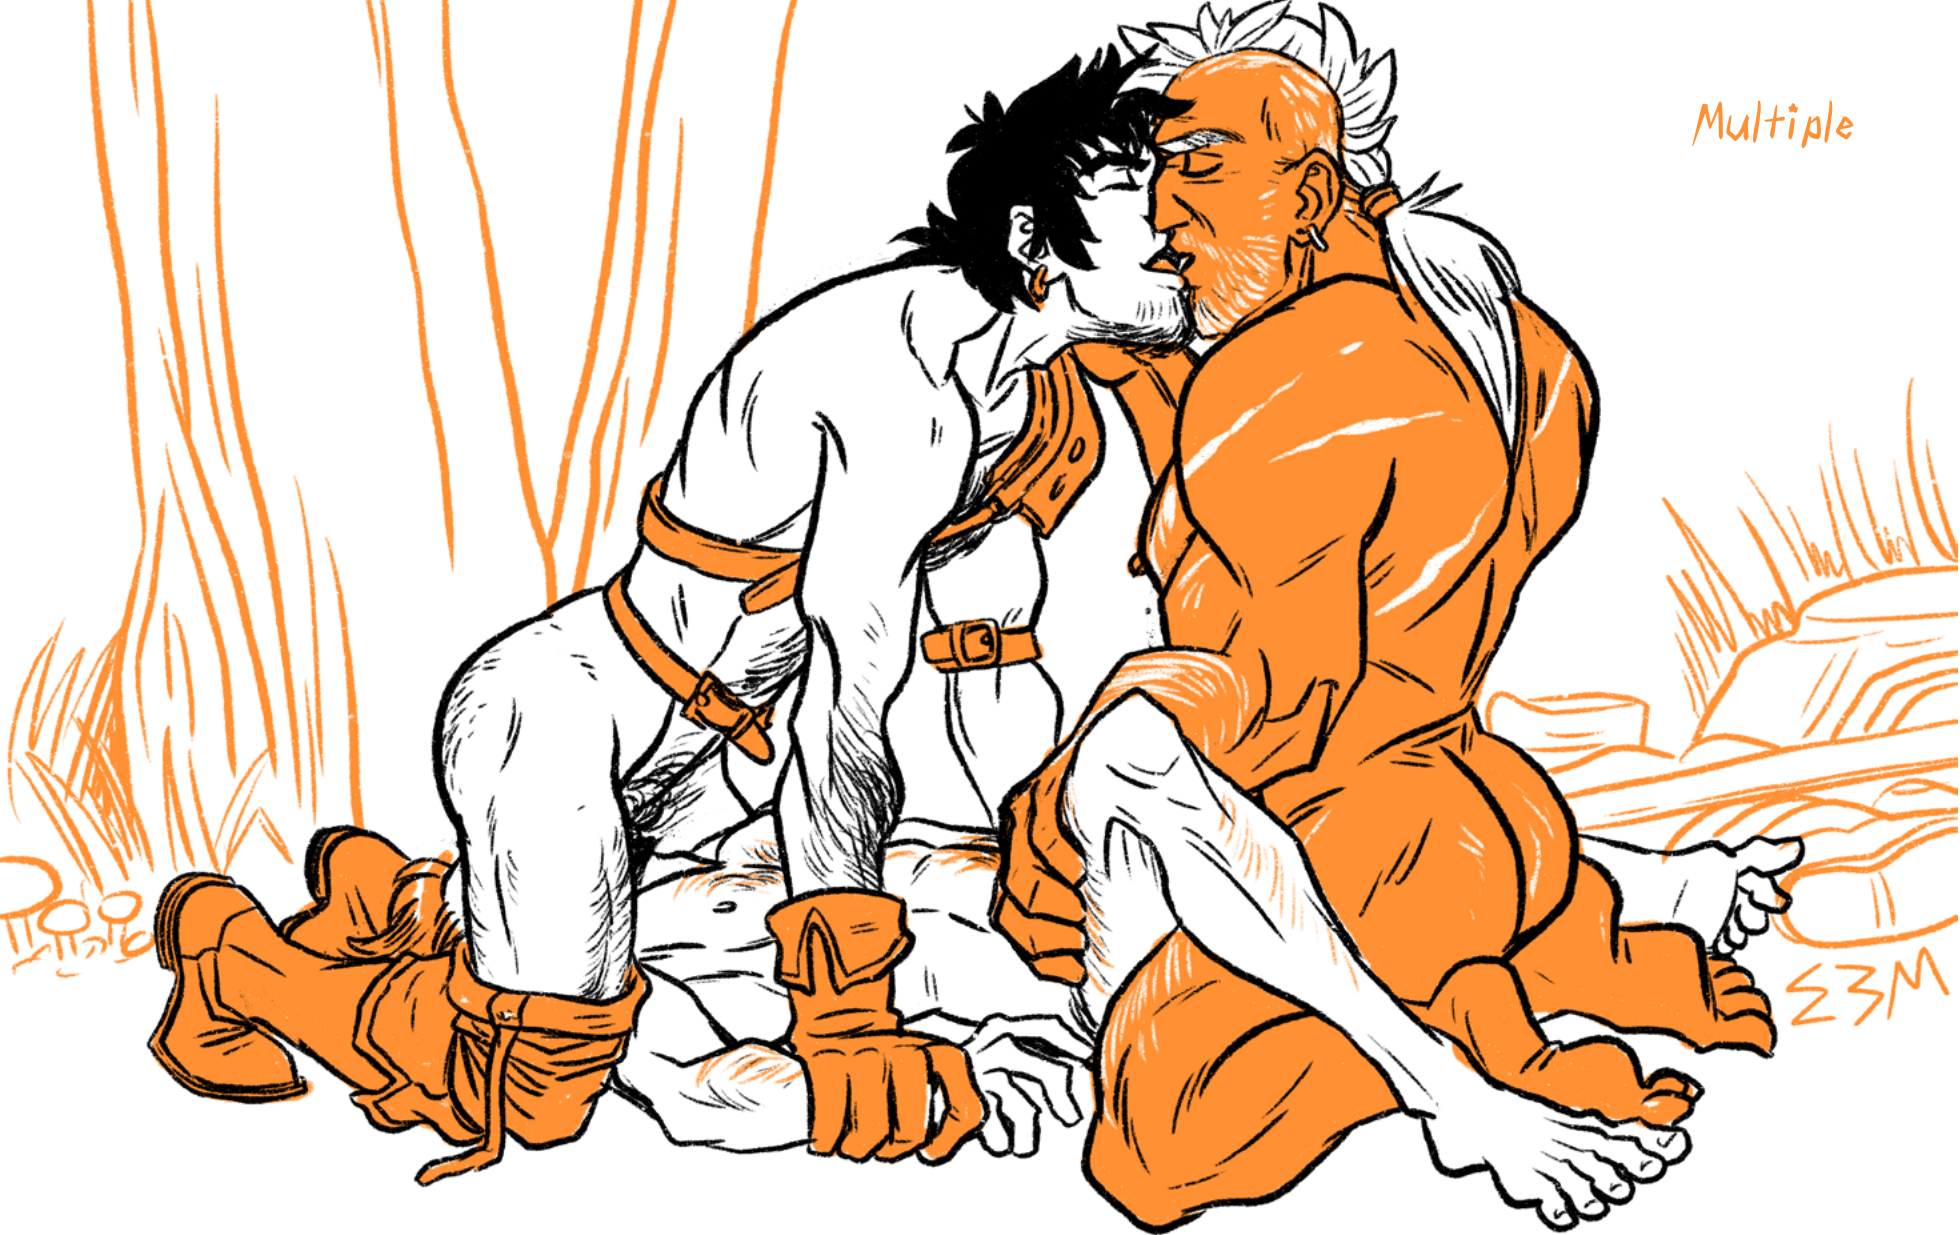

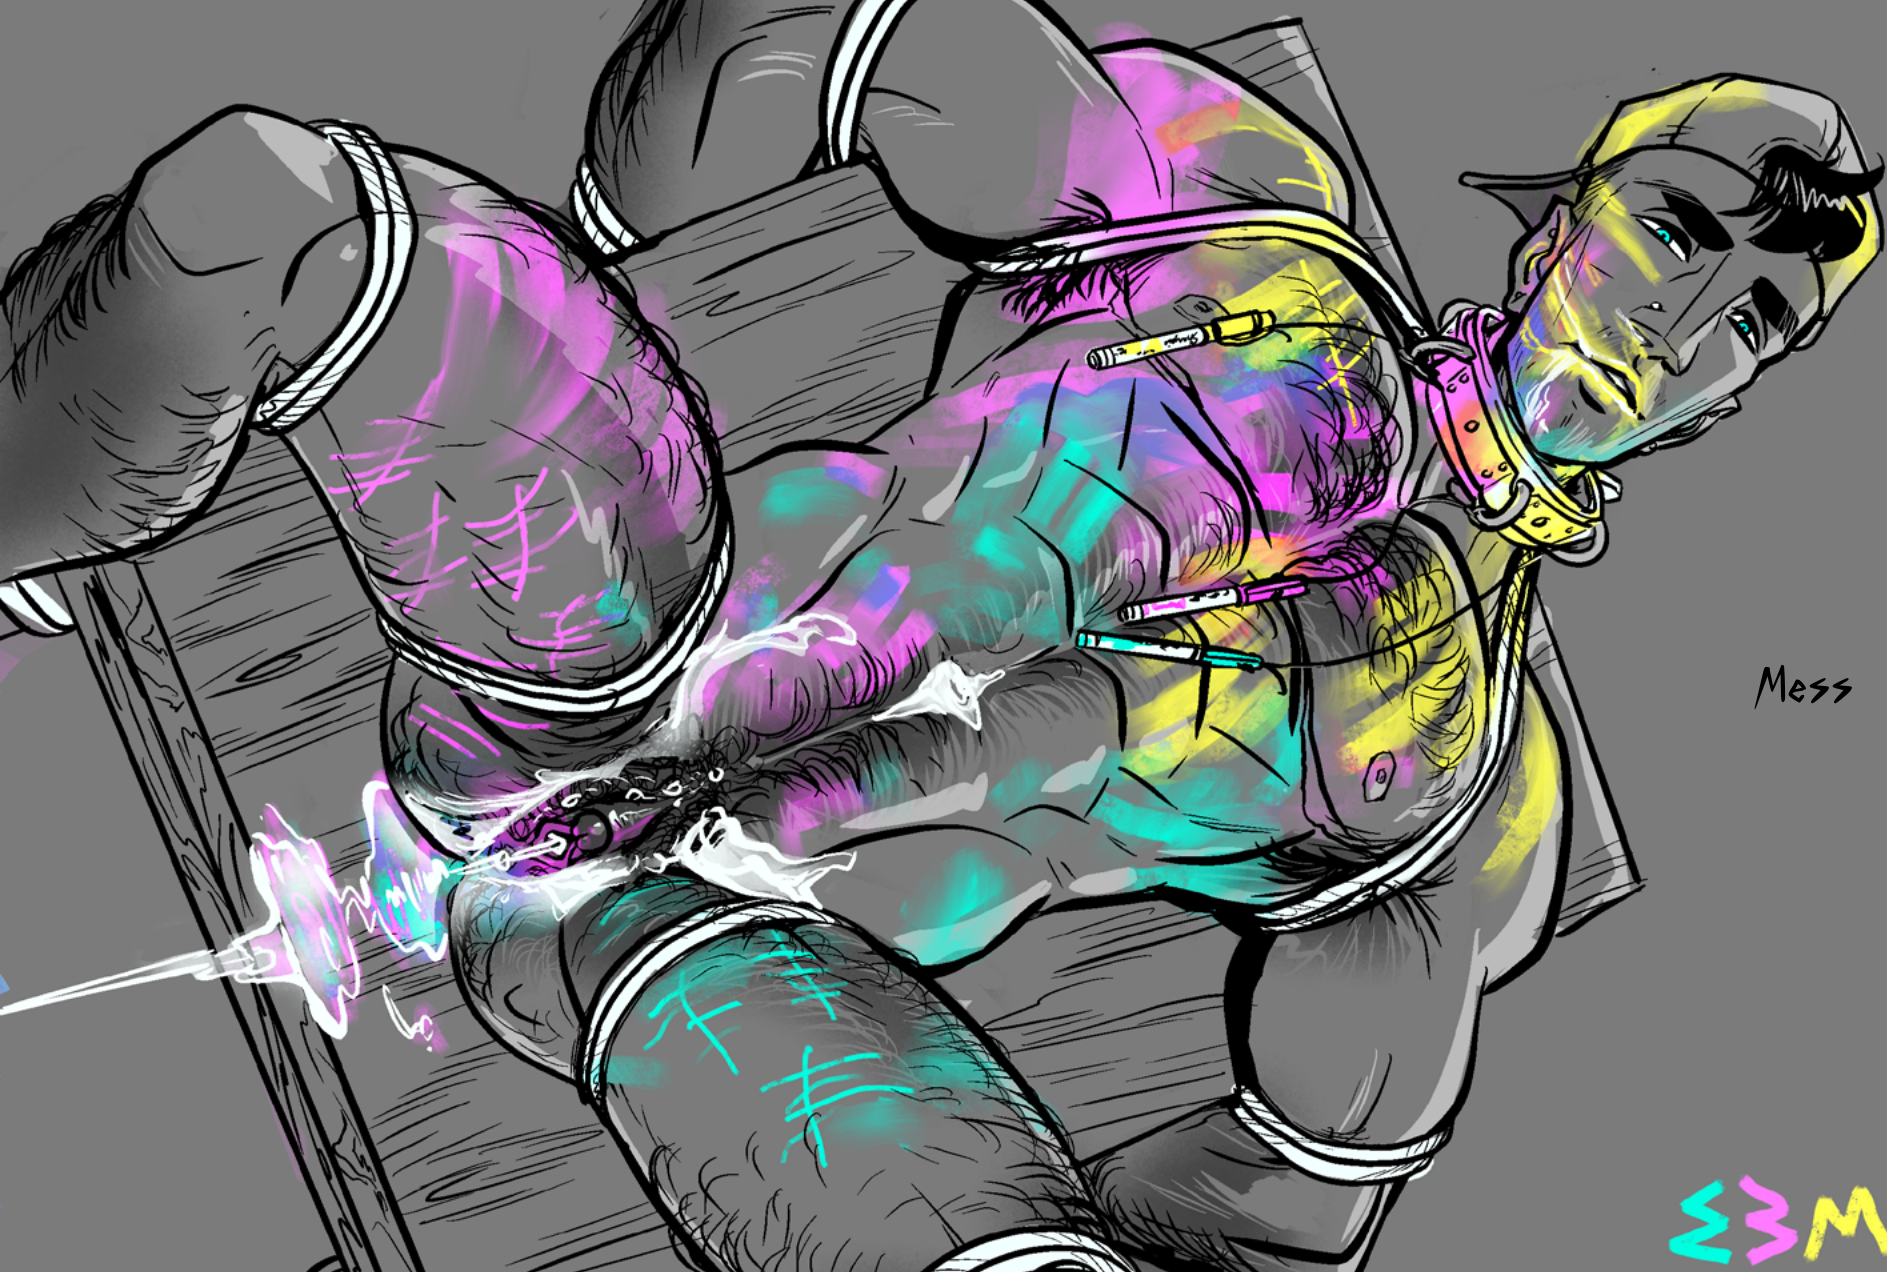

This book is very much adults-only, last warning, I mean it.
