BLOOMCAP ITEM 5 INVESTED MAGICAL Price 140 gp Usage worn headwear; Bulk L The humble mushroom can be a powerful ally if used in the right proportions. This hat is crafted from the oversized head of a bloomcap mushroom. These fungi are known to grow deep in boggy jungles where their root systems can stretch on for miles, warning them of intruders who might be approaching. So adept are they at detecting approaching threats, that someone saw fit to magically preserve and enchant one for their own purposes. Activate 10 minutes, envision; Frequency Once per day; Effect You place the cap on soil, stone, or another suitable ground surface as determined by the GM. For the next 10 minutes, roots grow outward underground in a 120-foot emanation from where the cap was placed and remain for 10 hours. While the roots remain, you can dawn the cap and see a visual representation of the roots around the area. You gain an imprecise sense of the roots and can detect creatures that move through or on the ground above the roots. You get a general sense of their size and numbers, but no further details about them. Creatures that move across the roots can attempt a DC 19 Stealth check, remaining hidden on a success, but becoming observed on a failure. AB	 BLOOMCAP AB
