“Hi, I’m Cecilia, my friends call me Cici. Uh... well I’m here because, I want to show you, my new dance! Well... here we go!”

Cici was promised 6 months rent by an elite friend of hers. Convinced her dancing skills are good, she got on webcam and livestream on Youtube, as per the condition. The other conditions.... She must dance for 10 minutes with no major interruptions. And she will be dancing with... the twins.

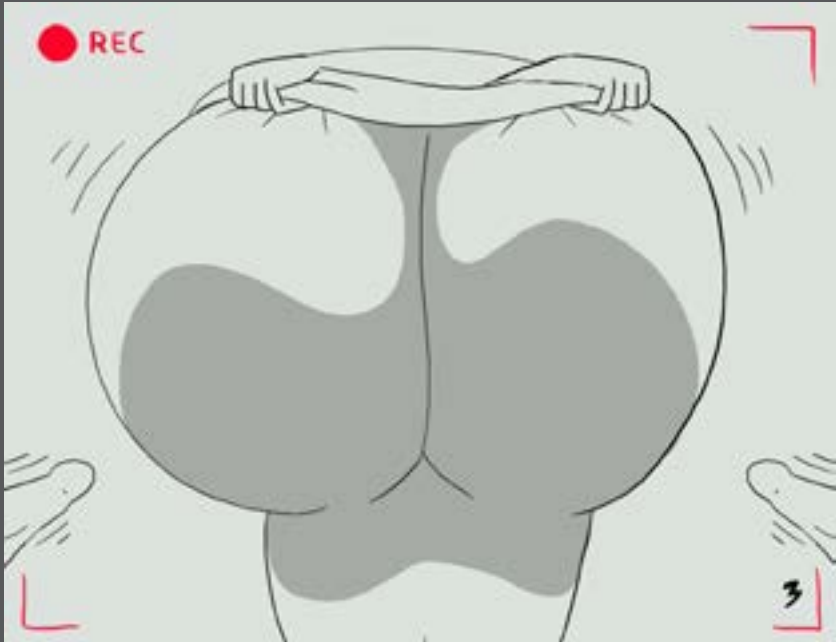

The twins are both wearing a tight tube top, and skimpy bottom lingerie. Underneath those tight undies are containing what will soon be big throbbing ding dongs. Cici, with her dummy skimpy outfit has no clue how naughty this webcam dance will get!

Boing Boing Boing She is actually a great dancer! She dances as if her boobs don't even exist, ironically, they are even more prominent because they are bouncing like extra large basket balls against the air.

Cici smiles in an exhilaration. "Come on girls, dance with me!" The music thumps and her big boobies are bouncing the beat. *unts, unts, unts*

The excitement in the twins began to manifest in their pants, and their panties stretched out. About 7 inches of boner poked out. “Oh my!” Cici noticed. “It looks like our dancing is getting heated. I’m feeling tight myself in this outfit!” She didn’t notice why, her bazongas were getting bigger! It was the excitement that made them expand.

Without hesitation, she grabbed the underside of her top, and raised her arms up, bringing her boingers up with her, she was peeling it off! Any moment, her bigger bouncies were about to pop out freely!

Beyoing! Her boobs telepathically made that noise in everyone's head as they watched her knockers slip away from her modest clothing. Big red hearts were at the apex of her larger doinker boinkers. Cici giggled knowing she had red pasties to keep her protected from perverted eyes. "That's better" She raised her arms and shook her pelvis like no one was watching.

As the momentum of her growing booba increased. So did the arousal of the twins. 9 inches turned into a crazy 1 foot 9 inches! These large sizes were unusual to the viewers, but to Cici, larger donges were not strange, especially since she is gifted in the busty department.
