“The more things change, the more they stay the same, huh?”

Jason and Taylor both look at Vicky and raise their brows at that, before looking around the room pointedly. Vicky just grins back, the blonde shrugging in a way that makes her naked breasts jiggle.

“Okay sure, maybe it's not a completely applicable quote... but hey, it did kind of start with us three, right? And now here we are... even if yes, we do have a bit more people along for the ride than back at the start~”

‘A bit more people’ was an understatement. The room was quite crowded in fact, pretty much all of the women that Jason had relationships with having come to this party. And yes, all of them were nude. Not all of them were engaging in sexual activities at the moment, but enough were that it wasn't all that strange that Vicky had dragged him and Taylor off to the side for a threesome.

Or maybe it should be considered a fivesome, because Behemoth and Leviathan were brought along for the ride. The two former Endbringers, now converted from weapon platforms into sex toys just as much as the Simurgh had been, were under Taylor and Vicky's control respectively.

As such, it's not really strange to Jason that his girls are currently sitting on either side of him while their proxies do all the work. The Dragon Girl and Mermaid Woman that Behemoth and Leviathan have become both kneel at Jason's feet and run their tits and tongues along his cock, sliding their breasts

up and down his member and using their mouths to suckle at his tip while also exchanging spit with one another.

Enjoying their ministrations, Jason has an arm wrapped around Vicky and Taylor each, sliding them all the way around so his hands are in their laps and his fingers are playing with their clits.

Earth Bet... was doing quite well these days. It was far from perfect of course, but Jason wasn't looking for perfect. He was just looking for good... great even. And with the power at his fingertips, he could make it happen. He could make Earth Bet a better place.

The Endbringers and Scion were just the tip of the iceberg... but once they were dealt with, everyone else was a whole lot more manageable. A simple application of Chaos Magic caused the Slaughterhouse Nine to cease to exist, for instance. A much more complex application of Chaos Magic turned back the clock on places like Ellisburg, erasing the likes of Nilbog from existence in the process.

Every day since defeating Scion and placing Dragon at the center of his control nexus, Jason had dealt with another threat... sometimes multiple in one day. Not to toot his own horn or anything, but really... he was the only one who could.

Dragon could help of course. And she did, quite a lot in fact. She took care of a lot of the smaller problems so Jason could focus on the big picture stuff.

Together, they made an excellent team and with Taylor and Vicky and the other members of Covenant all wielding the powers of their respective Endbringers, they rounded out the 'cast' so to speak, easily dealing with any real small fry who dared to make a mess.

Brockton Bay, for instance, no longer had any gangs. The Empire Eighty-Eight and the Asian Bad Boyz had been fully cleaned up by Covenant days after Jason went ahead and reconstituted Houston and Los Angeles. And then they'd moved onto Boston and continued from there.

At this point in time, villains were a dying breed on Earth Bet. To be a 'villain' at this point was a rather foolish move... because Jason and Dragon were always watching. Admittedly, this made politicians nervous. World Governments weren't entirely sure what to do with the knowledge that two individuals held that much power. Most didn't even know what he and the Artificial Intelligence were capable of, but those scant few who did were... ill at ease to say the least.

Jason didn't care. He wasn't about to oust them all from power and declare himself Supreme Leader of Earth or anything like that, but he also wasn't going to let any of them continue to get away with evil excesses anymore than he was planning to let actual villains do so. They knew that though, and for now they were all staying in line. Whether they would eventually decide to test him or not... well, only time would tell.

"Mm, alright I want a ride. Unless you want to go first, Taylor?"

Vicky's voice suddenly cuts in, prompting Taylor to blink as she looks at Jason's cock for a moment before shaking her head.

"You can go first. It's fine."

The blonde beams as she and Taylor have Behemoth and Leviathan pull away in unison so that she can climb onto Jason's lap and take their place. However, just as Vicky is preparing to swing a leg over and impale herself upon his cock... there's a commotion that draws all of their attention. Through the crowd of naked, partying women... a stranger walks in.

However, she's accompanied by a familiar face and as Hannah brings the new woman forward, Jason immediately recognizes who the olive-skinned heroine has brought to them.

Dark haired and dark eyed, with skin of such a color that assigning an ethnicity to her would be impossible... Jason smiles and bobs his head.

"Hello Theresa."

Dragon, or rather, Theresa as she'd asked him to call her back in Scion's central control nexus, blushes prettily as she stares down at his cock. Jason isn't too upset about the 'trespass'... after all, he's well aware that the ascended AI has been watching him have sex with other women for weeks now. Everyone knows about it in fact, Jason didn't hide it from them and not a single one of them has asked him to tell her to stop.

In the end... this was somewhat inevitable, given those activities. Though he must admit, he admires the body that Theresa has made for herself. Not too voluptuous, not too slender. Perfectly proportioned. In fact, if he had to guess... Theresa has taken the profiles of every woman she knows he's slept with and made her body as close to an 'average' of them as possible.

Though an average of all the women in his life is far from an average of all women everywhere. Indeed, Theresa's new body is... absolutely gorgeous.

"I... don't mean to intrude. I just... wanted to j-join in, if that's okay."

Vicky and Taylor exchange a look at that, silently communicating for a moment. Then, Vicky holds out a hand.

"Come on over. Taylor and I can wait. You only get one first time, after all~"

Taylor nods, a soft smile on her lips.

"Jason isn't going anywhere. There's more than enough of him to go around."

Blushing even harder at their easy acceptance, but also smiling, Theresa comes forward. Hannah stays back, watching her go with something almost proud in her eyes before she turns to join the others and their fun.

Somewhat awkward and inexperienced, Theresa nevertheless climbs aboard, crawling into Jason's lap and grabbing his cock with one hand to anchor herself. Jason's own hands go to her hips, gripping down and finding her flesh pliable and soft. Her breasts bounce with the movement, and jiggle as she takes in a breath.

He makes sure to help her out, lifting her up so she can angle his cock underneath her against her slit. She fiddles with it for a second, rubbing her pussy lips against his member only to let out a wanton moan as she gets wet... absurdly fast.

“A-Ah... I might have, mm, m-made this body t-too sensitive...”

Jason chuckles, even as Vicky laughs and Taylor giggles. It's the blonde who speaks up.

“Nah, no such thing as ‘too sensitive’. Sounds like fun. You just gotta get used to it, girl!”

Theresa gets a serious look on her face, nodding at Vicky's words like they're some sort of gospel. Then, she abruptly pushes herself down Jason's cock, impaling herself right then and there. Immediately, she goes stiff as a board... and then begins to spasm rather powerfully in Jason's grasp, her body shaking and shuddering as she orgasms upon entrance.

Taylor arches a brow and snorts in amusement.

“Hm... Vicky might be wrong. There might be such a thing as ‘too sensitive’.”

But her tone is somewhat teasing, and truth be told Theresa is in no state to fully hear her words anyways. Jason holds the ascended AI steady, gripping her firmly by the hips and keeping her from spasming right off of his cock in the process. He watches as she slowly but surely recovers, her eyes never quite rolling back in her head.

Her entire body is flushed though, her face red all the way down to the top of her chest as she pants and stares at him wide eyed.

“Hah... hah... hah...”

“You good, Theresa? Ready to move yet?”

“J-Just... just a second more, p-please.”

Jason just nods, happy to give her all the time in the world. It's rather funny though to see such a powerful being, perhaps the closest thing he'll ever have to a peer in terms of personal might... acting so vulnerable, innocent, and inexperienced.

His cock twitches inside of Theresa at the thought, making her squeak and then moan from the slight movement. Jason still doesn't do anything more than that though, waiting patiently until finally Theresa nods her head.

“O-Okay... I'm ready...”

Of course, when she tries to lift herself up to begin riding him, Theresa immediately cries out, spasming again through a smaller orgasm and clinging to his front for dear life. Jason arches a brow; not quite sure she IS ready yet. Maybe Taylor was right and Vicky was wrong... maybe there was such a thing as 'too sensitive', especially for an artificial body like the one Theresa has made for herself.

And yet...

“P-Please... I want it... h-help me, please...”

Such an earnest plea... how can Jason possibly ignore her? With a rueful sigh and smile, Jason nods.

“Alright... but you tell me if I need to stop and give you a break.”

“Y-Yes...”

With that, he begins to fuck Theresa upon his cock, taking control and bouncing her up and down his member using his grip on her hips. Immediately, the ascended AI cries out, arching her back and tossing her head in the air. And yet, when she doesn't beg him to slow down or stop for a second, Jason keeps

going. He keeps fucking her, even as her pussy clenches down tightly along his length, flexing and gripping and spasming continuously.

Taylor and Vicky watch on, though they aren't idle. Indeed, the two wind up exchanging Endbringers, directing their own personal sex toys to the other and having them begin eating their cunts. In a way, since they are the ones controlling Behemoth and Leviathan, they're eating each other out right now.

As they do so, as Taylor grips Behemoth's dragon horns and Vicky places a hand atop Leviathan's slightly slimy head, Jason focuses on the matter at hand, fucking Theresa up and down his member. It's her first time ever having sex, so he wants to make sure she enjoys herself... but truth be told, he's not sure he has to do much... or that he even can do much.

Indeed, Theresa has made her body so sensitive that her enjoyment isn't optional. She's crying out, moaning, and squealing so loudly that several of the other women in the room pause their own activities to look over and watch her cum her brains out again and again on his cock.

Jason, for his part, thrusts up into her from below even as her eyes roll back in her skull. He continues to fuck her even as her tongue lolls out of her mouth. He plunges up into her depths from below even when she starts to ragdoll on his cock, her arms falling away from his shoulders and dangling limply at her sides as she shudders and quivers and jerks up and down his length.

Fortunately, Jason can reach out with his senses and tell that Theresa is having the time of her life even in this state of being. So he keeps fucking her... until finally, with one last groan, he unloads inside of her constantly spasming, constantly milking pussy. Her quim gripping down on his dick so hard, trying her damndest to get his seed... well, it finally does. And he fills her womb to the brim, seeding the ascended Artificial Intelligence right there on the spot.

In the aftermath, even a woman of as much power as Theresa needs a rest, so they lay her down in one corner of the large couch. At which point both Vicky and Taylor take their turns next, one after the other, their own pussies nice and wet from the tongues of their respective Endbringer Toys.

And after Vicky and Taylor, it's all the rest too. One after another, Jason shows all of his women some love. Their work might not be done yet, but Earth Bet is already in a better place now than ever before... so really, they'd earned this celebration, this party of sorts, regardless of how debauched it was. They'd earned this small break... because tomorrow, Jason knew full well that it'd be right back to the grindstone.
