The Growth Lab Comic Series!

First of all, I need to thank you.

Thank you for checking out this comic and thank you for your support in ANY form. I would not be here today without my amazing friends and fans. I'm releasing these issues in the highest resolution format I have as a nod to all my longtime supporters who've helped and encouraged me. I feel it's important to give back to the community.

If you are enjoying this comic and not already a supporter of mine, [check it out and see what you think](#). **PERHAPS consider supporting my continued efforts to create art and animation for the community**. I have a several membership sites where I make movies and comics, as well as stores and of course a FREE main site if you want to check out my latest!

Your support and encouragement make this possible!

As I write this my membership sites have over TEN hours of transformation movies waiting for any new supporter. I don't gate any of my animation work so you get it all. I still do comics and one-off drawings too. Check out my [deviantArt](#), my [main site](#) and [my Patreon](#) or [Itch.io](#) if you want to see what I've been up to. Additionally, my [Discord](#) has tons of free art and ALL my public movies!

Thank you so much for your support of the Growth Lab Universe over the last twenty years! Here's to twenty more!

Content Warning

It's likely obvious already but this comic is intended for adults over the age of 18 (or the age of consent in the jurisdiction from which this is being accessed). If you're reading or accessing this comic then the understanding is you are aware of and OK with the contents.

First off – something to be aware of in the Growth Lab Universe

No one is ever harmed or hurt “in-universe”! The growth effectively renders people immune to things like confined spaces, vacuum and other dire situations. Additionally, people are always able to reset their bodies after growth. It's all part of the universe lore!

The kinds of transformation and things to expect in this comic:

- Breast Expansion Art (BE)
- Giantess Art (GTS)
- Female Muscle Growth (FMG)
- Body Horror/ Monster Transformations
- Male Muscle Growth
- Male Penis Growth
- Scenes of a sexual nature
- *There's more but those are the main ones*
- All characters depicted are adults age 18+

Mostly, if you are reading, enjoy the work! I realize this is a small community but I appreciate your support and do my best to give back!
