Part 1

Alexia was alone in the dormitory excited to have a little alone time and a little privacy to pleasure herself. She laid in the bed under her sheet with her laptop next to her face and a porn video she had picked out playing in front of her. She turned to lay on her stomach under the sheet with her hand under her stomach, rubbing her pussy as the video played.

As she grew close to climaxing she suddenly heard the door knob turning and the door begin to open. Alexia panicked and quickly slammed her laptop shut and rolled back over onto her back, pulling the sheet up to her neck as she turned to the door sheepishly and saw her roommate Tim standing there looking surprised and apologetic.

"Tim!?" She yelped. Her face turned deep red with embarrassment. "W..what are you doing here? I thought you were going to be at the student mixer all night!"

Tim shook his head. "I um, had a couple drinks and then I decided to come back to see if you wanted to hang out... I'm so sorry... If I had known you were having some um... alone time, I would have totally knocked first!" He insisted, hoping that his erection wasn't obviously showing. He had been drinking with some other friends and gathered up the courage to finally tell Alexia how he felt about her.

Alexia's pouty lips trembled in horror and her eyes widened realizing that he had clearly caught her. She attempted to pretend that under the sheet she wasn't naked with her left hand wasn't wedged between her slick thighs. *"Oh, n-no, Tim! I..I was just.."* She stuttered, her face burning with embarrassment. *"...sleeping...yeah, sleeping!"* She insisted, gripping the sheet tightly to cover her young naked body. Her hands trembled as she tried to hide the evidence of her attempted masturbation.

Something about how embarrassed Alexia was and how she was obviously naked under her covers just turned Tim on more. The buzz he had was driving him to be bolder. His initial concern over walking in on the girl gave way to a devilish playfulness as he could see that this was clearly making her squirm. He felt compelled to push it further.

"It's cool Alexia... I mean, everyone does it. But maybe... could I watch?" He asked trying not to grin too eagerly. The idea of watching his hot college roommate diddle herself in bed was the subject of many of his own masturbating sessions over this past semester.

"Watch!?... You can't just...WATCH... me sleep..." She squeaked with a nervous laugh, her voice getting higher in pitch as she protested too much, her heart racing with mortification.

Tim smirked at her knowing exactly what was going on as she moved closer to the college girl's bed. He spoke in the deep soothing voice that had turned Alexia on since they first met and became friends freshman year. *"Seriously, don't be embarrassed, Lexi... you're really beautiful, you know that?"* He said with a tipsy smile and Alexia involuntarily let out a small moan.

The college girl was frozen in place, her eyes fixed on Tim's as he spoke to her in that sexy tone. *"O-oh..."* Her voice was barely more than a sheepish mumble, her cheeks flushing even more. *"...Y-you shouldn't say stuff like that..."* She tried to protest but her words were betrayed by the fact that she had secretly wanted to hear him say this to her for over a year now. Her body betrayed her feelings as she began to shiver and blush. *"...I-I mean, we're roommates... and, and - friends!"* Alexia tried to argue but she was already getting lost in his eyes, her pupils dilating at the thought of what it would be like to have Tim hold her intimately and have their bodies pressed together. *"It... wouldn't... work..."* She whispered weakly, not even believing what she was saying as she spoke the words. The two young roommates continued to stare into each others eyes as Alexia's breath catches in her throat and her nipples hardening beneath the sheet.

Tim walked over and sat at the end of her bed where Alexia's bare feet were sticking out from under the covers. He reached over and began gently brushing his fingers across her soft pink exposed soles. *"What wouldn't work? Sure we're*

roommates... but roommates can have crushes on one another right? It's not like there's a huge age difference between us. I mean, we're basically the same age right? How old are you?" He asked, already knowing the answer.

Alexia giggles and gasps, her body tensing up reflexively as she feels the sensation of Tim's fingers gliding across the bottoms of her sensitive feet. Shivers ran up her legs. "Ah..." She moaned softly, her eyes fluttering closed as she rode the sensation. "I-I'm 19.. A year younger than you..." She stammer and squirmed under the sheets, her voice was trembling as she tried to focus on the conversation, but being distracted by the exciting intimate sensation of her roommates hands touching her feet "And, yes, *roommates can have crushes...*" She admits, her face burning with desire as she feels my heart thumping like a rabbit's. "But..." She still struggles to continue denying the inevitable, her back arching slightly as Tim continued to caress her feet playfully, her toes curling in response. "I don't know if we sh..." She trailed off into another soft sigh of pleasure as Tim slid his hands from the bridge of her foot up her bare calf. Alexia closed her eyes losing herself in the tingly sensations.

Tim smiled, clearly pleased that he was eliciting such a reaction from the shy, pretty girl. "How about this - I'll make a bet with you. I bet that I can make you cum in the next 5 minutes. If I can, then you and I become boyfriend and girlfriend and you let me watch you masturbate. If I can't then I'll leave you alone for the weekend and never bring this up again. Deal?"

Alexia blinked in shock at the proposal. Her mind racing with the implications "W-what?" She stuttered with a gulp. Her eyes darting from Tim's back to her sheet-covered body as she tried to process the terms of the bet. "You want... to be boyfriend and girlfriend?" She asked in surprise, thinking that she had been the only one that had contemplated their friendship blossoming into a romance.

Tim nodded and held out his hand to shake on the bet.

"You're going to try and make me cum?" Alexia asked nervously. She had been with a couple boys between high school and college but none had been particularly interested in doing anything except getting themselves off. Tim smirked and nodded again continuing to hold his hand out for her to shake on the deal. "How?" She asked for both logistical and indulgent reasons.

"Shake my hand and find out." Tim responded with a laugh and a grin.

Alexia bit her pouty lip and reached her hand out with trepidation. Her heart was pounding and her slender fingers trembled slightly. As she sat up to reach his hand the sheet slipped down her chest flashing him her perky c-cups and revealing how hard her rosy nipples were.

"Eep!" She squealed, quickly recoiling her hand to pull up the sheet and cover her boobs as she pulled her other hand up out from under the covers and used that to shake Tim's. *"Okay... deal."* She declared, shaking his hand with her left hand, not realizing that it was wet and sticky from her juices. Alexia blushed again and quickly wiped her hand off on the sheet but noticed that Tim didn't flinch.

"Deal." He repeated with a grin.

For several moments the two college kids just stared at each other in nervous excitement.

"So... what now?" Alexia asked softly, biting the corner of her lip in anticipation.

"Now, just lay back and let me work my magic..." Tim declared, liquid courage coursing through him. He had, in fact, never made a girl cum before but was positive he was going to make this work - he had to! This was his one shot with Alexia. This kind of stuff always worked in the movies!

He lifted her slender leg up until her dainty foot was dangling in front of his face and began to suck on her toes.

Alexia moaned and then opened her eyes and blurted out: *"Wait!"*

Tim froze with her toes stuffed between his lips. Alexia giggled and pulled her sexy leg back briefly.

"I need to time you right?... I have just the thing!" She insisted, turning to fumble with some of the objects in her bedside drawer. She pulled out a very ornate hourglass with naked figures holding up the sand-filled glass. Alexia was an anthropology major and loved collecting various sex objects from ancient

cultures. *"You just have to make me cum before the sand reaches their knees."* She explained with a satisfied smile and extended her leg out to present her toes back to Tim as she turned the hour glass over and began the timer.

Tim laughed and resumed sucking on her dainty toes as his hand slid up her leg and began caressing her inner thigh, his fingers sliding closer to her exposed wet pussy.

Alexia gasped and her body arched in arousal as Tim's mouth closed around my toes, sending shivers up her legs. *"Ahh..."* She moaned softly. Her eyes fluttered closed as she rode the sensations washing over her and tried to will herself into orgasming as quickly as possible.

Tim's fingers slid closer to her pussy and she shivered with excitement, her body tensing in anticipation. *"O-oh."* She moaned softly, her eyes shutting as she released a series of staccato breaths. Tim's fingers found their way between the folds of her labia and he began to rub her pussy.

Alexia let out a louder moan as she could feel Tim's fingers stroking her vaginal folds. His touch sent shockwaves of pleasure through her body but his inexperience also caused him to tickle her at points and delayed her from achieving climax. She bit her lip and pulled her toes from his mouth, affectionately rubbing his cheek with her foot before resting her ankle on his shoulder and attempting to help him win his bet but fondling her own tits.

She glanced over to the hourglass and was alarmed to see that the sand was already up to the figures knees. They had likely been going at it for at least six minutes now. She wasn't about to let Tim lose. She realized that she desperately wanted to be his girlfriend and she wanted to boost him up so that maybe he'd do this with her often throughout the rest of the school year.

"OOOOH GOD, TIM! I'M CUMMING!!!" She blurted out as she began to fake an orgasm. She closed her eyes and missed that her ancient hourglass glowed red for a moment.

Tim began vigorously fingering her and haphazardly stroking her clit with his thumb as Alexia moaned louder and began to shake and tremble her naked body to simulate climaxing. Her vaginal muscles contracting around his fingers once

more and then releasing as she slipped off of them. Finally she flopped down onto the bed and caught her breath, smiling at him with flushed cheeks.

"Oh Tim, that was amazing!" She said, only partially fibbing.

"So... did I win the bet?" Tim asked, feeling pretty confident that he did.

Alexia looked over at the increasingly full hourglass and quickly shoved it back into her drawer.

"Yes!" She declared, fully fibbing. She took a couple deep breaths and smiled at him. *"I... I couldn't last five minutes. You were so good!"* She added, hoping both that he would continue this practice and that his techniques would improve with encouragement.

"Nice!" Tim grinned, affectionately rubbing Alexia's bare leg again.

Alexia bit her lip and sat up, tucking her legs under herself for a moment. Looking at the college boy with intense curiosity. *"So... the terms of the bet..."* She began, looking at him deep in his eyes. *"Did you mean what you offered? Do you really want to be my boyfriend?"* She asked hopefully, her heart racing with excitement and trepidation.

"Do you want to be my girlfriend?" He asked, moving to put his hand around her exposed back and waist.

Alexia shivered again, nervously running her upper teeth over her pouty bottom lip as she melted into his embrace. She leaned into him with her naked body feeling his warm chest against hers. She looked up at him and smiled, vulnerably. *"I... I think I do."* She said softly, a hint of a smile tugging at her lips.

"Then let's do it! Let's be boyfriend and girlfriend!" Tim said excitedly as he stroked her light brown hair.

They moved into one another and began to make out on the bed. A spark of electricity runs through their bodies as their arms wrap around one another and their tongues swirl together in their mouths. Alexia lets out several satisfied

'mmm's happy that she had put her thumb on the scale of their bet and gotten the result that they had both secretly wanted.

As they pulled apart from their make-out session, Alexia couldn't help but notice that Tim was grinning.

"What are you so smiley about?" She asked with a giggle.

He smirked coyly at her, stroking her thighs with his hand casually.

"I was just thinking about that other part of the bet..." He reminded her, with a knowing look.

Alexia froze, having forgotten the part of the bet where she had agreed to let Tim watch her masturbate. A fresh wave of embarrassment and arousal washed over her. She could feel her cheeks burning as she shyly responded. *"Oh right... that other part..."* She stalled for a moment, her fingers fidgeting with the edge of the sheet. *"I suppose that was part of the deal..."* Alexia finally said, avoiding eye contact with Tim. She slowly lifted her eyes to meet his, steeling herself for embarrassment.

She bravely flipped the sheet away, giving her new boyfriend a full view of her naked body. Alexia giggled nervously as she gestured for him to sit in the chair next to her bed so that she could get comfortable. Tim eyed her eagerly as he kissed her lips and then jumped off the bed and into the chair, dropping his pants so that he could get off alongside her.

The pretty brunette slinked her way down into the bed, trying to ignore the fact that she had an audience now. She cupped her perky breasts in her hands and began to fondle them in circular motions letting out a soft moan as she began getting herself off for real.

Her left hand released her boob and slid down to her crotch where her fingers began to drift over her slick pussy lips, tracing feather-light circles around her clit. She bit her lip and spasmed in the bed, letting out a soft whimper in the bed and looking over to Tim who seemed to be really enjoying the show. Somehow the knowledge that Tim was watching her and getting really worked up by it

heightened Alexia's arousal to her surprise. She could feel an orgasm quickly building inside of her as she continued to gyrate in the bed finding a good rhythm for her ministrations.

The hourglass totem in her drawer began to glow again out of sight with the number 19 seared in red along the base. Sand began to fill in the bottom vessel rising quickly as the aroused moans of Alexia cumming on the bed echoed through the room. Soon the sand had finished passing from the top to the bottom and the red 19 on the base changed to a 24 as if the wood had been sanded clean and re-seared with a new number. The hourglass rotated upside down on it's own in the drawer and began to fill up once again.

On the bed, no sooner had 19-year-old Alexia finished cumming on the bed that she suddenly found herself now 5 years older and laying back on the bed to masturbate as if for the very first time. The now 24-year-old shook her head with slight deja-vu as she looked over at her hornball college boyfriend sitting in the chair with dropped trow eager to watch her diddle herself.

Alexia had graduated college a couple years ago but here she was back in her boyfriends college dorm trying to please him. 'This is what I get for dating a guy four years younger than me'. She thought as she cupped her slightly larger breasts in her hands and began to sensually fondle them.

The sands of the hourglass continued to fall...
