

"Pew! finally finished packing my things!" said LinLin proud of herself. LinLin is a 20-year-old, 145cm tall girl who trains hard with her trusty sword. Today she decided to do some tidying up in her house located on the edge of a forest where she is not disturbed.

LinLin is a shy girl but very loyal to her doctrine of helping as many people as possible! She does not hesitate to kill to protect someone even if she avoids as much as possible and prefers to leave it to justice to do her job!

Although dynamic, the young girl has always had problems with the help she provides! Sometimes she helps people in the face of an attack by bandits and she is often the one who gets into trouble because of the murders she has committed. Even so often it wasn't her fault, she sucks when it comes to measuring the damage.

Sometimes the fate is hounding her or lightning strikes her wooden house several times and she is forced to rebuild by the strength of her arms! LinLin hasn't had her parents since she was little. Her grandfather has always taken care of her but he has been dead for a while and LinLin has always been traumatized by his death although she never talks about it!

Let's go back to when she cleans her house to understand her biggest misfortune of her life and what will change her destiny! LinLin has just finished cleaning and comes across a dusty trunk that was hidden behind a pile of things she never had the courage to remove. Very funny for a girl whose misfortunes in the world have passed on her house, the place has remained unchanged!

"Wow! that must have been some kind of treasure from my grandfather?! how come I never touched that place?" says linlin who wonders.

Linlin opens the trunk not without difficulty because very old and dusty, the poor thing only sneezed! "Damn...I should have cleaned house a long time ago!" says linlin with a red nose!

Linlin searches the trunk and finds nothing that catches his eye except for a few unreadable manuscripts and a rotten book.

Linlin continues to clean the trunk when suddenly she comes across a beautiful Jade Jewel! Linlin's eyes light up and says "Hooo! Beautiful stone! Why didn't my grandfather ever tell me about it?" says linlin who wonders.

Linlin happily observes the jewel carefully "Beautiful! I'm going to keep it! It will make a nice memory! hehe~" says Linlin

When suddenly she hears a voice in her head. "You're having fun, young lady, aren't you? That gem is beautiful, isn't it?" Linlin doesn't understand where the voice is coming from and looks around to figure out who it might be "Mmmh...curious? I hear voices now..."

The jewel that was in Linlin's hand lights up which surprises her! "Huh? ha!" Linlin said dropping the jewels on the ground. a huge smoke appears and a demonic figure appears to be able to talk to him!

"Wow, who knew I could regain consciousness after all these years. I should be thanking you I think little girl." Linlin is surprised and then furious at being called a kid.

"B-But! don't say I'm a kid! and who are you first? some kind of spirit?" you were in that stone?...how come?" linlin said trying to ask the spirit questions.

The spirit sighs then replies "Sigh...do I need to tell you about my life? I am a superior succubus. And contrary to what you believe, I do not spend my time draining life energy. men. I tried as much as possible to avoid humans or try to live with them. But obviously I was betrayed and imprisoned in this jewel..."

Linlin roughly understands what is happening and says "Mmmh I see I see...it's unfortunate that you were betrayed..." Linlin says who is taken with compassion. the spirit laughs and adds "Hahaha! Who would have thought that a child would be compassionate? My little one, I don't need compassion, I need a body to live in until I find my true body again. "

and the succubus adds "And yours, although it looks weak, will help me survive for a while, will you?" Linlin is shocked and says "W-What?! I want to help but no way you're using my body!" Linlin said, blushing with shame.

The succubus gets insistent and says "I don't think you understood. I don't need your permission, I'm just going to take possession~"

The succubus gets insistent and says "I don't think you understood. I don't need your permission, I'm just going to take possession~"

linlin didn't have time to react as the spirit seeped into linlin's body "Guh...! stop! stop!" said linlin convulsing with pain and rolling on the floor!

Linlin continues to convulse, she feels the energy of the succubus invade her and a tattoo appears on her belly! "Guuuh!" said linlin sighing with pain!

The pain finally fades and Linlin looks at the tattoo that has appeared on his belly "Gah! What the hell is that?! Damn spirit..." Linlin says when suddenly the spirit finally speaks to him.

"Ho, it's just my brand, you'll get used to it, don't worry. It's quite comfortable at home!" said the spirit jokingly!

Linlin red with anger said to him "Guuuh...get out of my body right away you idiot! that's not how I

wanted to help!" the spirit is amused by his anger and says " Hahaha! you make me laugh you! I'm not evil either I can help you with my powers and in exchange I just want some energy! I said at the beginning that I didn't spend my time draining men's energy because I was overpowered! But with this fragile body it's going to be a question of survival, sorry."

linlin doesn't understand what she means and says "how does it drain energy? I don't understand..." the succubus laughs and says "fufu~ we'll have to drain as much sperm as possible! like all succubus! you never learned that or what?" wonders the succubus.

Linlin red with shame said "N-n-not possible! Impossible! I'm not that kind of girl! and I don't know how to do it..." Linlin said ashamed.

The spirit is amused and says "don't worry! I'll show you! Besides, I want to walk again on this world with my true form, can you?" said the succubus. Linlin doesn't understand and asks "what do you mean? by remar-Guuuh?!" linlin is suddenly interrupted by a pain coming from the depths of his being!

Linlin notices the tattoo light up and says "What's going on..." Suddenly Linlin convulses in pain again! "Guuuh...! not yet!" Linlin said in pain.

The succubus gets insistent and says "I don't think you understood. I don't need your permission, I'm just going to take possession~"

his being!

Linlin notices the tattoo light up and says "What's going on..." Suddenly Linlin convulses in pain again! "Guuuh...! not yet!" Linlin said in pain.

Linlin's body begins to grow and become more and more muscular! the clothes on her body are starting to tear, her white tights are tearing all along her increasingly muscular legs!

"Guuuh! my body! what's going on?!" wonders linlin! the succubus replies "Ho, I'm going back to my original form, don't worry it's a little painful but I'll be gentle~" the succubus says and linlin sees her hands become more muscular and scaly tearing her gloves! "Huuu...no..." Linlin said with tears in his eyes.

Linlin continues to grow and swell, his legs become more and more muscular causing Linlin to fall on his buttocks, "Ouch! what bad luck..." Linlin continues to sigh. her feet are starting to stretch and big claws are tearing the front of her pantyhose! "Hiii! my feet..."

Linlin is shocked by the transformation of his body! his feet continue to elongate, the big toes begin to break off to reshape and go sideways "Guuuh!" said linlin in pain

Linlin's hair grows and turns red. linlin convulses again on the floor! her breasts end up pushing and ripping open the front of her outfit releasing huge breasts! "Not possible! Noooo!" said linlin seeing big breasts that she would never normally have!

Several small breasts appear below linlin manages to get back on all fours and says "you'll pay me stupid mind...!" said linlin when suddenly a bump appeared on his shorts and ended up exploding the rest of his panties and clothes "Guuuuuh!" Linlin said in surprise.

horns grow on his head and two new arms eventually come out on the side of his body "Gaaaah! stooooop!" Linlin said in pain. His back widens and becomes more and more muscular then a pair of dragon wings manages to come out of his back releasing huge demonic wings!

Linlin holds her face while undergoing her transformation "Guuuh! n-nooo! heeeelp!" said linlin seeing the last remnants of his humanity fly away and be replaced by the spirit of the succubus!

The succubus gets up triumphant and says "Haaa~ it feels good to move again! feel the air flowing through my nostrils! what joys!" linlin manages to communicate to the succubus by thought.

"Huuu...my body...give it back to me!" says linlin, begging the succubus to give it back! the succubus, annoyed by this kid, replies dryly, "Don't worry about it! I can't stay in this form for very long! Let me enjoy it a bit!"

The succubus comes out of linlin's house and smells the smell of men "Mmmh~ I recognize this smell! I will finally be able to harvest vital energy! can you?~"

Linlin disagrees and says "N-no! Please don't give me a bad name! People don't like me too much right now..."

The succubus laughs and says "Hahaha! That kid is funny! Don't worry...I'll be very sweet~"

said the succubus licking her chops... END
