

THE YOUTH RAY

By Chrono Eclipse

Part 2: Mother-In-Laws Meddling

Jim activated the device and a wave of energy flowed around the four of them. The lights became very bright in a flash and when everyone's eyes adjusted they looked down at their own bodies.

The four adults suddenly began to feel intensely horny. It was one of the strongest sensations many of them had felt in their life! The women's nether's began to pulse and their nipples tingled as they were engulfed by the rays energy. Jim's dick became incredibly stiff and began to throb and sputter.

As they looked around at one another they appeared to be changing - The color appeared to come back to Wei's white hair and Kim's gray bun darkened as well back to mostly black. The wrinkles were lifting from their cheeks and their large saggy tits lifted a bit up their chests, the former 87-year-old breast filled out once more, no longer looking like half-empty sacks drooping onto her wrinkly tummy.

Jim was losing weight as well as his hair thickened and filled out. Every one seemed to be looking younger and hotter - except Ellen who felt hotter in the sense that she was experiencing her first hot flash. Lines on her own middle-aged face were deepening and her hair was gaining more grays.

"Wait - wasn't I supposed to be getting younger..." She asked as she watched her gut soften and pooch out from under her shirt and then looked over at her mom and grandma who looked more like a pair of hot cougars.

She finally looked over to Jim to see that he was a fresh-faced young man again in his prime. He was in the middle of lifting his shirt up to reveal that his beer belly and love handles had flattened back into the chiseled abs that he had back in college.

“AHHH OOHHHHH!!!” Everyone gasped and moaned suddenly as the arousal that they were all experiencing reached a climax.

“I- I- I- I’M CUMMING!” Kim cried feeling an intense pleasure that she hadn’t experienced in over a decade.

Her pussy splooped a massive amount of cum into her granny panties and formed a noticable cum stain across the crotch of her beige slacks. She covered the wet spot up and blushed in mild embarrassment.

“AH AH AH - OH GOD!” Ellen panted and screamed as her aging body spasmed and her dry pussy discharged a flood of cum. She spasmed in her seat, gripping her saggier chest with both hands and rubbing her sensitive nipples over her shirt.

Her face felt hot again and her body began to struggle through another menopausal hot flash as she was still twitching and squirming from her orgasm. She felt a rush of liquid expel from her cunt once again and thought it might be a second orgasm but soon realized, from how wet and warm her panties felt against her crotch - that she had just accidentally peed herself.

Wei shouted something in Mandarin as she reached under her top to squeeze her saggy breasts and tweak her nipples. It had been ages since she had experienced this and never without a man inside of her.

She moaned and yelped in pleasure as she came into her Depends and her now 50-something body shuddered in ecstasy.

Jim shot a load into his underwear as well as he shut his eyes and enjoyed the release of his cum from his dick.

After a moment, once their bodies settled and the energy dissipated the group looked around at one another. Everyone was smiling and panting, even Ellen who hadn’t yet wrapped her head around the fact that she had gotten 10 years older instead of 20 years younger.

Wei was the most amazed by her transformation. She had barely comprehended what her granddaughter's boyfriend was saying a few minutes ago and now here she was, 30 years younger and having just experienced intense sexual satisfaction.

She put a younger, though still veiny hand on the arm of the couch. It no longer shook like it had in old age and her legs felt so much stronger. She pushed herself up onto her feet, not realizing that her diaper had become undone from her transformation.

The Depends slipped down from the matronly woman's waist and down her soft cellulite-covered thighs, flopping down to the floor and splashing a bit of cum and piss on the 57-year-olds veiny bare feet.

"Oh!" She gasped in surprise looking down to see that her middle-aged bush and pussy were now exposed to the world. She quickly brought her hands down to cover it.

The smell of what she had left in her diaper wafted through the room - the salty sweet scent of her cum and the ammonia stick of her urine.

Jim took a deep inhale of the musky scents wafting up from the formerly old woman's diaper and became aroused again. It was also helping that Kim was enjoying the increased sensation in her now 40-year-old breasts and had taken her shirt off and pushed up the dowdy ill-fitting bra she had on, so that she could continued to fondle them and pinch at her nipples, riding out the after-shocks of her orgasm.

The now 25-year-old man hadn't noticed yet that his own younger more muscular body was swimming in clothes made for a middle-aged out-of-shape older man. His pants quickly fell down around his ankles and his boxers soon followed. His young thick cock was standing at attention and the smell of his manly ejaculate wafted through the living room getting the attention of the three asian matrons on the couch.

"Oh my! Jim! You look absolutely scrumptious!" Kim purred, squeezing her lightly sagging tits together enticingly.

She was now the younger of the three women – as old as his girlfriend had been a moment ago and as young as she had been when they first made love when he was a student back at university. So the sight of her got a reaction from Jim's body and an extra drop of pre-cum slipped out from his dick hole.

"Mmmm and by the looks of you, you're happy to see the new me..." Kim purred, biting her lip.

"Mother!" Ellen shouted not wanting her mother and her boyfriend to get so flirty right in front of her – especially now that she was the older woman.

"How did this happen and who is this handsome young man here?" Wei asked still holding her veiny hands down to cover her exposed crotch.

"He's my boyfriend PoPo!" Ellen said looking at her mother pointedly.

The now 57-year-old smirked at her 50-year-old granddaughter looking down at her slender MILFY body and Ellen's graying matronly physique.

"I don't think PoPo is appropriate to call me anymore, dear. We look like we could be sisters!" Wei pointed out.

Ellen let out a small whimper at that realization and was afraid to admit that her grandmother now might actually look HOTTER than she did. She turned angrily to her now much younger boyfriend and stood up to give Jim a piece of her mind.

"What the hell Jim! You said you were going to make me 20 again! Look at me! I'm an old lady!" She screamed, slapping the young man in the back of the head.

She looked like an angry mom scolding her incompetent adult son as she yelled at Jim. He flinched and shrugged looking at the device.

"I don't know what happened! I calibrated it perfectly and triple checked my math!" He explained defensively.

Ellen grit her jowly jaw and put her hands on her hip, glaring at him with an expectant stare.

“Well? Fix it! My own mother looks younger than me right now!” Ellen yelled pointing over to Kim.

“Aw thanks honey!” Kim cooed, reveling in her regained youth.

Ellen turned sharply to give her mom a piece of the death-glare she was giving her young boyfriend.

“Shut it. Mother.” Ellen snapped.

“I think your grandmother, er, *ahem* your older sister had it right honey. I can’t really be your mommy anymore now that I’m younger than you, big sis.” Kim explained, giggling.

Ellen turned back to giving Jim her angry look as if to say ‘you’re the reason that this is all happening – fix it!’. Jim fumbled with the device and turned it on Ellen, clicking it quickly.

Nothing happened.

He clicked it again firmly. Nothing. He clicked it several more time with the same non-result.

“Why isn’t it working!?” Ellen asked in a panic.

“I-I don’t know! Maybe it needs to recharge.” He explained.

There was a moment of tense silence while Jim fumbled with the Age Ray and the middle-aged women stood there feeling a bit uncomfortable now that the high or their orgasm subsided.

“D-does anyone else smell pee-pee?” Kim asked sniffing the air.

“It was PoPo!... I mean, Wei!” Ellen shouted quickly, blushing.

Kim looked at the wet spot on the front of her daughters jeans and smirked.

“Yes dear, you’re probably just smelling the diaper I needed when I was older... I’ll go dispose of it but... would I be able to borrow some fresh panties and a dress dear?” Wei asked Ellen, gesturing at her lower nudity.

“I think that’s a great idea! I’ll take Wei upstairs to pick out some new items from your closet... I think my outfit needs a bit of an upgrade as well... and you and Jim can figure out how to get his device to work again.” Kim offered.

The two rejuvenated women ran upstairs with their stronger, if still flabby, younger legs – giggling the whole way at their luck in becoming women in their prime once more.

Ellen stood in the living room with her now much younger boyfriend Jim, feeling hot, tired and upset. Her panties were still damp with cum and her own pee as she gritted her jaw and stared at the 25-year-old handsome man holding the device.

“You can fix it right? You can make me young like you?” She asked insistently.

Jim fumbled with the device, trying to avoid glancing over at his frumpy, upset girlfriend.

“I-I think so... I just need to figure out how to charge it back up.” He said fiddling with the ray gun.

Ellen fanned herself, moaning a bit. She was feeling sweaty and uncomfortable in her matronly body. She was also feeling residually horny and thought to herself that maybe she could solve both problems and give Jim the motivation he needed to give her her youth and beauty back.

“God i’m sweltering...” She moaned as she reached down and peeled her shirt off.

Jim looked up to see his 50-year-old girlfriend showing off her soft puffy belly and reaching around to unhook her bra.

“What are you doing?” He asked her as she exposed her B-cup breasts to him.

“Just cooling down.” She said, flashing him a flirtatious look as she cupped her droopy tits in her veiny hands.

Jim looked down trying to get the ray gun to turn on again as his girlfriend moved closer to him and pressed her exposed chest against his muscular arm.

“Aren’t you going to offer to suck on my nipples. You always love that whenever I take off my bra...” She pouted showing creases in her chin and cheeks.

The 25-year-old man looked down at the 50-year-old woman’s sagging b-cups and her dark brown nipples that were crinkling a bit from age.

“Um... that’s okay...” He said turning back to the device.

She slumped in front of him looking discouraged.

“What do you mean ‘that’s okay’... aren’t you attracted to me anymore?” She asked.

Jim looked at his older girlfriend, with her salt and pepper hair and crinkling leathery skin.

“I’m sorry hun... you just look so old to me now. You’re basically double my age!” He told her honestly.

She gritted her teeth at him, annoyed again.

“Whose fault is that mister? If you had gotten this right I’d be a sexy young 20-year-old girl again with shiny hair, flawless skin and perky tits!” She grumbled at him.

Jim tried another button on the ray gun but it was no use.

“I know – i’m trying to fix it but, I think it needs a rest before I can use it again.” He said with a frown.

He set it down on the coffee table.

“Fine, I need a rest too and since you’re the reason why I need to rest, you can make it up to me by tending to my aching feet and... other things...” She informed him with a husky voice.

He watched her as she stumbled back toward the couch topless and stopped to bend over and pull down her soiled pants and panties, mooning him with her wide dimpled ass.

“Uh... okay... I guess.” He said, feeling less enthused to kiss Ellen’s feet to lick her womanhood now that she was so much older than he was.

Jim obviously didn’t mind having affairs with older women – he had had one with Ellen’s mom Kim back in college, but Ellen was actually older than him now than Kim was back then and she was looking very matronly to him. It felt almost like hooking up with his mother.

“Oof – I thought I ached before when I was 40. My back is so stiff.” She groaned as she flopped down onto the couch naked.

The young man took a step forward and sniffed something in the air again. Looking down at her discarded panties he could see yellow stains on them.

“Ellen... did you pee yourself?” He asked in surprise.

The older woman blushed but then quickly lifted her flabby leg up and pressed a veiny mature foot into his chest, pushing him down to sit at the other end of the couch from where she was laying.

“Never mind that... my poor achy feet need your attention. You stupid device gave me bunions and hammer toe. I want you to tend to them until you can

turn them into smooth young feet again with soft soles and cute toes – like I had back in college!” She said in a husky voice.

Jim looked down at his girlfriend’s veiny middle-aged feet. They certainly looked older than they had been this morning. Her toes were bunched and the skin was like a tanned lizard.

“Okay dear...” He nodded reluctantly as he took her foot in his hand and lifted it to his face, smelling her toes and then licking her calloused instep.

Ellen let out a soft moan and closed her eyes, fanning herself with one hand while the other squeezed at her sagging breast and then slid down to rub her dry menopausal pussy.

“God, I don’t know why i’m so horny...” She groaned as she continued to rub herself and writhe her jiggling middle-aged body on the couch.

Jim shook his head in equal confusion.

“I dunno, maybe it’s a byproduct of the age-ray or maybe it’s just something that happens to some women when they go through menopause.” He suggested.

She leaned up with a groan grabbing his shirt and tugging him down toward her crotch.

“I need you to do something about it!” She growled hoarsely.

As he approached his wife’s bushy vagina he noticed that more greys were sprinkling among her black pubes and her skin seemed to wrinkle further.

“AHHH OH GOD!” She cried as she began to orgasm in front of his face.

Jim looked up to see the hair of her head gray and her breasts slope further down her chest.

“Uh hun... I think you’re getting older...” He informed her with an apologetic look.

“I’m what!?” She gasped as she continued to pant and moan on the couch.

He smelled her vaginal juices squirt out from her aging pussy and drip down her wrinkling thigh as she groaned and slumped on the couch. Wrinkling his nose he watched as she seemed to piss herself again as she nodded off from age and exhaustion.

“Yoo-hoo, dears! We found some suitable clothes upstairs in your closet Ellen, I hope you don’t mind...” Kim called as the two younger middle-aged ladies came back downstairs.

Jim looked up from the sight of his sleeping, naked 60-year-old girlfriend to see the two attractive asian women enter the room in sets of Kim’s old work-out attire.

“Oh dear... did you make her older again?” Kim asked, sounding not particularly heart-broken about it.

“I didn’t do anything - it just sort of happened.” Jim said defensively.

Wei gave a sympathetic frown to her sleeping granddaughter who was now a good 10-years-older than the MILFy 50-year-old.

“She’s sound asleep. I can’t blame her, I remember how exhausting it was at that age.” She said, shaking her head.

Jim looked up at the two younger women. Kim’s C-cup breasts were snugly contained in the colorful sports bra, but Wei was more endowed than both her daughter and granddaughter and found her still-saggy D-Cups were threatening to pop out of her top.

“Do you ladies feel any different?” Jim asked them wondering if the effects of the age-ray had gone more wonky than he had even originally thought.

He looked down at their thick legs and womanly hips, then his eyes drifted to how tightly the crotch of the spandex shorts they were both wearing was against their privates. The contour of their labias and slits were very apparent thanks to the camel toe the athletic clothes were giving them.

“Oh I feel wonderful Jimmy! I haven’t felt this good in years.” Kim laughed, jumping up and down causing her own slightly saggy breasts to bounce in her tight top.

“Yes I have so much energy now. Thank you young man!” Wei nodded, as her eyes traveled down to the tent in Jim’s boxer shorts.

Kim reached out and grabbed Jim’s hand, pulling him out of the room.

“Why don’t you let your old lady rest up for a bit. Wei will take good care of her. I have to show you something upstairs...” The 40-year-old purred mischievously as she tugged the young man back upstairs.

As soon as they got to the bedroom, Kim peeled off the sports bra and twirled sexily in front of the bed before flopping backwards onto it.

“Do you know what i’m thinking about?” She asked with a seductive cougarish voice.

Jim was so distracted by her impressive tear-drop-shaped C-cups jiggling from her bare chest that he just shook his head, not able to think of an answer.

“I’m thinking about when I was this age the first time and you were my handsome young college student... only a little younger than you look right now...” She purred with a grin.

Jason’s erection grew as she reminded him.

“And after my last class of the day you could come into my office as I kicked off my heels and you’d kneel down in front of my chair and peel my stockings off my legs.” She described as she balanced one of her shapely legs on the knee of her other leg, bouncing her petite foot in front of the younger man’s face.

Jason nodded remembering. He was feeling incredibly horny as well and wondered if it was a side-effect of the age ray again or just how damn sexy Kim was when she was on the cusp of middle-age.

“You had- have the cutest feet...” He grinned as he knelt on the bed in front of her and sniffed her soft, lightly veined foot before licking it from heel to toe.

She inhaled deeply and let out a loud exhaling moan as she grinned at him. She reached up and began to pinch her brown nipples, hardening them as he worshipped her feet.

“And then what did you do?” She asked, already knowing the answer.

He grinned at her, his cock throbbing and pushing through the opening of his boxers.

“I’d reach up under your skirt and pull your panties down your legs and then take a long whiff of them.” He replied.

Kim nodded, rubbing her neck and feeling the erotic bliss of both the memory and Jim’s hands now running up her leg.

“Want to see what them smell like now?” She asked with a grin.

But Jim was already a step ahead of her. He rolled the spandex shorts down her legs and then reached back up to get her cum-stained panties down.

Once her had pulled them off from around her ankles, dripping some of her own vaginal juices onto her toes, he brought the panties up to his nose and mouth and inhaled sharply.

The musk of her mature womanhood was intoxicating and his tongue caught the tangy juices left behind. He tossed the panties aside once he was done with them and looked down at Kim’s mature pussy waiting for him.

“It’s been a while since i’ve been able to get this wet Jimmy.” She purred with the look of a sexy older woman about to have her way with a young man.

Jim wrapped his arms around her thighs and buried his face into her hairy pussy. His tongue began to lap at her slit, thrusting into her womanhood with every lick.

“AHH GOD, YESSSS OH JIMMY!” She moaned loudly.

Jim drank in her juices as he orally pleased the older woman. His hands gripped at her plump, dimpled ass cheeks that felt soft and doughy between his fingers.

“FUCK ME! AHHH THIS IS HEAVEN!” Kim moaned in ecstasy.

Jim was enjoying pleasing the MILF and it did take him back to his college days when Kim would seduce him in her office.

“AHH! AHH! OH GOD! YOU’RE MAKING ME CUM!” She cried happily.

But as she moaned and screamed in pleasure her voice began to shift from the low sultry voice of a 40-year-old woman to the higher pitched lilt of a younger girl.

“OH JIMMY! AHHH!” She squealed.

Jim also found that her ass appeared to be tightening and toning in his grip as it shrunk down to a petite bubble butt. Her thighs, like-wise were smoothing out and toning becoming more slender in his arms.

“OH BABY! OH THIS FEELS SO GOOD!” She cooed sounding like a college girl rather than a college professor.

Her slit also changed, tightening and drenching against his mouth. Even her taste shifted and became a bit sweeter like ripe fruit.

Jim heard girlish giggling coming from above him between the soft moans of pleasure and finally pulled his head up to see what was going on. His jaw

dropped at the sight of the gorgeous 20-year-old asian girl laying naked in front of him.

“Like what you see baby?” She asked, grinning sweetly at him.

Her tits were firm and perky, her small rosey nipples hard and pointing straight up to the ceiling. Her stomach was flat and toned, her waist thin and trim.

Even her bush was now a neat black triangle as opposed to the more wild bush she had in her 40s. Kim was a far cry from the retired woman who had arrived at the house earlier that day.

She was younger than Jim had ever seen her – she was probably about how old she would have been when he was born! Younger than she had even been when she had had Ellen!

A soft sexy young foot lifted up and pushed Jim’s lower jaw closed as he had been kneeling in front of the naked girl just gaping his with mouth open at her.

Kim giggled as she looked down at her young body.

“Oh my god! This is so fucking brilliant! I look like i’m back in college now!” She said jumping up with new youthful energy.

Kim wrapped her dainty hands and arms around Jim’s head and chest, caressing him with her soft palms as she pulled him into a passionate kiss.

“I’m not going to lie – I always used to fantasize about this – back when we would have our little sessions back in my office at the university.” She admitted.

Jim found it very interesting that she even sounded younger now – she was talking in a way and using words and phrases that her older self never would have.

“You fantasized about being young again?” Jim asked curiously as she gently kissed his neck with her pouty lips.

She gave a soft erotic ‘uh huh’ as she kissed her way down his muscular chest down to his hard dick.

“Not just that... I would daydream that i’d switch ages with one of the girls in your class so that I’d be the same age as you and then the two of us would just fuck and fuck and fuck with all of our youthful energy.” She purred with a giggle.

She pulled down his boxers from his legs and gasped excitedly at the sight of his hard member. It took her no time at all to begin licking and sucking on it voraciously as Jim stroked her silky black hair.

It didn’t take long for Jim to cum in the sexy young woman’s mouth. Kim gobbled it up happily and gave him a big grin with her young fresh face as she wiped some of the semen from the corner of her gorgeous pouty lips.

“Now I think it’s time for you to show me how much you like my new younger body by giving me a little sucky... starting with my cute little bottom...” She said as she turned around and wiggled her tight round ass at him.

Jim immediately became hard again. He was amazed at how quickly he recovered now that he was back in his 20s – in his 40s it would have taken hours to get an erection after that blow job he had just received.

He playfully slapped Kim’s wiggling ass causing the pretty girl to squeal and giggle and then he tossed her face first down onto the bed – they could play a bit rougher now that they were both young adults and didn’t have to worry about pulling muscles or brittle bones.

Jim grabbed and squeezed her tiny but firm ass cheeks tightly as Kim held her breath anticipating what he was about to do next. The young man leaned down and ran his tongue up the crack of her bum tasting the salty sweat of her young body as she gasped out a moan of pleasure.

He flipped the pretty girl who had earlier that day been his frumpy mother-in-law and grabbed ahold of her perky c-cup breasts. Her nipples were hard as he wrapped his mouth around her left tit and circled the pink nipple with his tongue. Kim continued to moan and squeal like a sex-crazed college coed as the handsome man sucked on her titties.

“Can you believe that these are the same teets that Ellen used to breastfeed out of 40-years ago?” Kim gasped with a grin.

Jim just grunted and moved on to her right boob, sucking and licking the soft bouncy orb happily.

“I hardly recognize them - they had gotten so sad and saggy.” Kim mused as she pushed down her left breast to see if she could make it resemble how it had looked when she was in her 60s.

“I like them like this.” Jim said as he pressed his cheeks into her taut cleavage.

The young naked woman played with the young naked man’s hair as he motorboated her.

“I know what else you like... Remember all those nights in my office when you would insist on taking my panty hoes off and kissing my veiny feet?” Kim asked with a giggle.

She brought her slender leg up and pressed her toes against his muscular chest, gently pushing him back away from her breasts with her foot.

Jason looked down at the cute size 6 foot pressed against his chest. Kim wiggled her dainty toes at him playfully.

“They aren’t so old and veiny any more are they?” She asked with a giggle.

Jim took ahold of her slender ankle and lifted the adorable foot up to his mouth, wrapping his lips around her delicate toes and sucking one them one by one, tasting the sweat of her foot and smelling the sweet scent of her young feet.

Kim writhed on top of the sheets grabbing one of her perky breasts with one hand and rubbing her slit with the other as she felt Jim's tongue run across her dainty toes.

"Awww that feels sooooo good Jimmy!" She cooed as she arched her back on the bed.

She brought her other foot up and began to rub her soft young sole across the shaft of Jim's member. It stiffened further under the caress of her toes.

"Do you like my young feet?" She asked with an erotic gasp.

Jim nodded as he continued to lick and suck on her toes.

"Well let's see how you like this..." She purred.

Kim pulled her foot out from his mouth and slid it down his chin and then his chest until it met her other foot at Jim's crotch. The college-aged girl then positioned both feet so that her silky soft arches were cupping either side of his dick.

The young woman continued to rub her own pussy as she slid her feet up and down Jim's shaft giving him an incredible foot job. She moved one foot up around the head of his penis, stimulating it with her toes.

A drop of pre-cum dripped across her toenails. She slide the foot back down and continued to work his cock with her soles and toes.

"See there are a lot of perks to me being this age and no longer old enough to be your mother..." She said with a giggle as she scrunched her dainty toes around his dick.

Jim was getting close to cumming again and Kim could see that. She wanted him to do it inside of her. She moved her feet off away from his cock and gestured for him to come down to her.

“I want you inside me Jimmy. I want you to feel how young and wet my pussy is now...” She whispered erotically.

Jim didn't need any more prompting. He was eager to fuck the young Kim as well. He climbed onto her slender young body and quickly slipped his cock into her awaiting slit.

She moaned loudly in celebration and wrapped her petite limbs around him as he began to pump into her.

“Oh Jim! This is a dream come true! Thanks to your device this can just be our lives now!” She cooed between moans of pleasure.

He brushed some of her dark hair from her pretty face and kissed her on her neck as he thrust deeply into her pussy.

“No more arthritis and back pain, no worrying about gray hairs or saggy tits. Just the two of us, young and sexy and horny for one another for the rest of our lives...” She whispered seductively in his ear.

“And Ellen...” He reminded her.

“What? Oh, yes... of course... we can figure out how to get her back to her normal age and she can be my attractive aunt that you go to when you want to play out your cougar fantasies...” She replied dismissively.

Jim stopped mid thrust and raised an eyebrow at the sexy young woman beneath him.

“Fine! We can make her young like me and you can have hot twin sisters as your lovers...” She said begrudgingly with a sigh.

Jim nodded happily as he proceeded to fuck Kim and make her moan loudly in orgasmic pleasure.
