

(Specially at the start, you are cute, and rude towards the prey. Throughout all the audio, its incredibly important to overexaggerate your tones and emotions. IDK if you'll understand this, but can you put a "streamer" tone of voice? It constantly sounds in my head. I put things like helloooooooooo to help you recognize when is it important)

(Little songs play out in the background)

(Mouse click) Ok. Helloooooooooo everyone! And welcome once again... To a vore streaaaaam! The beautiful place where you get to see me digest other subs! Remember, to be my food I do a weekly raffle for the "feast" patreon tier!

For todays episode... I brought the mountain of meat that is Alison! Say hello to chat, food!

- He... Hello chat! I... Im excited to-

(She interrupts her)

SO! For today's episode we'll do the usual. You like to see me indulge with people so.. Why change anything? In case you are a new cute little lamb... First we get to know my prey, Alice!

- I-I-I-Im actually...

(Interrupt her again)

SECOOND, I eat and digest it while being the cute little bratty girl you all know and love~ And Third you get to check the post-vore gains~

Last time I got a little snack craving after eating. Soooooo this time I brought an industrial sized bucket of fried chicken! Not chicken wings, chat~ WHOLE! CHICKENS! Deep fried in grease~~ (Like licking lips) Mmmmmhhh~ Can you feel all this on top of your head already, Adeline?

- Ye-yeah It's gonna be...!

(...)

OH I'm definitely feeling how that is fattening my hips! (Two ass slaps) Right chat? (Laugh)

Okay okay! I can see you drooling on the other side of the screen~ Let's start! Lets first know a little bit better my hip enhancer, Amelia!

Tell me, what would you say to anybody who is not willing to be my food?

- I... I don't know why they wouldn't want to, really...

Correeect answeeeeer! (Tesy voice) Chat, if you see me in the street, don't be shy. Throw yourself down my throat! (Laugh). (Regular cute voice) What else? Would you like to add to any part of my body in particular? (Tesy voice) Some famous candidates are my tits, hips and ass!

- OOhh my god I always wanted to contribute to your ass!

Another great answer! I feel not enough people glance at my beautiful bum on the street. They should take a lesson from you! (Short chuckle) Would you like to say something to chat before I eat you alive?

- Oh Uuhhhmm... Ooohhmm... I-Im really t-thankful to-

(I want to put a bellyslap in each of the compliments. Leave a tiny space in between them. Like if there was points really)

(Bellygrowl) OOOhhh You are (One bellyslap per word) big. Meaty. Cute. And Shy! (Sexy voice) You are my perfect match~

(Sexy voice, even dominant, do NOT sound cute. You'd make me a favour if you made the kisses. I think it should sound good enough if you just kissed your hand, like really fleshy/loudly. "Lick her body" With something like "Mhaaaa" and some slurps should be good to go. Important part! >:3!)

(Intense, wet kiss) That felt good, right meal~? There is more where that came from~ (Long wet kiss. They fall to the ground) OOOhhh I love when it's that easy! (Panting) (Wet kiss) I can't wait to add those to my body...! (Lick her body) Mmmh...~ Sweaty prey~ (Wet kiss) Let's not get people waiting~ Time to go down my dear~

(As there is only one prey, I'd like to make this sequence longer than usual. For the swallowing sounds of this audio, I want to try something different. Just give gulps, small moans food related (mmmmh... -> When something tastes really good). And finally just breath close to the mic. That should be enough to take this to another level. Open mouth its not like "aaahh" literally, but a mouth Hot Air exhale. I Will send you an example)

Aaahh...~ (Swallowing sequence)

(Out of breath, you really enjoyed your meal. You can return to a somewhat cute voice. Not fully though, you are recovering from the experience.)

(BIG burp) OOooogghh chat...! She tasted...! A... Amazing...! My god best prey....! Up until now...! (moan) What a feast... (Bellypats) You good in there? Ugh I don't care... It feels...! Incredible out here... (Burp) ooohh... O... Okay chat! She is finally down I think... Oof I best slop of meat I EVER had...

Lets (moan) continue... With the rest of the stream... I should (moan) recover as her beautiful taste... Fades away... Just give me... A minute... (Long panting 10 s)

(Two bellypats) O-okay... Im coming to my (burp) senses... Oooof how am I gonna control myself with that...? All my ~lower~ body tingled... (Sassy) I think That would be too much for the terms of service though~! (Laugh) (She gets up and sits on the table. Big steps, and sloshes)

(Here you are still tired, but not as much as before. Through this paragraph your cute voice should fully return)

(Effort groan, lifting her belly to sit on the chair) Nnnghh...! (She sits and the chair crunches with her weight, It doesn't break) Oooooohh...~ (Burp) There... Ok! I'm back, chat Im back! I really hope there are more of these treats among you... (Bellypats) I can't believe

this is my job now (burp) (cute laugh). Okay! Let's start the second part of this vorny stream! Time for questions, and some lovely stuffing! (Opening bag of chips) As always, donations will give you priority~

(“vorny... VORNY chat” I just want some emphasis on the second vorny. The following “chat” its not included in the “!”)

Sexydestroyer65 asks (Eats chips) (gulp) “Is she struggling in there?” (Short pause) (Burp) Does that answer your question? (Cute laugh). (Eats chips) (gulp) “Why dont you eat all the feast tier at once?, that would be a real feast!” Dear vorny... VORNY! chat~ Who pays for a subscription if you all are fat on my ass? (Laugh)

Let's change the question to... Hhhmmm... Why not eat multiple subs at the same time? I know there is a little group that only wants me to eat more~ I could do a special some day, with two or three little subs to eat~ (Bellyrubs) Ooooff If only two of those were as... (Gulp saliva) delicious as this slut...(Bellypats, bellyrubs) (Eats chips) (Gulp)

(A lot of emphasis in “MY” vorny sluts)

How many viewers do we have? 15K?!? Ooohh wow those are good (burp) numbers! (Bratty tone) Aaaaall looking me and this belly...! That earned a little belly dance chat! Wait... How am I gonna lift this gut? I'm gonna make another patreon tier, “vore slave”! that strictly helps me with this kind of thing! Lift up my belly, rub it whenever I want, bring me more food... Ooof that would be great! (Short pause) Oh wow chat you are going crazy about that one. Even if you risk getting eaten afterwards~? (Short pause) You are all a bunch of vorny sluts! But MYY~~ vorny sluts~! (Laugh)

What was I doing? Oh yeah! Belly dance! (Grabs her belly) One... Two... Hhhgh! (Table slam) Okay! I'm up chat, Im (Buuuurp). Ooohh where did that came from? (Teasy voice) I'm not gonna say sorry though, I know you liked that~

(“Sing” the camel by camel song: <https://youtu.be/JnqQ8n06-0A> . I mean tuturutuuuu tuturuturutu!, little less than 10 seconds. With “Hurp” I mean when you try to stop a burp in your cheepks, that makes an airy sound. For this one, you are unable to stop it~)

Readyyy? (Hand clap sound) (Sing) (Heavy sloshing sounds). Okay okay enough...! (Drop to her chair) (Panting) If that is not worth a sub... I don't know what it is (Laugh, hurp, burp) oohh... My belly feels upside down... Give me a sec... (Inspire through the mouth) (Expire) Okay that's better! Right now, I would ask a vore slave to kiss my belly (bellypats) With no aparent reason! (Cute laugh)

(The user is read Vore me too Please)

“VoreMe2Please” Asks... (Cutely surprised) Wait, that is one hell of a name! The name has a two, the number not the word! it's amazing (Laugh)! He asks “How can I get myself eaten?” (Sigh)... (Teasing voice) After making that question, just send me your address (Laugh). I will be there soon enough (bellypats) (licking lips). As I said my cute little vorny chat! I make a raffle for the “feast” patreon tier and eat the winner! (Short pause) Chat you are nearly as vorny as me and that is dangerous! How much food sent its address?!? (Teasy, bratty voice) (Bellypats sound) Be careful with what you desire, chat~ I might show up now~ (Teasy laugh)

(Happy sigh) I'm thinking I could make a name competition though~ And eat the most voracious name I can find~

(Remember what we said about eating sequences. Just give me some nose breaths, and gulps)

So much stuff to think of chat! My only neuron is busy telling my belly to digest! (Burp) (Laugh)... Well... Two neurons! Digest! and eat! I gotta swallow the chickens before they get cold! Look at this beauty, chat! (Crunchy sounds) Five... Ten... Thirteen whole chickens!! These two! Down th'a hatch! Aaahh (crunchy sound) (gulp) (gulp) (big gulp) (Buuurp) Aaaaahhh~ (bellypats) They are only two neurons but they do their work pretty well! Don't you think chat~? (Bunch of chat noises) That's what I thought~ (Laugh)

Chat you keep sending your addresses!!! (Moany) Oooooohhhh~ I could totally go for another one~ (Inquisitive, bratty) Mods!! Grab... whoever and sent it my way!!! Lets just (burp) blow the internet~ (Laugh) While we wait~ Want to listen to me say the whole alphabet burping? (Door ding) Oh... That's what I call fast food! Im I right chat~? (Tiny chuckle) Its opeeeeen!

(PoV switches dramatically to the prey. Music goes muffled for a tiny second) (Open door) Weeeell, weeeell weeeell~ Arent you looking tasty~? (Dominant chuckle) You see~? I'd present you to chat, but tomorrow I have a photoshoot~ They want a pregnant woman, and I'd like to show Up on a flat tummy. That people feeds me models if I do~ So I better start digesting you FAST! COME HERE! (Open mouth/Air exhale)

(Swallowing scene. Gulps 2s apart, only breathe through mouth, small moan time to time) (Final Gulp) (Massive burp) Oooooooooohhhh~ Fuuuck~! So good... S-Stop with the addresses! Pay for the Feast tier dammit!! I cant control my ASS!! Mods!! Do...! Something!

(Sub sound) (Happy again) Oh! Sub! (Reading) "I bet you can't get five chickens down at the (burp) same time" Oh yeah! I forgot I didn't even finish my snack. Wait. What did the question say...? (Mumbles the question) EXCUSE ME!?! That is...! (BIG BURP) child's play!! Here! TEN!! Aaaaahhhh...! (Gets her mouth full) Ggghhhhwooooouugghh...!

(Talking with her mouth completely full) (Inaudible talking) -> I'm the best and I Will always Crush any food contest!! (One really Big gulp) (Massive burp) (Clear, Intense, dominant) And you better not forget that!!

(Intense/dominant voice tone continues) (Sub sound) What is It now?!? (Correcting tone of voice) (Coughing) Eh-eh-ehm... (Lovely and cute again) What is It now~? (Reading) "Make an RP! (Here you should sound a bit slow. you come from a looong boring digestion)
